

in accordance with Executive Order 13132, the BLM has determined that these proposed supplementary rules do not have sufficient Federalism implications to warrant preparation of a Federalism Assessment.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, the BLM Idaho State Office has determined that these proposed supplementary rules would not unduly burden the judicial system and that they meet the requirements of sections 3(a) and 3(b)(2) of the Order.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

In accordance with Executive Order 13175, we have found that these proposed supplementary rules do not include policies that have tribal implications. Since the proposed rules do not change BLM policy as it pertains to Tribes and do not involve Indian reservation lands, resources, or property rights, the BLM has determined that the government-to-government relationships should remain unaffected.

Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use

These proposed supplementary rules do not comprise a significant energy action. The rules will not have an adverse effect on energy supplies, production, or consumption. They only address the use of certified noxious-weed-free forage and straw on public lands and have no connection with energy policy.

Paperwork Reduction Act

These proposed supplementary rules do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*

The principal author of these proposed supplementary rules is Roger Rosentreter, Botanist, Idaho BLM State Office.

Supplementary Rules To Require the Use of Certified Noxious-Weed-Free Forage and Straw on Bureau of Land Management-Administered Public Lands in Idaho

(1) To prevent the spread of noxious weeds on BLM-administered public lands in Idaho, it is a prohibited act to feed or store forage or straw on BLM-

administered land that has not been certified as noxious-weed-free. Restoration, rehabilitation, and stabilization projects also are required to use weed-free straw bales and mulch for project work.

Once this rule becomes effective, there will be a 60-day grace period for enforcement of this rule.

(2) The certification program currently includes 57 weeds that have been designated as noxious in Idaho under the Idaho State noxious-weed-free standards, or certified to be free from those weeds designated in the North American Weed Free Forage Program list, which was developed by the North American Weed Management Association (NAWMA). This NAWMA list currently includes the 57 weeds designated noxious in Idaho and also includes an additional 15 invasive weeds. BLM Idaho allows forage that meets Idaho, NAWMA, or other states' standards for certification as noxious-weed-free. Although weeds may be added or removed from these various lists, the BLM recognizes this forage as certified noxious-weed-free as long as it has been marked indicating that it meets the standards for certification.

(3) Certified noxious-weed-free hay must be identified by one of the following:

- (a) State certification tag attached to the bale string;
- (b) At least one strand of purple and yellow (intertwined) bale twine encircling the bale;
- (c) Blue and orange (intertwined) bale twine encircling the bale; or
- (d) Other colored twine encircling the bale that is used to designate certified forage.

(4) Certified noxious-weed-free compressed forage bales are identified by yellow binding (strapping) material with the statement "ISDA NWFPS" and the manufacturer's name printed in purple.

(5) Certified noxious-weed-free forage in bags is identified by a stamp, sticker, or printing on the bag identifying it as certified forage.

(6) The following persons/activities are exempt from this order:

(a) Any person with a permit or letter signed by a BLM authorized officer specifically authorizing the prohibited act, such as an authorized livestock permittee during an emergency situation in which livestock must be fed uncertified forage or hay for a short period of time until they can be moved to safety; and

(b) Any person transporting hay or forage across public lands from private property to private property.

(7) Any person who knowingly or willfully violates the provisions of these supplementary rules may be required to appear before a designated United States Magistrate and may be subject to a fine of not more than \$1,000 or imprisonment of not more than 12 months, or both, as defined in 43 U.S.C. 1733(a). Such violations may also be subject to enhanced fines provided for by 18 U.S.C. 3571.

Notice of Temporary Closure of Public Lands in Fergus County, MT

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of temporary area closure.

SUMMARY: Notice is hereby given that a temporary closure of public land to motorized vehicles, hiking, or other recreational uses is in effect on 660 acres of public lands administered by the Lewistown Field Office, Bureau of Land Management, within the Limekiln Canyon/Ruby Gulch area. This notice also applies to a BLM-held easement over 80 acres of private land.

DATES: This temporary closure will be in effect for 2 years from the date this notice is published in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Willy Frank, Field Manager, 920 NE Main St., Lewistown, Montana 59457; (406) 538-1918. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: This temporary closure is in response to a severe wind event that heavily damaged most of the timber within this 660-acre block of BLM-managed lands in the Judith Mountains Recreation Management Area in Fergus County, Montana. The downed timber is blocking a portion of a popular loop hiking trail and, if left in place, will also

contribute to the potential for catastrophic wildland fire. The BLM has contracted for road construction into the damaged area, salvage logging, and reclamation of the road once salvage logging is completed and administrative access is no longer needed. In the interim, the mixture of heavy equipment, a narrow temporary road, logging operations, steep slopes, tumbling rocks, and other debris in the construction/logging area make the area unsafe for public use, including motorized vehicles, hiking, or other recreational uses.

Approximately two-thirds of the loop hiking trail within the Limekiln Canyon/Ruby Gulch area will remain available for public use.

The area closure (including about one-third of the hiking trail) is necessary to protect the public health and safety and to enhance efficient contract administration.

The legal description of the affected lands is:

Montana Principal Meridian

T. 16 N., R. 19 E.,

Sec. 17, S¹/₂;

Sec. 20, N¹/₂ NE¹/₄; SE¹/₄ NE¹/₄; N¹/₂ NE¹/₄ SE¹/₄; N¹/₂ NW¹/₄;

Sec. 21, NW¹/₄ SW¹/₄; W¹/₂ NW¹/₄.

The area described aggregates 660 acres.

The BLM will post closure signs at main entry points to the roads and trails in the immediate vicinity of the logging operations. The BLM will also post the closure order in the Lewistown Field Office and will keep the public informed as this project progresses via local and regional press releases and posting those releases on the BLM Montana Web site (<http://www.blm.gov/mt/st/en.html>). Maps of the affected areas and other documents associated with this closure are available on site and at the BLM Lewistown Field Office at 920 NE Main, Lewistown, Montana 59457.

Further information may be found in the Limekiln Canyon/Ruby Gulch Temporary Closure Environmental Assessment (EA #MT-060-2010-0029) and in the case file for EA #MT060-2009-001, the Limekiln/Ruby Timber Salvage and Thinning Project.

Under the authority of Section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a)), 43 CFR 8360.0-7, and 43 CFR 8364.1, the BLM will enforce the following rule within the Upper Limekiln Canyon in Fergus County, Montana:

You must not use motorized vehicles, hike, or otherwise enter the public land within the closed area.

The following persons are exempt from this order: Federal, State, and local officers and employees in the performance of their official duties; members of organized rescue or fire-fighting forces in the performance of their official duties; and persons with written authorization from the Bureau of Land Management.

Penalties: Any person who violates the above restriction may be tried before a United States Magistrate and fined no more than \$1,000, imprisoned for no more than 12 months, or both. Such violations may also be subject to the enhanced fines provided for by 18 U.S.C. 3571.
