collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the agency's burden estimates; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to OMB.

Abstract: Section 302 of the Federal Land Policy and Management Act of 1976 (FLPMA) (43 U.S.C. 1732) and regulations at 43 CFR part 2920 authorize the issuance of leases, permits, and easements for the use, occupancy, or development of public lands administered by the BLM. pipelines and well pumps related to irrigation and non-irrigation facilities. The complexity of the applications, and therefore the burdens to respondents, vary widely.

Frequency of Collection: On occasion.
Estimated Number and Description of Respondents: 519 applicants annually: 5 from individuals, 5 from State/local governments, and 509 from the private sector (499 applications from small entities, and 10 applications from large entities).
