

or concurrently with the confirmation of a transaction; and (f) trading information.

(4) The Funds will be in compliance with Rule 10A-3 under the Act.

(5) The Funds will not invest in non-U.S. equity securities outside of U.S. markets. This approval order is based on the Exchange's representations.

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange.

III. Accelerated Approval

The Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²⁰ for approving the proposal prior to the thirtieth day after the date of publication of the Notice in the **Federal Register**. The Commission notes that it has approved the listing and trading on the Exchange of shares of other actively managed exchange-traded funds based on a portfolio of securities, the characteristics of which are similar to those to be invested by the Fund.²¹ The Commission also notes that it has not received any comments regarding this proposal, nor did it receive any comments on a previously filed proposed rule change relating to the Fund.²² The Commission believes that the proposal to list and trade the Shares of the Fund do not raise any novel regulatory issues and accelerating approval of this proposal should benefit investors by creating, without undue delay, additional competition in the market for Managed Fund Shares.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²³ that the proposed rule change (SR-NYSEArca-2010-57), be, and it hereby is, approved on an accelerated basis.

Title: Air Carrier's Claim for Subsidy.

OMB Control Number: 2106-0044.

Type of Request: Renewal of a currently approved information collection.

Abstract: In accordance with 14 CFR 271 of its Aviation Economic Regulations, the Department provides subsidy to air carriers for providing essential air service in small rural communities. Funding is paid to air carriers monthly and those payments will vary according to the actual amount of service performed during the month. The report of subsidized air carriers of essential air service performed on the Department's Form 398 "Air Carrier's Claim for Subsidy," establishes the fundamental basis for paying these air carriers on a timely basis. Typically, subsidized air carriers are small businesses and operate only aircraft of limited size over a limited geographical area. The collection permits subsidized

air carriers to submit their monthly claims in a concise, orderly, easy-to-process form, without having to devise their own means of submitting support for these claims.

Affected Public: Small air carriers selected by the Department in docketed cases to provide subsidized essential air service.

Estimated Number of Respondents: 24.

Estimated Number of Responses: 1,560.

Annual Estimated Total Annual Burden Hours: 5,413.

Frequency of Collection: Monthly.

ADDRESSES: Send comments regarding the burden estimate, including suggestions for reducing the burden, to the Office of Management and Budget, *Attention:* Desk Officer for the Office of the Secretary of Transportation, 725 17th Street, NW., Washington, DC 20503.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1:48.
