

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 21, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-HR-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Alaska Region Bering Sea & Aleutian Islands (BSAI) Crab Economic Data Reports**

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before November 29, 2010.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection

instrument and instructions should be directed to Patsy Bearden, (907) 586-7008 or Patsy.Bearden@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for an extension without change of a currently approved information collection. The National Marine Fisheries Service (NMFS) manages the crab fisheries in the waters off the coast of Alaska under the Fishery Management Plan (FMP) for the Bering Sea and Aleutian Islands (BSAI) Crab. The Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.* (Magnuson-Stevens Act) mandated the Secretary of Commerce to implement the Crab Rationalization Program (CR Program) for the BSAI Management Area (BSAI) crab fisheries. The CR Program allocates BSAI crab resources among harvesters, processors, and coastal communities and monitors the "economic stability for harvesters, processors, and coastal communities." The Magnuson-Stevens Act provides specific guidance on the CR Program's mandatory economic data collection report (EDR) used to assess the efficacy of the CR Program. Data from the EDR will directly contribute to ongoing evaluation of potential anti-trust and anti-competitive practices in the crab industry.

II. Method of Collection

Respondents have a choice of either electronic or paper forms. Methods of submittal include e-mail of electronic forms, online transmission, and mail transmission of paper forms.

III. Data

OMB Control Number: 0648-0518.

Form Number: None.

Type of Review: Regular submission (extension without change of a currently approved information collection).

Affected Public: Business or other for-profit organizations; not-for-profit institutions.

Estimated Number of Respondents: 131.

Estimated Time Per Response: 7 hours, 30 minutes for annual catcher vessel EDR; 12 hours, 30 minutes for annual catcher/processor EDR; 10 hours for annual stationary floating crab processor EDR; 10 hours for annual shoreside processor EDR; and 3 hours for verification of data.

Estimated Total Annual Burden Hours: 1,478.

Estimated Total Annual Cost to Public: \$150,606 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 21, 2010.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

SUPPLEMENTARY INFORMATION:

I. Abstract

The purpose of this data collection program is to improve commercial fisheries socioeconomic data for North Pacific fisheries, using the community as the unit of reporting and analysis. Communities are often the focus of policy mandates (e.g. National Standard 8 of the Magnuson-Stevens Fisheries Management Act (MSA), social impact assessments under the National Environmental Policy Act and MSA, North Pacific Fishery Management Council (NPFMC) programmatic management goals, etc.) and are frequently a recognized stakeholder in NPFMC deliberations and programs. However, much of the existing commercial socioeconomic data is collected and organized around different units of analysis, such as counties (boroughs), fishing firms, vessels, sectors, and gear groups. It is often difficult to aggregate or disaggregate these data for analysis at the individual community or regional level. In addition, at present, some relevant community level socioeconomic data are simply not collected at all. The NPFMC, the Alaska Fisheries Science Center (AFSC), and community stakeholder organizations, have identified ongoing collection of community level economic and socioeconomic information, specifically related to commercial fisheries, as a priority.

The proposed data collection will include information on community revenues based in the fisheries economy, population fluctuations, vessel expenditures in ports, fisheries infrastructure available in the community, support sector business operations in the community, community participation in fisheries management, effects of fisheries management decisions on the community, and demographic information on commercial fisheries participants from the community. The information collected in this program will capture the most relevant and pressing types of data needed for socioeconomic analyses of communities.

II. Method of Collection

The method of data collection will be a survey sent by mail (and by e-mail where possible).

III. Data

OMB Control Number: None.

Form Number: None.
Type of Review: Regular submission.
Affected Public: State, local, or tribal government.

Estimated Number of Respondents: 524.

Estimated Time Per Response: 1 hour.

Estimated Total Annual Burden Hours: 524.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 21, 2010.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 56-2010]

Foreign-Trade Zone 203—Moses Lake, WA; Application for Reorganization and Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Port of Moses Lake Public Corporation, grantee of FTZ 203, requesting authority to reorganize and expand the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 1/12/09; correction 74 FR 3987, 1/22/09). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for

operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 23, 2010.

FTZ 203 was approved by the Board on October 18, 1994 (Board Order 702, 59 FR 54433, 10/31/94). The current zone project includes the following site: *Site 1* (316 acres)—Port of Moses Lake Industrial Park, located within the Grant County International Airport complex, Moses Lake, Washington.

The grantee's proposed service area under the ASF would include all of Benton, Chelan, Columbia, Douglas, Franklin, Grant, Kittitas, Lincoln and Walla Walla Counties, as well as portions of Okanogan and Yakima Counties, Washington, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Moses Lake Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include the existing site as a "magnet" site. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. The applicant is also requesting approval of the following initial "usage-driven" sites in Grant County: *Proposed Site 2* (38 acres)—Zip Truck Line, Inc., 13957 Road 1.9 NE, Moses Lake; and, *Proposed Site 3* (60 acres)—SGL Automotive Carbon Fibers, LLC, 8781 Randolph Road NE, Moses Lake. Because the ASF only pertains to establishing or reorganizing a general-purpose zone, the application would have no impact on FTZ 203's authorized subzone.

In accordance with the Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 29, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the
