FEDERAL TRADE COMMISSION

Privacy Act of 1974; System of Records Notices

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of revised Privacy Act system notices.

SUMMARY: The FTC is revising several of the notices that it is required to publish under the Privacy Act of 1974 to describe its systems of records about individuals. This action is intended to make these notices clearer, more accurate, and up-to-date.

DATES: This notice shall become final and effective on August 27, 2010.

FOR FURTHER INFORMATION CONTACT: Alex Tang, G. Richard Gold, or Lorielle L. Pankey, Attorneys, Office of the General Counsel, FTC, 600 Pennsylvania Avenue, NW., Washington, DC 20580, (202) 326-2424.

SUPPLEMENTARY INFORMATION: To inform the public, the FTC publishes in the **FEDERAL REGISTER** and posts on its Web site a "system of records notice" (SORN) for each system of records about individuals that the FTC currently maintains within the meaning of the Privacy Act of 1974, as amended, 5 U.S.C. 552a. See (<http://www.ftc.gov/foia/listofpaysystems.shtm>). Each SORN describes the records maintained in that particular system, including the categories of individuals that the records in the system are about (e.g., FTC employees or consumers). Each system notice also contains information explaining how individuals can find out

if that particular system contains any records about them.

On June 12, 2008, the FTC republished and updated all of the FTC's SORNs, describing all of the agency's systems of records covered by the Privacy Act in a single document for ease of use and reference. 73 FR 33592. To ensure the SORNs remain accurate, FTC staff engages in a comprehensive review of each SORN on a periodic basis. As a result of this systematic review, the FTC made revisions to several of its SORNs on April 17, 2009. 74 FR 17863. Based on subsequent review, the FTC is making the following revisions to several of its SORNs.¹

I. FTC Law Enforcement Systems of Records

FTC-I-1 (Nonpublic Investigational and Other Nonpublic Legal Program Records—FTC). This SORN includes nonpublic investigational and other nonpublic program records. We have added language clarifying that certain debt collection-related records contained within this system are also legally part of the Government-wide system of records notice published for this system by the Department of Treasury, Financial Management System. See TREASURY/FMS.014, or any successor TREASURY/FMS system notice at (<http://www.ustreas.gov>) for more information. Therefore, these types of records also have the same purposes and routine uses as set forth in the Government-wide SORN.

II. FTC Personnel Systems of Records

FTC-II-6 (Discrimination Complaint System—FTC). This SORN covers complaints, affidavits, supporting documents, memoranda, correspondence, and notes relevant to and compiled during pre-complaint matters, complaint investigations and other personnel matters at the FTC. We are revising the purpose section of this SORN in order to more fully describe the various issues that give rise to discrimination complaints.

FTC-II-7 (Ethics Program Records—FTC). This SORN covers annual financial statements and other filings or requests made by FTC officials and employees under the FTC's ethics program. The FTC is including an additional means of disposing of these records.

¹ The FTC is clarifying but not adding or changing any routine uses of its system records or making other significant system changes that would require prior public comment or notice to the Office of Management & Budget (OMB) and Congress. See U.S.C. 552a(e)(11) and 552a(r); OMB Circular A-130, Appendix I.

FTC-II-12 (Training Reservation System—FTC). This SORN covers records used in the employee training program administered by the FTC's Human Resources Management Office. The FTC is changing the name of this system and revising the categories of records, purpose, and retrievability sections. We are also clarifying that this system is legally part of the OPM's Government-wide system of records notice for this system, OPM/GOVT-1, which covers all official personnel training data; hence, it is subject to the same purposes and routine uses set forth for that system by OPM. See OPM/GOVT-1, or any successor OPM system notice that may be published for this system (visit (www.opm.gov) for more information). There are also some minor editorial changes.

III. FTC Financial Systems of Records

FTC-III-2 (Travel Management System—FTC). This SORN covers travel documentation for FTC employees and other authorized individuals on official travel for the FTC. To the extent these travel data are collected and maintained by the FTC's travel management contractor, they are already covered by a Government-wide General Services Administration (GSA) SORN, GSA/GOVT-4 (Contracted Travel Services Program). See 71 FR 48764 (2006). Nonetheless, the FTC maintains this SORN to include those data as well as any other miscellaneous data that various FTC offices may collect and maintain in a system of records about individuals on official travel for the FTC. The FTC is revising the Category of Records section to implement Department of Homeland Security (DHS) Secure Flight requirements to include an individual traveler's date of birth and sex; that the name of the traveler within this system matches the name shown on a government issued-identification (for example, driver's license or passport) while traveling; and an optional field for redress numbers (i.e., complaint or inquiry numbers). Under Secure Flight (http://www.tsa.gov/what_we_do/layers/secureflight/), a program developed by DHS in response to a key 9/11 Commission recommendation, DHS' Transportation Security Administration conducts uniform pre-screening of passenger information against federal government watch lists for domestic and international flights.
