SUPPLEMENTARY INFORMATION:

A. General

The Computer-Matching and Privacy Protection Act of 1988, (Pub. L. 100–503), amended by the Privacy Act of 1974, (5 U.S.C. 552a) as amended, requires a Federal agency participating in a computer-matching program to publish a notice in the **Federal Register** for all matching programs.

The Privacy Act, as amended, regulates the use of computer-matching by Federal agencies when records contained in a Privacy Act System of Records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer-matching programs to:

(1) Negotiate written agreements with the other agency or agencies participating in the matching programs;

(2) Obtain the approval of the matching agreement by the Data Integrity Boards (DIB) of the participating Federal agencies;

(3) Publish notice of the computer matching program in the **Federal Register**;

(4) Furnish detailed reports about matching programs to Congress and OMB;

(5) Notify applicants and beneficiaries that their records are subject to matching; and

(6) Verify match findings before reducing, suspending, terminating, or denying a person's benefits or payments. The last notice for this matching program was published at 73 FR 2287–2288 (January 14, 2008).

B. RRB Computer Matches Subject to the Privacy Act

We have taken appropriate action to ensure that all of our computer-matching programs comply with the requirements of the Privacy Act, as amended.

Notice of Computer-Matching Program, RRB With the Office of Personnel Management (OMB)

A. Name of Participating Agencies

OPM and RRB.

B. Purpose of the Matching Program

The purpose of the match is to enable the RRB to (1) identify affected RRB annuitants who are in receipt of a Federal public pension benefit but who have not reported receipt of this benefit to the RRB, and (2) receive needed Federal public pension benefit information for affected RRB annuitants more timely and accurately.

C. Authority for Conducting the Match

Sections 3(a)(1), 4(a)(1) and 4(f)(1) of the Railroad Retirement Act, as amended, 45 U.S.C. 231b(a)(1), 231c(a)(1) and 231c(f)(1) require that the RRB reduce the Railroad Retirement benefits of certain beneficiaries entitled to Railroad Retirement employee and/or spouse/widow benefits who are also entitled to a government pension based on their own non-covered earnings. We call this reduction a Public Service Pension (PSP) offset.

Section 224 of the Social Security Act, as amended, 42 U.S.C. 424a, provides for the reduction of disability benefits when the disabled worker is also entitled to a public disability benefit (PDB). We call this a PDB offset. A civil service disability benefit is considered a PDB. Section 224(h)(1) requires any

Federal agency to provide RRB with information in its possession that RRB may require for the purposes of making a timely determination of the amount of reduction under section 224 of the Social Security Act. Pursuant to 5 U.S.C. Section 552a(b)(3) OPM has established routine uses to disclose the subject information to RRB.

D. Categories of Records and Individuals Covered

The records to be used in the match and the roles of the matching participants are described as follows: OPM will provide the RRB once a year via secure encrypted electronic transfer, data extracted from its annuity and survivor master file of its Civil Service Retirement and Insurance Records. The Privacy Act System of Records designation is OPM/Central-1, (Civil Service Retirement and Insurance Records), Published in the **Federal Register** on October 8, 1999 (64 FR 54930) and amended on May 3, 2000 (65 FR 25775). The RRB Privacy Act System of Records is RRB-22, Railroad Retirement, Survivor, and Pensioner Benefit System, published in the **Federal Register** on July 26, 2010 (75 FR 43727).

Normally in December of each year, OPM transmits to us approximately 2.5 million electronic records for matching. The records contain these data elements: Name, social security number, date of birth, civil service claim number, first potential month and year of eligibility for civil service benefits, first month, day, year of entitlement to civil service benefits, amount of current gross civil service benefits, and effective date (month, day, year) of civil service amount, and where applicable, civil service disability indicator, civil service FICA covered month indicator, and civil service total service months. The RRB will match the Social Security number, name, and date of birth contained in the OPM file against approximately the 1.2 million records in our files. For records that match, the RRB will extract the civil service payment information.

E. Inclusive Dates of the Matching Program

This matching program will become effective 40 days after a copy of the agreement, as approved by the Data Integrity Board of each agency, is sent to Congress and the Office of Management and Budget, or 30 days after publication of this notice in the **Federal Register**, whichever date is later. The matching program will continue for 18 months after the effective date and may be extended for an additional 12 months, if the

conditions specified in 5 U.S.C. 552a(o)(2)(D) have been met.

Dated: August 24, 2010.

By authority of the Board.

Beatrice Ezerski,
