Engine model	Remove from service . . .
PW530A and PW545A	Within 15 hours TIS after the effective date of this AD.
PW545B engines before incorporation of SB PW500-72-30311	Within 15 hours TIS after the effective date of this AD.
PW545B engines after incorporation of SB PW500-72-30311	Within 35 hours TIS after the effective date of this AD.

Engine Testing

(3) For engines that have a BOV servo valve with 50 hours or more TIS and fewer than 250 hours TIS since new or overhaul on the effective date of this AD, test the engine as specified in P&WC Alert Service Bulletin (ASB) PW500-72-A30421, dated June 29, 2010. Use the compliance times specified in Table 2 of this AD.

TABLE 2—ENGINE TESTING BY ENGINE MODEL AND SERVICE BULLETIN

PW530A and PW545A	Within 15 hours TIS after the effective date of this AD.
PW545B engines before incorporation of SB PW500-72-30311	Within 15 hours TIS after the effective date of this AD.
PW545B engines after incorporation of SB PW500-72-30311	Within 35 hours TIS after the effective date of this AD.

(4) Thereafter, test the engine as specified in P&WC ASB PW500-72-A30421, dated June 29, 2010. Use the compliance times specified in Table 3 of this AD.

TABLE 3—REPETITIVE ENGINE TESTING BY BOV TIS

Time on BOV servo valve	Repeat test
Fewer than 100 hours TIS since new	Within 25 hours TIS since last inspection.
100 or more hours TIS since new, but fewer than 250 hours TIS since new	Within 50 hours TIS since last inspection.
250 or more hours TIS since new	No repetitive tests required.

Optional Terminating Action

(f) Replacing the BOV servo valve with a BOV servo valve that is not subject of this AD is terminating action to the testing requirements of paragraphs (e)(3) and (e)(4) of this AD.

FAA AD Differences

(g) This AD differs from the Mandatory Continuing Airworthiness Information (MCAI) in that while the MCAI requires initial mandatory action on only one engine per airplane with follow-on action to the second engine at a later compliance time, this AD requires initial action on both engines of the airplane at the same compliance time.

Other FAA AD Provisions

(h) *Alternative Methods of Compliance (AMOCs)*: The Manager, Engine Certification Office, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19.

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 95**

[Docket No.30742; Amdt. No. 489]

IFR Altitudes; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment adopts miscellaneous amendments to the required IFR (instrument flight rules) altitudes and changeover points for certain Federal airways, jet routes, or direct routes for which a minimum or maximum en route authorized IFR altitude is prescribed. This regulatory action is needed because of changes occurring in the National Airspace System. These changes are designed to provide for the safe and efficient use of the navigable airspace under instrument conditions in the affected areas.

DATES: *Effective Date:* 0901 UTC, September 23, 2010.

FOR FURTHER INFORMATION CONTACT:

Harry Hodges, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike

Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to part 95 of the Federal Aviation Regulations (14 CFR part 95) amends, suspends, or revokes IFR altitudes governing the operation of all aircraft in flight over a specified route or any portion of that route, as well as the changeover points (COPs) for Federal airways, jet routes, or direct routes as prescribed in part 95.

The Rule

The specified IFR altitudes, when used in conjunction with the prescribed changeover points for those routes, ensure navigation aid coverage that is adequate for safe flight operations and free of frequency interference. The reasons and circumstances that create the need for this amendment involve matters of flight safety and operational efficiency in the National Airspace System, are related to published aeronautical charts that are essential to the user, and provide for the safe and

efficient use of the navigable airspace. In addition, those various reasons or circumstances require making this amendment effective before the next scheduled charting and publication date of the flight information to assure its timely availability to the user. The effective date of this amendment reflects those considerations. In view of the close and immediate relationship between these regulatory changes and safety in air commerce, I find that notice and public procedure before adopting this amendment are impracticable and contrary to the public interest and that good cause exists for making the amendment effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not

warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me by the Administrator, part 95 of the Federal Aviation Regulations (14 CFR part 95) is amended as follows effective at 0901 UTC, September 23, 2010.

■ 1. The authority citation for part 95 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44719, 44721.

■ 2. Part 95 is amended to read as follows:

CBP Dec. 10-29; Technical Corrections to Customs and Border Protection Regulations

AGENCY: Customs and Border Protection, Department of Homeland Security.
ACTION: Final rule.

SUMMARY: Customs and Border Protection (CBP) periodically reviews its regulations to ensure that they are current, correct, and consistent. Through this review process, CBP discovered a number of discrepancies. This document amends various sections of title 19 of the Code of Federal Regulations to correct those discrepancies.

DATES: The final rule is effective August 26, 2010.

FOR FURTHER INFORMATION CONTACT: Robert Shervette, Regulations and Rulings, Office of International Trade, (202) 325-0274.

SUPPLEMENTARY INFORMATION:

Background

It is the policy of Customs and Border Protection (CBP) to periodically review title 19 of the Code of Federal Regulations to ensure that it is as accurate and up-to-date as possible so that the importing and general public are aware of CBP programs, requirements, and procedures regarding import-related activities. As part of this review policy, CBP has determined that certain corrections are necessary affecting parts 4, 10, 12, 18, 101, 103, 118, 122, 141, 146, 159, 162, and 192 of the CBP regulations (19 CFR parts 4, 10,

12, 18, 101, 103, 118, 122, 141, 146, 159, 162, and 192).

Discussion of Changes

Part 4

Section 4.12 of the CBP regulations (19 CFR 4.12), involving the process of notifying CBP of a manifest discrepancy, contains a typographical error in the designation of paragraph “(a)(5)(a)”. The paragraph should properly read as “(a)(5)”. Accordingly, this document amends § 4.12 by replacing the paragraph designation “(a)(5)(a)” with “(a)(5)”.

Part 10

Section 10.31(g) of the CBP regulations (19 CFR 10.31(g)) provides for free entry of particular classes of products which have previously been entered if the “original entry was made on the basis of a clerical error, mistake of fact, or other inadvertence within the meaning of section 520(c)(1) of the Tariff Act of 1930, as amended.” Section 520(c) of the Tariff Act of 1930 (19 U.S.C. 1520(c)), which was an exception to the finality of the liquidation of an entry under section 514 of the Tariff Act of 1930 (19 U.S.C. 1514), was repealed by section 2105 of the Miscellaneous Trade and Technical Corrections Act of 2004 (“Trade Act of 2004”) (Pub. L. 108-429, 118 Stat. 2598 (December 3, 2004)).

Section 2103(1)(A) of the Trade Act of 2004 also amended section 514(a) of the Tariff Act of 1930 (19 U.S.C. 1514(a)) to include clerical errors, mistakes of fact, and other inadvertence as bases of protest of CBP decisions. See Public Law 108-429, 118 Stat. 2597. Therefore, in order to reflect the inclusion of clerical error, mistake of fact, or other inadvertence as bases of protest in section 514(a) and the removal of section 520(c), § 10.31(g) is amended to replace the reference to section 520(c)(1) of the Tariff Act of 1930, as amended, with a reference to section 514(a) of the Tariff Act of 1930, as amended. In addition, § 10.31(g) is being amended by

replacing outdated references to “Customs custody”, “the Customs Service”, and “Customs territory” with “CBP custody”, “CBP”, and “customs territory”, respectively. This is consistent with the transfer of the legacy U.S. Customs Service of the Department of the Treasury to the Department of Homeland Security (DHS) in 2003 and the subsequent renaming of the agency as U.S. Customs and Border Protection by DHS on March 31, 2007 (see 72 FR 20131, dated April 23, 2007). See also 75 FR 12445, dated March 16, 2010.

Section 10.36(b) of the CBP regulations (19 CFR 10.36(b)), pertaining to the temporary importation under bond of theatrical effects and other articles contains a reference to subheading 9813.00.65, Harmonized Tariff Schedule of the United States (HTSUS), 19 U.S.C. 1202. This tariff number was replaced on January 4, 1995, with subheading 9817.00.98, HTSUS, by Presidential Proclamation 6763 (December 23, 1994). Section 10.36(b) is amended to replace the outdated subheading with subheading 9817.00.98, HTSUS. Section 10.36 is also being amended to replace outdated nomenclature references to reflect the changes effected by the transfer of CBP to DHS.

Sections 10.191(b)(1) and 10.195(b)(1) of the CBP regulations (19 CFR 10.191(b)(1) and 10.195(b)(1)), involving regulations implementing the Caribbean Basin Economic Recovery Act (CBERA), are being amended to conform to amendments to the CBERA enacted in the 2005 Dominican Republic—Central America—United States Free Trade Agreement Implementation Act (CAFTA-DR Act) (Pub. L. 109-53, 119 Stat. 462). Section 402(a) and (c) of the CAFTA-DR Act amended sections 212(a)(1) and 213(a)(1), respectively, of the CBERA (19 U.S.C. 2702(a)(1) and 2703(a)(1)). As a result of these amendments, any cost or value of materials or direct costs of processing operations attributable to “former beneficiary countries” may be included
