[Project No. 13331-001]

City of Quincy, IL; Notice of Intent To File License Application, Filing of Pre-Application Document, and Approving Use of the Traditional Licensing Process

September 24, 2010.

a. *Type of Filing:* Notice of Intent (NOI) to File License Application and Request to Use the Traditional Licensing Process.

b. *Project No.* 13331-001.

c. *Dated Filed:* August 12, 2010.

d. *Submitted By:* City of Quincy, Illinois.

e. *Name of Project:* Upper Mississippi River Lock and Dam No. 24 Project.

f. *Location:* At the U.S. Army Corps of Engineers' (Corps') Upper Mississippi River Lock and Dam No. 24 on the Mississippi River in Calhoun County, Illinois, and Pike County, Missouri, near the town of Clarksville, Missouri. As currently proposed in the NOI and the Pre-Application Document (PAD) the project would occupy about 10 acres of United States lands administered by the Corps.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 808(b)(1) and 18 CFR 5.5 of the Commission's regulations.

h. *Potential Applicant Contact:* Mr. Chuck Bevelheimer, Director, Planning and Development, City of Quincy, 730 Maine Street, Quincy, IL 62301; or at (217) 228-4500.

i. *FERC Contact:* Joseph Adamson at (202) 502-8085; or e-mail at joseph.adamson@ferc.gov.

j. On August 12, 2010, the City of Quincy, Illinois filed its request to use the Traditional Licensing Process and provided public notice of its request. In a letter dated September 22, 2010, the Director, Division of Hydropower Licensing, approved the City of Quincy, Illinois' request to use the Traditional Licensing Process.

k. *With this notice, we are initiating informal consultation with:* (a) The U.S. Fish and Wildlife Service under section 7 of the Endangered Species Act and the joint agency regulations thereunder at 50 CFR, Part 402; and (b) the Illinois and Missouri Historic Preservation Officers, as required by section 106 of the National Historic Preservation Act, and the implementing regulations of the Advisory Council on Historic Preservation at 36 CFR 800.2.

l. With this notice, we are designating the City of Quincy, Illinois as the Commission's non-federal

representative for carrying out informal consultation, pursuant to section 7 of the Endangered Species Act, and section 106 of the National Historic Preservation Act.

m. The City of Quincy, Illinois filed a PAD, including a proposed process plan and schedule with the Commission, pursuant to 18 CFR 5.5 of the Commission's regulations.

n. A copy of the PAD is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site (<http://www.ferc.gov>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCONlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in paragraph h.

o. Register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filing and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. CP10-496-000]

Cameron LNG, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Cameron LNG Export Project and Request for Comments on Environmental Issues

September 29, 2010.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Cameron LNG Export Project involving the export of liquefied natural gas (LNG) from the existing LNG terminal by Cameron LNG, LLC (Cameron LNG) in Cameron Parish, Louisiana. This EA will be used by the Commission in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission

will use to gather input from the public and interested agencies on the project. Your input will help the Commission staff determine what issues need to be evaluated in the EA. Please note that the scoping period will close on October 29, 2010.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives are asked to notify their constituents of this planned project and encourage them to comment on their areas of concern.

Summary of the Proposed Project

Cameron LNG proposes to export LNG from its existing LNG terminal in Cameron Parish, Louisiana. The Cameron LNG Export Project would allow Cameron LNG's customers to export up to 250 billion cubic feet of foreign-sourced LNG over a two year period. According to Cameron LNG, its project would provide additional flexibility and marketing opportunities to its customers.

The general location of the existing Cameron LNG terminal is shown in Appendix 1.¹

Land Requirements

Based on the preliminary information, construction of the Cameron LNG Export Project would not involve any facility modifications; therefore, there would be no land disturbance.

The EA Process

The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from an action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires us² to discover and address concerns the public may have about proposals. This process is referred to as "scoping". The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this notice, the Commission requests public comments on the scope of the issues to address in the EA. All comments received will be considered during the preparation of the EA.

In the EA we will discuss impacts that could occur as a result of the

¹ The appendices referenced in this notice are not being printed in the **Federal Register**. Copies of appendices were sent to all those receiving this notice in the mail and are available at <http://www.ferc.gov> using the link called "eLibrary" or from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426, or call (202) 502-8371. For instructions on connecting to eLibrary, refer to the last page of this notice.

² "We," "us," and "our" refer to the environmental staff of the Commission's Office of Energy Projects.
