BILLING CODE 9111-23-P

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Intent To Prepare an Environmental Assessment and Scoping; President's Park South Security Re-Design and Landscaping Preservation and Permanent Closure of E Street, the Ellipse Roadways, South Executive Avenue, State Place and West South Executive Avenue, and Hamilton Place and East South Executive Avenue, to Unauthorized Vehicular Use

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of Intent to Prepare an Environmental Assessment by the National Park Service and the United States Secret Service, and notice of scoping for re-designing the security elements and preserving the landscape within President's Park South, which includes a portion of E Street, NW., in Washington, DC. The proposed actions are as follows: The United States Secret Service deciding whether to permanently close (1) the section of E Street, NW. between 15th and 17th Streets, NW., South Executive Avenue, and the Ellipse roadways to unauthorized vehicular traffic, and (2) State Place and West South Executive

Avenue and adjacent sidewalks (contiguous to First Division Monument) and Hamilton Place and East South Executive Avenue and adjacent sidewalks (contiguous to Sherman Park) to unauthorized vehicular and unauthorized pedestrian traffic, and to install durable, more aesthetic security elements in the area to replace the temporary, unsightly security elements currently in place; and the National Park Service deciding on landscape and infrastructure changes to the area that respond to the street closures and re-design of security elements to ensure the iconic historic nature of the landscape that is the White House and its environs and an important destination for visitors.

SUMMARY: In accordance with the *National Environmental Policy Act*, 42 U.S.C. 4321, (NEPA), and applicable regulations and policies, the National Park Service (NPS) and the United States Secret Service (USSS), as joint lead agencies, are preparing an Environmental Assessment (EA). The EA will aid the USSS in deciding whether to permanently close E Street, South Executive Avenue, and the Ellipse roadways within President's Park South to unauthorized vehicular traffic, and State Place and West South Executive Avenue and adjacent sidewalks (contiguous to First Division Monument) and Hamilton Place and East South Executive Avenue and adjacent sidewalks (contiguous to Sherman Park) to unauthorized vehicular and unauthorized pedestrian traffic. The EA will further inform the USSS as it considers replacing existing security elements in the area, such as jersey barriers, provisional guard booths, canopy tents, bike rack, concrete planters and standing canine vehicles. These security elements, while effective, are visually unattractive and may detract from the iconic and historic nature of the area. The USSS would seek to install security elements that are both durable and more aesthetic at the vehicle checkpoints and along the street closures. The NPS will utilize the EA to assist in its consideration of landscape and infrastructure changes to President's Park South that respond to USSS security requirements and conform to the area's historic features, its iconic status and popularity as a visitor destination. The National Capital Planning Commission (NCPC) is a cooperating agency in this EA and is assisting in the development of potential alternatives by holding a limited competition for design concepts that integrate USSS security requirements and NPS cultural
