The NRC published a proposed rule that would incorporate by reference RG 1.84, Revision 35, and RG 1.147, Revision 16, on June 2, 2009, 74 FR 26303. On the same date, the NRC published a parallel notice of availability for the draft regulatory guides and opportunity for public comment. See, 74 FR 26440. The NRC provided a 75-day public comment period for both the proposed rule and the draft RGs, which ended on August 17, 2009.

This Notice of Issuance and Availability addresses final RGs 1.84 and 1.147. The final rule that incorporates RG 1.84 and RG 1.147 by reference into Title 10, part 50, of the Code of Federal Regulations (10 CFR Part 50), "Domestic Licensing of Production and Utilization Facilities" contains the regulatory analysis and responses to the public comments relative to the final RGs and is available in the NRC's Agencywide Documents Access and Management System (ADAMS) under Accession No. ML100560148. For further information on the final rule, contact Manash K. Bagchi, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 415-2905, e-mail Manash.Bagchi@nrc.gov.

This action allows nuclear power plant licensees, and applicants for standard design certifications, standard design approvals, and manufacturing licenses under the regulations that govern license certifications, and approves the nuclear power plants to use the Code Cases listed in these RGs as alternatives to requirements in the ASME Boiler and Pressure Vessel (BPV) Code regarding the construction and inservice inspection (ISI) of nuclear power plant components. RG 1.84 lists all Section III Code Cases that NRC has approved for use, and RG 1.147 lists all Section XI Code Cases that have been approved for use. For these RG revisions, NRC reviewed the Code Cases listed in Supplements 2B11 to the 2004 Edition of the ASME BPV Code and Supplement 0 to the 2007 Edition (Supplement 0 also serves as Supplement 12 to the 2004 Edition).

II. Further Information

Copies of the RGs are available in ADAMS under Accession Numbers ML101800532 (RG 1.84) and ML101800536 (RG 1.147). Electronic copies of RG 1.84 and RG 1.147 are available through the NRC=s public Web site under "Regulatory Guides" at http://www.nrc.gov/reading-rm/doccollections/.

In addition, RGs are available for inspection at NRC's Public Document Room (PDR) located at 11555 Rockville Pike, Rockville, Maryland. The PDR's mailing address is USNRC PDR, Washington, DC 20555–0001. The PDR also can be reached by telephone at (301) 415–4737 or (800) 397–4205, by fax at (301) 415–3548, and by e-mail to pdr.resource@nrc.gov.

Regulatory guides are not copyrighted and NRC approval is not required to reproduce them.

Dated at Rockville, Maryland, this 23rd day of September, 2010.

For the U.S. Nuclear Regulatory Commission.

Brian W. Sheron,

Director, Office of Nuclear Regulatory Besearch

NUCLEAR REGULATORY COMMISSION

[NRC-2010-0311]

Issuance of Regulatory Guide

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice.

SUMMARY: The Nuclear Regulatory Commission (NRC) is providing notice of the issuance and availability of Regulatory Guide 1.193, Rev. 3, "ASME Code Cases Not Approved for Use."

FOR FURTHER INFORMATION CONTACT:

Wallace E. Norris, Component Integrity Branch, Division of Engineering, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001, telephone (301) 251–7650 or e-mail Wallace.Norris@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC is issuing Regulatory Guide (RG) 1.193 in the agency's "Regulatory Guide" series. This series was developed to describe and make available to the public specific program information. This information includes methods acceptable to the NRC staff for implementing specific parts of the agency's regulations, techniques the staff uses in evaluating specific problems or postulated accidents, and data the staff needs in its review of applications for permits and licenses.

II. Discussion

RG 1.193 lists the Code Cases that NRC has determined not to be acceptable for use on a generic basis.

Two separate RGs list Code Cases that NRC has found to be acceptable alternatives to requirements in the American Society of Mechanical Engineers (ASME) Boiler and Pressure Vessel Code. RG 1.84, Rev. 35, "Design, Fabrication, and Materials Code Case Acceptability, ASME Section III," lists all Section III Code Cases that NRC has approved for use. RG 1.147, Rev. 16, "Inservice Inspection Code Case Acceptability, ASME Section XI, Division 1," lists all Section XI Code Cases that NRC has approved for use. RG 1.84 and RG 1.147 are being noticed under a separate notice of availability.

For Revision 3 of RG 1.193, NRC reviewed the Code Cases listed in Supplements 2-11 to the 2004 Edition of the ASME Boiler and Pressure Vessel (BPV) Code and Supplement 0 to the 2007 Edition (Supplement 0 also serves as Supplement 12 to the 2004 Edition). A brief description of the basis for the unacceptability determination is provided with each Code Case in RG 1.193. Licensees may submit a request to implement one or more of the Code Cases listed in RG 1.193 through 10 CFR 50.55a(a)(3), which permits the use of alternatives to the Code requirements referenced in 10 CFR 50.55a provided that the proposed alternatives result in an acceptable level of quality and safety. Licensees must submit a plant-specific request that addresses NRC's concerns about the Code Case at issue.

III. Further Information

In June 2009, draft Regulatory Guide (DG) 1191, DG 1192, and DG 1193 were published with a public comment period of 60 days from their issuance. The comment period closed on August 16, 2009. Copies of the final RGs are available in ADAMS under Accession Numbers ML101800532 (RG 1.84), ML101800536 (RG 1.147), and ML101800540 (RG 1.193).

The responses to the public comments on the three RGs are contained in the final rule that incorporates RG 1.84 and RG 1.147 by reference into Title 10, part 50, of the *Code of Federal Regulations* (10 CFR part 50), "Domestic Licensing of Production and Utilization Facilities, and is available in NRC's Agencywide Documents Access and Management System (ADAMS) under Accession No. ML100560148. For further information on the final rule, contact Manash K. Bagchi, Office of Nuclear Reactor Regulation, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 415-2905, e-mail Manash.Bagchi@nrc.gov.

Electronic copies of RG 1.84, RG 1.147, and RG 1.193 are available through NRC's public Web site under

"Regulatory Guides" at http:// www.nrc.gov/reading-rm/doccollections/.

In addition, RGs are available for inspection at NRC's Public Document Room (PDR) located at 11555 Rockville Pike, Rockville, Maryland. The PDR's mailing address is USNRC PDR, Washington, DC 20555-0001. The PDR also can be reached by telephone at (301) 415–4737 or (800) 397–4205, by fax at (301) 415-3548, and by e-mail to pdr.resource@nrc.gov.

Regulatory guides are not copyrighted and NRC approval is not required to reproduce them.

Dated at Rockville, Maryland, this 6th day of August 2010.

For the Nuclear Regulatory Commission. Harriet Karagiannis,

Acting Chief, Regulatory Guide Development Branch, Division of Engineering, Office of Nuclear Regulatory Research.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

Privacy Act of 1974: New System of Records

AGENCY: U.S. Office of Personnel Management (OPM).

ACTION: Notice of a new system of records.

SUMMARY: OPM proposes to add OPM/ Central-15, Health Claims Data Warehouse to its inventory of records systems subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended. This action is necessary to meet the requirements of the Privacy Act to publish in the Federal Register notice of the existence and character of records maintained by the agency. 5 U.S.C. 552a(e)(4).

DATES: This action will be effective without further notice on November 15, 2010 unless comments are received that would result in a contrary determination.

ADDRESSES: Send written comments to the Office of Personnel Management, ATTN: Gary A. Lukowski, Ph.D., Manager, Data Analysis, U. S. Office of Personnel Management, 1900 E Street, NW., Room 7439, Washington, DC 20415.

FOR FURTHER INFORMATION CONTACT: Garv A. Lukowski, Ph.D., Manager, Data Analysis, 202-606-1449.

SUPPLEMENTARY INFORMATION: The purpose of this system of records is to provide a central and comprehensive

database from which OPM may analyze Federal Employee Health Benefit Program (FEHBP), National Pre-Existing Condition Insurance Program (program commencing August 2010), and Multi-State Option Plan (program commencing January 2014), costs and actively manage the programs to ensure the best value for both enrollees and taxpayers. OPM will collect, manage and analyze health services data on an ongoing basis by establishing regular data feeds for each of three programs. In many instances, the data will be deidentified for specific analyses that provide flexible queries of the data set for general demographic queries, riskadjusted profiles, and comparison of chronically ill patients and other useful analytics; and engage in econometric modeling of, among other things, health trends, risk adjustment methodologies, pharmacy pricing, and negotiation.

U.S. Office of Personnel Management. John Berry,

Director.

OPM CENTRAL-15

SYSTEM NAME:

Health Claims Data Warehouse.

SYSTEM LOCATION:

Office of Personnel Management, 1900 E Street, NW., Washington, DC 20415.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

This system contains or will subsequently contain records on three major health insurance programs including the Federal Employee Health Benefit Program (FEHBP); the National **Pre-Existing Condition Insurance** Program (NPECIP), and the Multi-State Option Plan. The FEHBP includes Federal employees, Postal employees, uniformed service members, retirees, and their family members who voluntarily participate in the Program. This system will also contain records on individuals eligible for and enrolled in the NPECIP in accordance with the Patient Protection and Affordable Care Act (Affordable Care Act) and implementing rules promulgated by the Department of Health and Human Services (DHHS). Through an interagency agreement, OPM will support DHHS in the development and operation of the NPECIP. This system will also contain information on individuals subsequently enrolled in the Multi-State Options also in accordance with the Affordable Care Act.

CATEGORIES OF RECORDS IN THE SYSTEM:

The records in the system may contain the following types of information on a participating enrollees:

- a. Personal Identifying Information (Name, Social Security Number, Date of Birth, Gender, Phone number etc)
- b. Address (Current, Mailing) c. Dependent Information (Spouse,
- Dependents and their addresses) d. Employment information
- e. Health Care Provider information including debarred provider information
 - f. Health care coverage information.
 - g. Health care procedure information.
- h. Health care diagnosis information.
- i. Provider charges and reimbursement information on the above coverage, procedures and diagnoses.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

Authority is provided by 5 U.S.C. 8910 and the Patient Protection and Affordable Care Act of 2010.

PURPOSE:

The purpose of this system of records is to provide a central and comprehensive database from which OPM may analyze Federal Employee Health Benefit Program (FEHBP), National Pre-Existing Condition Insurance Program (program commencing August 2010), and Multi-State Option Plan (program commencing January 2014), and actively manage all three programs to ensure the best value for the enrollees and taxpayers. OPM will collect, manage, and analyze health services data on an ongoing basis by establishing regular data feeds from the various plans. In many instances, the data will be deidentified for specific analyses that provide flexible queries of the data set for general demographic queries, riskadjusted profiles, and comparison of chronically ill patients and other useful analytics; and engage in econometric modeling of, among other things, health trends, risk adjustment methodologies, pharmacy pricing, and negotiation.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Routine uses 1, 3 through 7 of the Prefatory Statement at the beginning of OPM's system notices apply to the records maintained within this system.

1. For Law Enforcement Purposes—To disclose pertinent information to the appropriate Federal, State, or local agency responsible for investigating, prosecuting, enforcing, or implementing a statute, rule, regulation, or order, where OPM becomes aware of an
