

SUPPLEMENTARY INFORMATION:

Title: Livestock and Meat Market Reports.

OMB Number: 0581–0154.

Expiration Date of Approval: 04–29–2011.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621–1627) directs and authorizes the collection and dissemination of marketing information including adequate outlook information, on a market area basis, for the purpose of anticipating and meeting consumer requirements aiding in the maintenance of farm income and to bring about a balance between production and utilization.

Under this market news program, AMS issues market news reports covering the livestock and meat trade, which encompasses a wide range of industry contacts, including packers, processors, producers, brokers, and retailers. These reports are compiled on a voluntary basis, in cooperation with the livestock and meat industry. The information provided by respondents initiates market news reporting, which must be timely, accurate, unbiased, and continuous if it is to be meaningful to the industry. The livestock and meat industry requested that AMS issue livestock and meat market reports in order to assist them in making informed production and marketing decisions. In addition, several Government agencies that purchase meat for various Federal programs use this data in making their purchasing decisions. The information must be collected, compiled, and disseminated by an impartial third-party, in a manner which protects the confidentiality of the reporting entity. AMS is in the best position to provide this service.
