CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. Sec. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning the locating of respondents for the National Evaluation of Youth Corps. The National Evaluation of Youth Corps is a study to determine the impact of participation in youth corps on members' educational attainment, employment and earnings, workplace and life skills, and avoidance of risk behaviors. The National Evaluation of Youth Corps is based on the hypothesis that participation in youth corps may lead to measurable outcomes for participants. The study uses an experimental design to assess program impacts on program participants. Many of the youth corps programs receive all or part of their funding from the Corporation.

Copies of the information collection requests can be obtained by contacting the office listed in the address section of this notice.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by September 20, 2010.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) *By mail sent to:* Corporation for National and Community Service, Attention: Lillian Dote, Program Officer, Office of Research and Policy Development, Curtis Center, 601 Walnut Street, Suite 876E, Philadelphia, PA, 19106.

SUPPLEMENTARY INFORMATION:

The Corporation is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are expected to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submissions of responses).

Background

The Corporation is interested in learning about the effects of national service on participants. This study uses an experimental design to assess the outcomes associated with participation in national service. The proposed locating effort will be completed by sample members only, including former corps members and their counterparts in the comparison group.

In an effort to reduce the burden on sample members during this locating effort, the Corporation is simplifying the information collection. A large number of employment, education, civic engagement, and risk behavior questions will be eliminated or simplified, thereby resulting in a reduction in the prior

burden estimate. In addition, the Corporation has reduced the sample from 2,267 to 2,043. Study participants who did not respond to the baseline and 18-month follow-up survey have been removed from the sample.

DEPARTMENT OF ENERGY

Notice of Intent To Prepare an Environmental Impact Statement for the Recapitalization of Infrastructure Supporting Naval Spent Nuclear Fuel Handling and Examination at the Idaho National Laboratory

AGENCY: Department of Energy.

ACTION: Notice of Intent to Prepare an Environmental Impact Statement; Notice of Public Meetings.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality regulations for implementing the procedural provisions of NEPA (40 CFR part 1500-1508), and the Department of Energy (DOE) implementing procedures (10 CFR part 1021), the DOE Naval Nuclear Propulsion Program (NNPP) announces its intent to prepare an Environmental

Impact Statement (EIS) for the Recapitalization of Naval Spent Nuclear Fuel Handling and Examination Facilities at the Idaho National Laboratory (INL). The NNPP intends to prepare an EIS for the recapitalization of infrastructure at the Expended Core Facility (ECF) at the INL in Idaho. This action supports the receipt, handling, examination, and packaging of naval spent nuclear fuel removed from nuclear-powered aircraft carriers and submarines, as well as from land-based prototype reactors, and the examination of other irradiated materials.

Infrastructure recapitalization (e.g., new or improved facilities and equipment) is needed to ensure continued naval nuclear-powered operations and missions for at least the next 40 years. In addition, the recapitalized infrastructure will support the Navy's commitments, as identified in the 1995 Idaho Settlement Agreement (amended in June 2008), among the State of Idaho, the DOE, and the Navy. Three public scoping meetings will be held.

DATES: NNPP invites interested parties to comment on the proposed scope of the EIS. NNPP will consider all comments received by September 3, 2010, and to the extent practical comments received after that date, in the preparation of the EIS.

The public meetings will address the scope of the planned EIS. For dates, times, and locations of public scoping meetings, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: Written comments on the scope of the EIS may be submitted by mailing to: Mr. Gregory F. Holden (08U-Naval Reactors), Naval Sea Systems Command, 1240 Isaac Hull Avenue, SE., Stop 8036, Washington Navy Yard, DC 20376-8036.

Comments provided by E-Mail should be submitted to ecfrecapitalization@unnpp.gov and comments provided via phone should be made by calling 1-866-369-4802.

FOR FURTHER INFORMATION CONTACT: For further information about this project, contact Mr. Gregory F. Holden, as described above.

SUPPLEMENTARY INFORMATION: The NNPP is responsible for all aspects of U.S. Navy nuclear power and propulsion. These responsibilities include design, maintenance, and safe operation of nuclear propulsion systems throughout their operational life cycles. A crucial component of this mission, naval spent nuclear fuel handling, occurs at the end of a nuclear propulsion system's useful life. Once a naval nuclear core is depleted, the NNPP is responsible for removal of the spent nuclear fuel
