

may submit a resume as an alternative. The information contained in the OF 612 is incorporated in the online Resume Builder on the USAJOBS Web site. The need to maintain the OF 612 as an alternative means of applying for Federal positions no longer exists as job seekers now have the option to either build or upload resumes. This action is being taken to facilitate a more seamless employment application process for both Federal agencies and job seekers, consistent with the goals of Federal hiring reform. We estimate it will take approximately 38 minutes to initially complete the Resume Builder, depending on the amount of information the applicant wishes to include, and approximately five minutes to initially complete the Applicant Profile. We estimate over 3,500,000 new USAJOBS accounts will be submitted annually. The total annual estimated burden is 2,508,333 hours.
