

the user's role, laboratory where employed, and region of assigned responsibility for animal health. All individuals provided access to the NAHLN system are required to complete annual information technology security awareness training.

RETENTION AND DISPOSAL:

Electronic records are currently retained within the system for 50 years. Electronic records stored on NAHLN computer hard drives are backed up nightly. Incremental and full system tape backups are retained for one month. Backup media is regularly sent to an off-site backup storage facility for contingency purposes.

SYSTEM MANAGER(S) AND ADDRESS:

Chief Information Officer, Veterinary Services, Animal and Plant Health Inspection Service, 4700 River Road Unit 58, Riverdale, MD 20737.

NOTIFICATION PROCEDURE:

Any individual may request general information regarding this system of records or information as to whether the system contains records pertaining to him/her from the system manager at the address above. All inquiries pertaining to this system should be in writing; must name the system of records as set forth in the system notice; and must contain the individual's name, telephone number, address, and e-mail address.

RECORD ACCESS PROCEDURES:

Any individual may obtain information from a record in the system that pertains to him or her. Requests for hard copies of records should be in writing, and the request must contain the requesting individual's name, address, name of the system of records, timeframe for the records in question, any other pertinent information to help identify the file, and a copy of his/her photo identification containing a current address for verification of identification. National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Atlantic Highly Migratory Species Release Reports

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before October 18, 2010.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Peter Cooper at (301) 713-2347 or Peter.Cooper@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for review of a new information collection.

Under the Magnuson-Stevens Fishery Conservation and Management Act (MSFMCA, 16 U.S.C. 1801 *et seq.*) the National Marine Fisheries Service (NMFS) is to ensure that conservation and management measures promote, to the extent practicable, implementation of scientific research programs that include the tagging and releasing of Atlantic highly migratory species (HMS). The proposed information

collection would allow the public to submit volunteered geographic information relating to HMS releases in order to populate an interactive Web site mapping tool. This Web page could attract visitors who are interested in Atlantic HMS and would contain information and links to promote HMS tagging programs that the general public could support or in which they could become involved. All submissions would be voluntary. Information would be used to raise awareness for releasing Atlantic HMS and HMS tagging programs, and would not be used as representative results.

II. Method of Collection

Respondents may submit information via a fillable form available and submittable online, or via e-mail, fax, or mail.

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular submission (request for review of a new information collection).

Affected Public: Individuals or households; businesses or other for-profit organizations; not-for-profit institutions; Federal government; and State, Local, or Tribal government.

Estimated Number of Respondents: 46,229.

Estimated Time per Response: 5 minutes.

Estimated Total Annual Burden Hours: 3,842.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: August 12, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Antidumping Duty Order: Certain Woven Electric Blankets From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* August 18, 2010

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the "Department") and the International Trade Commission ("ITC"), the Department is issuing an antidumping duty order on certain woven electric blankets ("woven electric blankets") from the People's Republic of China ("PRC").

FOR FURTHER INFORMATION CONTACT:

Drew Jackson, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230; telephone: 202-482-4406.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the "Act"), on July 2, 2010, the Department published *Certain Woven Electric Blankets From the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 75 FR 38459 (July 2, 2010) ("Final Determination"). Following the publication of the *Final Determination*, we received timely notice from Jarden Consumer Solutions ("Petitioner"), that the Department had made ministerial errors in its calculation of the antidumping duty margins for the mandatory respondent, Hung Kuo Electronics (Shenzhen) Company Limited ("Hung Kuo"). After analyzing Petitioner's comments, the Department concluded that an inadvertent ministerial error was made in the calculation of Hung Kuo's margin. Therefore, in accordance with section 735(e) of the Act and 19 CFR 351.224(e), on August 4, 2010, the Department published *Certain Woven Electric Blankets from the People's Republic of*

China: Amended Final Determination of Sales at Less Than Fair Value, 75 FR 46911 (August 4, 2010) ("Amended Final Determination"). In the *Amended Final Determination*, to correct this inadvertent ministerial error, we amended Hung Kuo's weighted average dumping margin from 77.75 percent to 93.09 percent and, as we did in the *Final Determination*, assigned Hung Kuo's new rate of 93.09 percent to the two separate rate companies—Ningbo V.K. Industry & Trading Co., Ltd. and Ningbo Jifa Electrical Appliances Co., Ltd./Ningbo Jinchun Electric Appliances Co., Ltd. The PRC-wide rate, 174.85 percent, was not changed from the *Final Determination*. See *Amended Final Determination* at 46911.

On August 10, 2010, the ITC notified the Department of its affirmative final determination of material injury to a U.S. industry. See *Woven Electric Blankets from China, Investigation No. 731-TA-1163 (Final)*, USITC Publication 4177 (August 2010). Pursuant to section 736(a) of the Act, the Department is issuing the antidumping duty order on woven electric blankets from the PRC.

Scope of the Order

The scope of this order covers finished, semi-finished, and unassembled woven electric blankets, including woven electric blankets commonly referred to as throws, of all sizes and fabric types, whether made of man-made fiber, natural fiber or a blend of both. Semi-finished woven electric blankets and throws consist of shells of woven fabric containing wire. Unassembled woven electric blankets and throws consist of a shell of woven fabric and one or more of the following components when packaged together or in a kit: (1) Wire; (2) controller(s). The shell of woven fabric consists of two sheets of fabric joined together forming a "shell." The shell of woven fabric is manufactured to accommodate either the electric blanket's wiring or a subassembly containing the electric blanket's wiring (e.g., wiring mounted on a substrate).

A shell of woven fabric that is not packaged together, or in a kit, with either wire, controller(s), or both, is not covered by this investigation even though the shell of woven fabric may be dedicated solely for use as a material in the production of woven electric blankets.

The finished, semi-finished and unassembled woven electric blankets and throws subject to this order are currently classifiable under subheading 6301.10.0000 of the Harmonized Tariff Schedule of the United States

("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, only the written description of the scope is dispositive.

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of an exporter accounting for a significant proportion of exports of the subject merchandise, we extended the four-month period to no more than six months. See *Certain Woven Electric Blankets From the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 75 FR 5567 (February 3, 2010) ("Preliminary Determination"). In this investigation, the six-month period beginning on the date of the publication of the *Preliminary Determination* (i.e., February 3, 2010) ended on August 2, 2010. Furthermore, section 737 of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination. Therefore, in accordance with section 733(d) of the Act, we have instructed U.S. Customs and Border Protection ("CBP") to terminate suspension of liquidation and to liquidate without regard to antidumping duties (i.e., release all bonds and refund all cash deposits), unliquidated entries of woven electric blankets from the PRC entered, or withdrawn from warehouse, for consumption after August 2, 2010, and before the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will continue on or after the date of publication of the ITC's final injury determination in the **Federal Register**.

Antidumping Duty Order

On August 10, 2010, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of less-than-fair-value imports of subject merchandise from the PRC. Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct CBP to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the
