Preliminary Results of Administrative Review

In accordance with 19 CFR 351.221(b)(4)(i), we have calculated an individual subsidy rate for Starbright for the POR. We preliminarily determine the total countervailable subsidy to be 30.87 percent *ad valorem*.

Assessment Rates/Cash Deposits

If these preliminary results are adopted in our final results of this review, 15 days after publication of the final results of this review the Department will instruct CBP to liquidate shipments of OTR Tires by Starbright entered or withdrawn from warehouse, for consumption from December 17, 2007 through December 31, 2008, at 30.87 percent *ad valorem* of the entered value. In keeping with the Agreement on Subsidies and Countervailing Measures of the World Trade Organization, shipments entered, or withdrawn from warehouse, for consumption on or after April 15, 2008, and on or before September 4, 2008, the period between the expiration of "provisional measures" and the publication of the final affirmative injury determination of the U.S. International Trade Commission, will be liquidated without regard to countervailing duties.

The Department will also instruct CBP to collect cash deposits of estimated countervailing duties at the rate of 30.87 percent *ad valorem* of the entered value on shipments of the subject merchandise produced by Starbright, entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. We will instruct CBP to continue to collect cash deposits for non-reviewed companies at the applicable company-specific or all-others rate established in the investigation.
