

770) (the Act). This notice is provided consistent with the Act.

DATES: Tuesday, August 10, 2010, 9 a.m.–12 p.m.

ADDRESSES: Chewonki Foundation, 485 Chewonki Neck Road, Wiscasset, Maine 04578–4822. Phone: 207–882–7323.

FOR FURTHER INFORMATION CONTACT: Timothy A. Frazier, Designated Federal Officer, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585; telephone (202) 586–4243 or facsimile (202) 586–0544; e-mail

CommissionDFO@nuclear.energy.gov. Additional information may also be available at <http://www.brc.gov>.

SUPPLEMENTARY INFORMATION:

Background: The President directed that the Blue Ribbon Commission on America's Nuclear Future (the Commission) be established to conduct a comprehensive review of policies for managing the back end of the nuclear fuel cycle. The Commission will provide advice and make recommendations on issues including alternatives for the storage, processing, and disposal of civilian and defense spent nuclear fuel and nuclear waste.

The Co-chairs of the Commission requested the formation of the T&S Subcommittee to answer the question: “[s]hould the US change the way in which it is storing used nuclear fuel and high level waste while one or more final disposal locations are established?”

Purpose of the Meeting: The session will provide the T&S Subcommittee with a range of local and regional perspectives from elected officials, utility representatives, and State and regional public safety officials. The session will include a Subcommittee tour of the Maine Yankee Independent Spent Fuel Storage Installation, to provide an opportunity to see first-hand a shutdown reactor facility currently storing spent nuclear fuel pending final disposal.

Tentative Agenda: The public meeting will begin at approximately 9 a.m. at the Chewonki Foundation. The Subcommittee will then hear presentations from public officials and stakeholder groups, ask questions of presenters, and conclude with a public comment session. The public session is expected to conclude by 12:30 p.m.

Public Participation: Subcommittee meetings are not subject to the requirements of the Act; however, the Commission has elected to open the presentation sessions of the meeting to the public. The meeting is open to the public. Individuals and representatives of organizations who would like to offer comments and suggestions may do so at

the end of the public session on Tuesday, August 10, 2010.

Approximately 30 minutes will be reserved for public comments from 11:40 a.m. to 12:20 p.m. Time allotted per speaker will depend on the number who wish to speak but will not exceed 5 minutes. The Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Those wishing to speak should register to do so beginning at 9 a.m. on August 10, 2010 at the Chewonki Foundation.

Those not able to attend the meeting or have insufficient time to address the subcommittee are invited to send a written statement to Timothy A. Frazier, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington DC 20585, e-mail to *CommissionDFO@nuclear.energy.gov*, or post comments on the Commission Web site at <http://www.brc.gov>.

Additionally, the meeting will be available via live video webcast. The link will be available at <http://www.brc.gov>.

Minutes: The minutes of the meeting will be available at <http://www.brc.gov> or by contacting Mr. Frazier. He may be reached at the postal address or e-mail address above.

Issued in Washington, DC, on July 21, 2010.

Rachel Samuel,

Deputy Committee Management Officer.

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

Western Area Power Administration

Parker-Davis Project; Transmission Capacity for Renewable Energy Between Electrical District No. 5 Substation and the Palo Verde Hub

AGENCY: Western Area Power Administration, DOE.

ACTION: Request for Statements of Interest (SOI).

SUMMARY: The Western Area Power Administration (Western), a Federal power marketing agency of the United States Department of Energy (DOE), is requesting SOIs from entities that are interested in purchasing transmission service. Western is evaluating a proposal which would create a new transmission path on the Parker-Davis Project (P–DP) that could facilitate the transmission of renewable generation, and is seeking interest from any entity or entities desiring to purchase Long-Term Firm Transmission Service to

deliver such renewable generation over the P–DP transmission system.

DATES: To be assured consideration, all responses should be received by Western on or before 4 p.m. m.s.t. on August 25, 2010.

ADDRESSES: Send written responses to: Darrick Moe, Regional Manager, Desert Southwest Customer Service Region, Western Area Power Administration, P.O. Box 6457, Phoenix, AZ 85005–6457. Responses may be delivered by certified mail, commercial mail, e-mail *DSWFPP@wapa.gov*, or fax 602–605–2490.

FOR FURTHER INFORMATION CONTACT: For further information please contact Mr. Todd Rhoades, Project Manager, Desert Southwest Regional Office, Western Area Power Administration, P.O. Box 6457, Phoenix, AZ 85005–6457, (602) 605–2613, e-mail *DSWFPP@wapa.gov*. This notice is also available on Western's Web site at <http://www.wapa.gov/fedreg/fedreg10.htm>.

SUPPLEMENTARY INFORMATION: Western markets and transmits wholesale hydroelectric power, generated at Federal dams across the western United States. Western's transmission system was developed to deliver this hydropower to its customers. The P–DP includes Davis Dam and Powerplant, Parker Dam and Powerplant and approximately 1,700 miles of high-voltage transmission lines and the associated substations and switchyards. The P–DP serves as a major transmission system for delivery of power over long distances in Arizona, with facilities extending into the southern parts of California and Nevada. Palo Verde is a major trading hub for wholesale power, offering access to multiple markets in the western United States.

In this notice, Western solicits SOIs to allow Western to determine the level of interest for long-term firm transmission service on the P–DP for the purpose of transmitting renewable energy. Specifically, Western is soliciting interest from entities looking to transfer renewable energy from the area south of Phoenix, Arizona to the Palo Verde market hub. Points of receipt for transmission service could include any of Western's substations in the vicinity of Electrical District No. 5 (ED–5) Substation near Eloy, Arizona; Casa Grande Substation near Casa Grande, Arizona; or Test Track Substation near Maricopa, Arizona. An expression of interest in purchasing P–DP long-term firm transmission service made by submitting a SOI is not binding or promissory. SOIs submitted with

respect to this notice should include the following information:

1. Name and general description of the entity submitting the SOI;
2. Name, mailing address, telephone number, facsimile number, and e-mail address of that entity's primary contact;
3. Description of the renewable energy resources the proposed transmission path would serve, including type(s) of renewable resources, general location of load or markets, and any other information that would be useful;
4. The amount of long-term firm transmission service and the interconnection or receipt points on the proposed path.

Environmental Compliance

In compliance with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321, *et seq.*), the Council on Environmental Quality Regulations for implementing NEPA (40 CFR parts 1500–1508) and the DOE NEPA Implementing Procedures and Guidelines (10 CFR part 1021), Western has determined that this action is categorically excluded from further NEPA analysis. Future actions under this authority will undergo appropriate NEPA analysis.

Dated: July 16, 2010.

Anthony H. Montoya,
Chief Operating Officer.

BILLING CODE 6450-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2010-0469; FRL-9179-7

Agency Information Collection Activities: Proposed Collection; Comment Request; Information Request for National Emission Standards for Hazardous Air Pollutants (NESHAP) for Secondary Aluminum Production Residual Risk and Technology Review (RTR); EPA ICR No. 2400.01

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this action announces that EPA is planning to submit a request for a new Information Collection Request (ICR) to the Office of Management and Budget (OMB). Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on the proposed information collection as described below.

DATES: Comments must be submitted on or before September 24, 2010.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2010-0469, by one of the following methods:

- *www.regulations.gov:* Follow the on-line instructions for submitting comments.
- *E-mail:* a-and-r-docket@epa.gov.
- *Fax:* (202) 566-1741.
- *Mail:* Air and Radiation Docket and Information Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.
- *Hand Delivery:* Air and Radiation Docket and Information Center, U.S. EPA, Room 3334, EPA West Building, 1301 Constitution Avenue, NW., Washington, DC. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2010-0469. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or e-mail. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT:

Rochelle Boyd, Sector Policies and Program Division, (D243-02), Environmental Protection Agency, Research Triangle Park, NC 27711; telephone number: (919) 541-1390; fax number: (919) 541-3207; e-mail address: boyd.rochelle@epa.gov.

SUPPLEMENTARY INFORMATION:

How can I access the docket and/or submit comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2010-0469, which is available for online viewing at www.regulations.gov, or in person viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air and Radiation Docket is 202-566-1742.

Use www.regulations.gov to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A), EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology (*e.g.*, permitting electronic submission of responses).
