AGENCY: National Archives and Records Administration [NARA].

ACTION: Notice of the establishment of new privacy system of record, NARA 40.

SUMMARY: The National Archives and Records Administration (NARA) proposes to add a system of records to its existing inventory of systems subject to the Privacy Act of 1974, as amended (5 U.S.C. 552(a)) ("Privacy Act"). In this notice, NARA publishes NARA 40, the Office of Government Information Services (OGIS) Case Files.

DATES: This new system of records, NARA 40, will become effective September 2, 2010 without further notice unless comments are received

that result in further revision. NARA will publish a new notice if the effective date is delayed to review comments or if changes are made based on comments received. To be assured of consideration, comments should be received on or before the date above.

- *Federal e-Rulemaking Portal:*

<http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 301-837-0293.

- *Mail:* Privacy Act Officer, Office of General Counsel (NGC), Office of National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001.

FOR FURTHER INFORMATION CONTACT: Jay Olin, Deputy FOIA Officer, Office of General Counsel (NGC), Room 3110, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301) 837-2025. Fax: 301-837-0293.

SUPPLEMENTARY INFORMATION: The OPEN Government Act of 2007 amended the Freedom of Information Act (5 U.S.C. Section 552) to create an Office of Government Information Services (OGIS) within the National Archives and Records Administration (NARA). OGIS's mission is to review policies and procedures of administrative agencies under the Freedom of Information Act (FOIA) and their compliance with FOIA by agencies; offer mediation services to resolve disputes between persons making FOIA requests and agencies (nonexclusive alternative to litigation); and serve as ombudsman, *i.e.* solicit and receive comments and questions from Federal agencies and the public regarding the administration of FOIA to improve FOIA processes and facilitate communication between agencies and FOIA requesters.

The notice for this system of records states the name and the location of the record system, the authority for and manner of its operation, the categories of individuals that it covers, the types of records that it contains, the sources of information in the records, and the proposed "routine uses" of the system of records. The notice also includes the business address of the NARA official who will inform interested persons of the procedures whereby they may gain access to, and correct, records pertaining to themselves.

One of the purposes of the Privacy Act, as stated in section 2(b)(4) of the Act, is to provide certain safeguards for an individual against an invasion of personal privacy by requiring Federal

agencies to disseminate any record of identifiable personal information in a manner that assures that such action is for a necessary and lawful purpose, that the information is current and accurate for its intended use, and the adequate safeguards are provided to prevent misuse of such information. NARA intends to follow these principles in transferring information to another agency or individual as a "routine use," including assurance that the information is relevant for the purposes for which it is transferred.

Dated: July 28, 2010.

David S. Ferriero,

Archivist of the United States.
