#### Purified Carboxymethylcellulose from Mexico: Preliminary Results of the First Five-year ("Sunset") Review of Antidumping Duty Order

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On June 2, 2010, the Department of Commerce (the Department) initiated sunset reviews of the antidumping duty orders on purified carboxymethylcellulose (CMC) from

Finland, Mexico, the Netherlands, and Sweden, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).

On the basis of the notice of intent to participate, and adequate substantive responses filed on behalf of the domestic and respondent interested parties, the Department is conducting a full sunset review of the antidumping duty order on CMC from Mexico, pursuant to section 751(e)(3)(B) of the Act and 19 CFR 351.218(e)(2)(i).

As a result of this sunset review, the Department preliminarily finds that revocation of the antidumping duty order with respect to CMC from Mexico would likely lead to continuation or recurrence of dumping at the levels listed below in the section entitled "Preliminary Results of Review."

**FOR FURTHER INFORMATION:** Dena Crossland or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-3362 or (202) 482-3019, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 2, 2010, the Department published in the **Federal Register** the notice of initiation of the sunset reviews of the antidumping duty orders on CMC from Finland, the Netherlands, Mexico, and Sweden, pursuant to section 751(c) of the Act. *See Initiation of Five-year ("Sunset") Review*, 75 FR 30777 (June 2, 2010) (*Notice of Initiation*).

The Department received a notice of intent to participate from domestic

interested party Aqualon Company (Aqualon) within the deadline specified in 19 CFR 351.218(d)(1)(i). The domestic interested party claimed interested party status under section 771(9)(C) of the Act, as the sole manufacturer of a domestic-like product in the United States.

The Department received complete substantive responses to the *Notice of Initiation* from the domestic interested party and respondent interested party, Quimica Amtex S.A. de C.V. (Quimica Amtex), within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).<sup>1</sup> The Department did not receive any rebuttal comments from the domestic interested party or respondent interested party.

On July 22, 2010, the Department determined that respondent interested party accounted for more than 50 percent of exports by volume of the subject merchandise and, therefore, submitted an adequate substantive response to the Department's *Notice of Initiation*. *See* Memorandum to Richard O. Weible, Director, AD/CVD Operations, Office 7, "Adequacy Determination in the First Five-year "Sunset Review" (2005 through 2009) of the Antidumping Duty Order on Purified Carboxymethylcellulose from Mexico," dated July 22, 2010 (Adequacy Memo). The Department also determined that the domestic interested party submitted an adequate response. *See* Adequacy Memo at 2 and 19 CFR 351.218(d)(3)(ii) and 19 CFR 351.218(e)(1)(A). In accordance with 19

<sup>1</sup> Domestic interested and respondent parties filed substantive responses on July 1, 2010, and July 2, 2010, respectively.

CFR 351.218(e)(2)(i), the Department determined to conduct a full sunset review of this antidumping duty order and notified the U.S. International Trade Commission. See Letter to Ms. Catherine DeFilippo, Director, Office of Investigations, U.S. International Trade Commission, from James Maeder, Director, Office 2, AD/CVD Operations, entitled "Expedited and Full Sunset Reviews of the Antidumping Duty Orders Initiated in June 2010," dated July 22, 2010.

On September 15, 2010, the Department contacted Aqualon regarding the reference to Harmonized Tariff Schedule of the United States (HTSUS) number 3913.31.00.10 at 12 of the Appendix of its substantive response, dated July 1, 2010. Aqualon stated on September 15, 2010, that it had mistakenly referenced the wrong HTSUS number in its substantive response and intended to reference HTSUS number 3912.31.00.10. See Memorandum to the File from Dena Crossland, Regarding Preliminary Results of First Sunset Review of the Antidumping Duty Order on Purified Carboxymethylcellulose from Mexico; Correction to Domestic Interested Party's July 1, 2010, Substantive Response, dated September 16, 2010.

#### Scope of the Order

The merchandise covered by the order is all purified CMC, sometimes also referred to as purified sodium CMC, polyanionic cellulose, or cellulose gum, which is a white to off-white, non-toxic, odorless, biodegradable powder, comprising sodium CMC that has been refined and purified to a minimum assay of 90 percent. Purified CMC does not include unpurified or crude CMC, CMC Fluidized Polymer Suspensions, and CMC that is cross-linked through heat treatment. Purified CMC is CMC that has undergone one or more purification operations, which, at a minimum, reduce the remaining salt and other by-product portion of the product to less than ten percent. The merchandise subject to the order is currently classified in the HTSUS at subheading 3912.31.00.<sup>2</sup> This tariff classification is provided for convenience and Customs purposes;

<sup>2</sup> Although HTSUS number 3912.31.00.10 may be more specific to subject merchandise, it was not created until 2005. As such, we are relying on HTSUS number 3912.31.00 for purposes of this sunset review because in determining whether revocation of an order would likely lead to continuation or recurrence of dumping, the Department considers the margins established in the investigation and/or reviews conducted during the sunset review period as well as the volume of imports for the periods before and after the issuance of the order. See section 752(c)(1) of the Act.

however, the written description of the scope of the order is dispositive.

#### Analysis of Comments Received

All issues raised in this review are addressed in the "Issues and Decision Memorandum for the Preliminary Results of First Sunset Review of the Antidumping Duty Order on Purified Carboxymethylcellulose from Mexico," from Susan H. Kuhbach, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Deputy Assistant Secretary for Import Administration (Decision Memo), which is hereby adopted by, and issued concurrently with, this notice. The issues discussed in the Decision Memo include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum which is on file in the Central Records Unit, room 7046 of the main Commerce Department building. In addition, a complete version of the Decision Memo can be accessed directly on the Web at <http://ia.ita.doc.gov/frn/index.html>. The paper copy and electronic version of the Decision Memo are identical in content.

#### Preliminary Results

The Department preliminarily determines that revocation of the antidumping duty order on CMC from Mexico is likely to lead to continuation or recurrence of dumping at the following weighted-average margins:

Quimica Amtex .....	12.61 percent
All Others .....	12.61 percent

issues raised in any such briefs, no later than January 28, 2011.

#### NOAA Proposed Policy on Prohibited and Authorized Uses of the Asset Forfeiture Fund

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; request for comments.

**SUMMARY:** The Magnuson-Stevens Fishery Conservation and Management Act authorizes the Secretary of Commerce through NOAA to pay certain enforcement related costs from sums received as fines, penalties, and forfeitures of property for violations of any marine resource law enforced by the Secretary. The Secretary is proposing a new policy to clearly articulate prohibited and authorized uses of these funds to ensure no conflict of interest—either real or perceived—associated with its use while continuing to promote a sound enforcement program dedicated to conserving and protecting our nation's marine resources. The Secretary requests comments from the public on listed prohibited and authorized uses of the funding and, in particular, expenditures for activities that would promote compliance with regulations promulgated by NOAA.

**DATES:** Written comments must be received on or before 5 p.m., EST, on November 29, 2010.

**ADDRESSES:** Written comments may be sent by any of the following methods:
