

apply for ATAA. The Department has determined in this case that the group eligibility requirements of Section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

Conclusion

After careful review of the information obtained during the remand investigation, I determine that increased imports of articles like or directly competitive with doors and/or windows produced by the subject firm contributed to the total separation of a significant number or proportion of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

All workers of Weather Shield Manufacturing, Inc., Corporate Office, Medford, Wisconsin, who became totally or partially separated from employment on or after December 17, 2007, through two years from the issuance of this revised determination, are eligible to apply for Trade Adjustment Assistance under Section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed at Washington, DC, this 9th day of August 2010.

Min Amy Chen,

Certifying Officer, Division of Trade Adjustment Assistance.
