

Commission approved the GEPS 3 product. Additionally, the Postal Service requested to have the contract in Docket No. CP2010–71 serve as the baseline contract for future functional equivalence analyses of the GEPS 3 product.

The instant contracts. The Postal Service filed the instant contracts pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that each contract is in accordance with Order No. 86. The term of each contract is one year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received. Notice at 3.

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachments 1A, 1B, 1C and 1D—redacted copies of the four contracts and applicable annexes;
- Attachments 2A, 2B, 2C and 2D—a certified statement required by 39 CFR 3015.5(c)(2) for each of the four contracts;
- Attachment 3—a redacted copy of Governors' Decision No. 08–7 which establishes prices and classifications for GEPS contracts, a description of applicable GEPS contracts, formulas for prices, an analysis of the formulas, and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contracts and supporting documents under seal.

The Notice advances reasons why the instant GEPS 3 contracts fit within the Mail Classification Schedule language for GEPS. The Postal Service identifies customer-specific information and general contract terms that distinguish the instant contracts from the baseline GEPS 3 agreement all of which are highlighted in the Notice. *Id.* at 5. These modifications as described in the Postal Service's Notice apply to each of the instant contracts.

The Postal Service contends that the instant contracts are functionally equivalent to the baseline contract for GEPS 3 and share the same cost and market characteristics as the previously filed GEPS contracts. *Id.* at 4. It states that the differences including updates and volume or postage commitments of customers, do not alter the contracts' functional equivalency. *Id.* The Postal Service asserts that “[b]ecause the agreements incorporate the same cost attributes and methodology, the relevant characteristics of these four GEPS contracts are similar, if not the same, as the relevant characteristics of previously filed contracts.” *Id.*

The Postal Service concludes that its filings demonstrate that each of the new GEPS 3 contracts complies with the requirements of 39 U.S.C. 3633 and is functionally equivalent to the baseline GEPS 3 contract. Therefore, it requests that the instant contracts be included within the GEPS 3 product. *Id.* at 6.
