

form must have the awardee's original signature.

8. *Form AD-1049*, "Certification Regarding Drug-Free Workplace Requirements (Grants) Alternative I—For Grantees Other Than Individuals." The awardee keeps this document for their records.

Additionally, awardees must also complete the following forms and paperwork for AMS:

9. *Grant Agreement*. The grant agreement is used as it also indicates the agreed upon grant funding dollar amounts and the beginning date and ending date of the project work and the grant agreement. Four (4) copies of this agreement are required with the awardee's and the AMS Administrator's office signatures and dated for each grant.

10. *Form SF-270*, "Request for Advance and Reimbursement" is required whenever the awardees request an advance or reimbursement of Federal grant funds. AMS expects that at least three (3) SF-270 forms will be submitted during the grant agreement period.

11. *Progress Reports*. The Progress Report is written documentation required to notify AMS about the work activities and progress towards completing the awardee's established project workplan goals, objectives, and timelines. AMS expects that at least two (2) Progress Reports will be submitted during the grant agreement period.

12. *Final Report*. The Final Report is written information required by AMS within 90 days after the ending date of the grant agreement. This information is utilized as final documentation of completion of the workplan goals, objectives, and activities.

13. *Form SF-425*, Federal Financial Report currently approved under OMB collection number 0348-0061, replaces forms SF-269A, Financial Status Report (Short form approved under OMB collection number 0348-0038) and SF-269, Financial Status Report, (Long form approved under OMB collection number 0348-0039, (if the project had program income)). AMS expects that at minimum two (2) or a maximum of seven (7) Federal Financial Reports will be submitted depending on the duration of the grant agreement period. Additionally, a final form SF-425 is to be completed once by the awardee(s) 90 days after the expiration date of the grant period.

14. *Grant Recordkeeping*. AMS requires that grant recipients maintain all records pertaining to the grant for a period of 3 years after the final status report has been submitted to AMS, in accordance with Federal recordkeeping

regulations. This requirement is provided in the FMPP Guidelines, which are published at AMS' Marketing Services Branch Web site at: <http://www.ams.usda.gov/FMPP>.

The 2008 Farm Bill increases funding for grants under FMPP, allocating mandatory funds from the Commodity Credit Corporation, from 2009 through 2012 with \$5 million for each of FY 2009 through 2010, and \$10 million for each of FY 2011 and 2012. Additionally, not less than 10 percent of the grant funds in a fiscal year shall be used to support the use of electronic benefit transfers (EBT) for Federal nutrition programs at farmers' markets. Eligible EBT projects must (1) not be used for funding the ongoing cost of carrying out any EBT project; and (2) demonstrate a plan to continue to provide EBT card access at one or more farmers' markets following the receipt of a grant.

With the increase in funds available annually and focus of funding new EBT projects, AMS anticipates an increase in the number of applications submitted. As such, AMS submits the following revisions in information collection:

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 7.168 hours per response.

Respondents: Agricultural Cooperatives, Producer Networks, or Producer Associations; Local Governments; Nonprofit Corporations; Public Benefit Corporations; Economic Development Corporations; Regional Farmers' Market Authorities; and Tribal Governments.

Estimated annual number of respondents: 1,500.

Estimated annual number of responses per respondent: 1.94.

Estimated annual number of responses: 2,915.

Estimated total annual burden on the respondents: 20,896 hours.

AMS is committed to compliance with the Government Paperwork Elimination Act that requires Government agencies in general to provide the public the option of submitting information or transacting business electronically to the maximum extent possible:

- The SF and AD forms can be filled out electronically and printed out for submission to AMS with original signatures.
- The voluntary "FMPP Proposal Narrative Form" and "FMPP Supplemental Budget Summary Form" can be filled electronically and printed out for submission.

For Grants.gov applicants all SF and AD forms, as well as the proposal narrative and eligibility statement, can

also be filled out electronically and submitted as an attachment through Grants.gov during the FMPP application process. Additionally, Grants.gov applicants are not required to submit any additional (hard copy) paperwork to AMS.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether this information will have practical utility; (2) the accuracy of the agency's estimate of the burden of this collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received by AMS will be available for public inspection during regular business hours, 8 a.m. to 4:30 p.m. Eastern Time, Monday through Friday, at the same address; and can be viewed via the Internet at <http://www.regulations.gov>. All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Dated: September 27, 2010.

Commodity Credit Corporation

Domestic Sugar Program—FY 2010 and FY 2011 Cane Sugar and Beet Sugar Marketing Allotments and Company Allocations

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Notice.

SUMMARY: The Commodity Credit Corporation (CCC) is issuing this notice to publish the modifications to the fiscal year 2010 (FY 2010) State sugar marketing allotments and company allocations to sugarcane and sugar beet processors. This applies to all domestic sugar marketed for human consumption in the United States from October 1, 2009, through September 30, 2010. CCC is also issuing this notice to publish the

FY 2011 State sugar marketing allotments and company allocations to sugarcane and sugar beet processors, which apply to all domestic sugar marketed for human consumption in the United States from October 1, 2010, through September 30, 2011. Although CCC already has announced most of the information in this notice through United States Department of Agriculture (USDA) news releases, CCC is required to publish the determinations establishing and adjusting sugar marketing allotments in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Initial FY 2010 State Allotments and Company Allocations

On September 25, 2009, CCC established the initial FY 2010 allocation of the sugar overall allotment quantity (OAQ) at 9,235,250 short tons, raw value (tons). As required by the Agricultural Adjustment Act of 1938, as amended, the sugar beet sector was allotted 54.35 percent of the OAQ (5,019,358 tons), while the cane sugar sector was allotted 45.65 percent (4,215,892 tons). CCC distributed the sector allotments among domestic sugar beet and sugarcane processors according to the statute and the regulations in 7 CFR part 1435 and made several structural changes in the allocation to certain sugarcane processors.

CCC combined the Louisiana cane sugar allocations of Alma Plantation, L.L.C., Cajun Sugar Cooperative, Inc., Cora-Texas Mfg. Co. Inc., Lafourche Sugars, L.L.C., Louisiana Sugar Cane Cooperative, Inc., Lula-Westfield, L.L.C. and St. Mary Sugar Cooperative, Inc. into one allocation under the name of Louisiana Sugar Cane Products, Inc. (LSCPI). CCC also modified the FY 2010 cane sugar allocations of mills in Louisiana to reflect grower petitions to transfer allocation commensurate with their cane deliveries to the new mill of their choice. CCC permanently transferred allocations between Louisiana mills for those growers whose petitions met all CCC requirements. However, for those growers whose petitions did not meet all CCC requirements, CCC temporarily increased the FY 2010 allocations of the recipient mills specified in the

petitions. Surplus allocation from Hawaii was reassigned to these recipient mills (see below). The allocations of the mills which the growers asked to leave were not reduced.

In FY 2004, CCC determined that Puerto Rican processors permanently terminated operations because no sugar had been processed for two complete years. The Puerto Rico allocation of 6,356 tons was reassigned to Hawaii in FY 2010, as required, and then further reassigned to the mainland sugarcane-producing States. This reassignment will also occur in FY 2011 as Hawaii is again not expected to use all of its cane sugar allotment.

First Revision to the FY 2010 Sugar Marketing Allotment Program

The May 7, 2010, announcement of sugar marketing allotment changes implemented CCC's reassignment of 200,000 tons of surplus cane sugar allotments to imports, announced on April 23, 2010. The May 7, 2010, revisions included a reassignment of projected surplus beet sugar marketing allocations under the FY 2010 Sugar Marketing Allotment Program from beet sugar processors with surplus allocation to those with deficit allocation. Further, CCC noted the addition of the allocation of Wyoming Sugar Company, LLC (WSC) to the allocation of Minn-Dak Farmers Cooperative (MDFC). This was done in accordance with section 359d(b)(2)(G) of the Agricultural Adjustment Act of 1938, as amended (7 U.S.C. 1359dd(b)(2)(G)) to reflect MDFC's purchase of WSC's Worland, WY, factory in December 2009.

Second Revision to the FY 2010 Sugar Marketing Allotment Program

USDA revised cane processor allocations, and cane State allotments, on August 19, 2010, to implement the July 6, 2010, reassignment of 300,000 tons of surplus domestic cane sugar allotment to a raw Tariff Rate Quota (TRQ) import increase. Since all cane processors were still expected to have more allocation than could be fulfilled by domestically-produced cane sugar in FY 2010, CCC reassigned an additional 200,000 tons of surplus cane allotment to raw cane sugar imports already expected from non-TRQ sources. With respect to the beet sector, CCC on August 19, 2010 reassigned surplus beet sector allotment from beet processors not expected to fill their allocation to beet processors still requiring allocation to market all their FY 2010 supply. CCC then determined that 170,000 tons of beet sugar allotment could not be filled by the beet sector and the surplus was reassigned to raw cane sugar imports

already expected from non-TRQ sources. In total, CCC reassigned 670,000 tons of surplus beet and cane sugar allotments to raw cane sugar imports—300,000 tons to an increase in the raw sugar tariff-rate quota per the July 6, 2010, announcement and 370,000 tons to raw cane sugar imports already expected from non-TRQ sources on August 19th. Final FY 2010 beet and cane sector allotments were reduced to 4,849,358 and 3,515,892 tons, respectively.

Initial FY 2011 Sugar Marketing Allotments and Processor Allocations

On August 19, 2010, CCC further announced the initial FY 2011 OAQ of 9,235,250 tons, the same level as FY 2010, as well as sugar beet and sugarcane sector allotments and allocations. Establishing the OAQ at this level will supply over 85 percent of expected FY 2011 domestic sugar needs and permit domestic sugarcane and sugar beet processors to market all of their expected sugar production in FY 2011. Processors are expected to be able to market all of their expected production in FY 2011 because the market is expected to be firm—domestic demand is projected to be strong relative to available supplies and prices are expected to remain firm. Due to this expected firm market situation, CCC announced that it would not implement the Feedstock Flexibility Program (FFP) or the Louisiana Proportionate Share Program for FY 2011. CCC also established a beet allocation for a new beet processor who acquired an existing factory with production history.

On August 19, 2010, CCC distributed the FY 2011 beet sugar allotment of 5,019,358 tons (54.35 percent of the OAQ) among the sugar beet processors and the cane sugar allotment of 4,215,892 tons (45.65 percent of the OAQ) among the sugarcane States and processors, as required by the Agricultural Adjustment Act of 1938, as amended. The accompanying table is identical to the August 19 allotments. The allotments recognize the sale by Minn-Dak Farmers Cooperative (MDFC) of its beet processing factory located in Worland, Wyoming to Wyoming Sugar Growers, LLC (WSG). As a result, 0.8373168 percent of the total beet sugar marketing allotment and the associated production history will be transferred from MDFC to WSG, effective October 1, 2010. In addition, the allotments reflect reassignment of Puerto Rico's allocation of 6,356 tons to Hawaii, and then further reassignment to the mainland sugarcane-producing States, because Hawaii is not expected to use all of its cane sugar allotment.

The summary of the FY 2010 beet and processor allocations are listed in the cane sugar marketing allotments and following table:

Food Safety and Inspection Service

[Docket No. FSIS-2010-0028]

Codex Alimentarius Commission: Meeting of the Codex Committee on Nutrition and Foods for Special Dietary Uses

AGENCY: Office of the Under Secretary for Food Safety, USDA.

ACTION: Notice of public meeting and request for comments.

SUMMARY: The Office of the Under Secretary for Food Safety, U.S. Department of Agriculture (USDA) and

the Food and Drug Administration (FDA), U.S. Department of Health and Human Services (HHS), are sponsoring a public meeting on October 13, 2010. The objective of the public meeting is to provide information and receive public comments on agenda items and draft United States (U.S.) positions that will be discussed at the 32nd session of the Codex Committee on Nutrition and Foods for Special Dietary Uses (CCNFSDU) of the Codex Alimentarius Commission (Commission), which will be held in Santiago, Chile, November 1-5, 2010. The Under Secretary for Food Safety and FDA recognizes the importance of providing interested parties the opportunity to obtain background information on the 32nd session of the CCNFSDU and to address items on the agenda.

DATES: The public meeting is scheduled for October 13, 2010, from 1 p.m.-4 p.m.

ADDRESSES: The public meeting will be held in the Harvey W. Wiley Building, Auditorium (1A003), 5100 Paint Branch

Parkway, College Park, MD 20740. Parking is adjacent to this building and will be available at no charge to individuals who pre-register by the date below (See Pre-Registration). In addition, the College Park metro station is across the street. Codex documents related to the 32nd session of the CCNFSDU will be accessible via the World Wide Web at the following address: <http://www.codexalimentarius.net/current.asp>.

Pre-Registration: To gain admittance to this meeting, individuals must present a photo ID for identification and also are required to pre-register. No cameras or videotaping equipment will be permitted in the meeting room. To pre-register, please send the following information to this e-mail address (nancy.crane@fda.hhs.gov) by *October 6, 2010*:

- Your Name.
- Organization.
- Mailing Address.
- Phone number.
