

conflict with a fundamental economic purpose of ARRA, which is to create or retain jobs.

The Municipal Assistance Unit (CMU) has reviewed this waiver request and has determined that the supporting documentation provided by Sturbridge establishes both a proper basis to specify a particular manufactured good, and that the domestic manufactured goods that are currently available do not meet the design specifications for the proposed project. The information provided is sufficient to meet the following criteria listed under Section 1605(b) of the ARRA and in the April 28, 2009 Memorandum: Iron, steel, and the manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality.

The March 31, 2009 Delegation of Authority Memorandum provided Regional Administrators with temporary authority to issue exceptions to Section 1605 of the ARRA within the geographic boundaries of their respective regions and with respect to requests by individual grant recipients.

Having established both a proper basis to specify the particular good required for this project and that this manufactured good was not available from a producer in the United States, the Town of Sturbridge, Massachusetts is hereby granted a waiver from the Buy American requirements of Section 1605(a) of Public Law 111-5. This waiver permits use of ARRA funds for the purchase of a foreign manufactured submersible mixer in Sturbridge's waiver request submittal dated May 25, 2010. This supplementary information constitutes the detailed written justification required by Section 1605(c) for waivers based on a finding under subsection (b).

Authority: Pub. L. 111-5, section 1605.

Dated: August 19, 2010.

Ira W. Leighton,

Acting Regional Administrator, EPA Region 1—New England.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Findings of Research Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) and the Assistant Secretary for Health have taken final action in the following case:

Hung-Shu Chang, PhD, Washington State University: Based on the report of an investigation conducted by the Washington State University (WSU) and additional analysis by ORI in its oversight review, the U.S. Public Health Service (PHS) found that Hung-Shu Chang, PhD, former postdoctoral fellow, WSU, engaged in research misconduct in research supported by National Institute of Environmental Health Sciences (NIEHS), National Institutes of Health (NIH), grant R01 ES012974.

PHS found that the Respondent engaged in scientific (42 CFR 50.102) and research misconduct by fabricating
