Proposed Collection; Comment Request; California Health Interview Survey Cancer Control Module (CHIS-CCM) 2011 (NCI)

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection: Title: California Health Interview Survey Cancer Control Module (CHIS-CCM) 2010. *Type of Information Collection Request:*

Revision. Need and Use of Information Collection: The NCI has sponsored five Cancer Control Modules in the California Health Interview Survey (CHIS), and will be sponsoring a sixth to be administered in 2011. CHIS is a telephone survey that collects population-based, standardized health-related data to assess California's progress in meeting Healthy People 2010 objectives for the nation and the State. The CHIS sample is designed to provide statistically reliable estimates statewide, for California counties, and for California's ethnically and racially

diverse population. Initiated by the UCLA Center for Health Policy Research, the California Department of Health Services, and the California Public Health Institute, the survey is funded by a number of public and private sources. It was first administered in 2001 to 55,428 adults and subsequently in 2003 to 42,043 adults, in 2005 to 43,020 adults, and in 2007 to 48,150 adults. These adults are a representative sample of California's non-institutionalized population living in households. CHIS 2011 is planned for continual administration to 48,150 adults and 3,316 adolescent Californians. This study will allow NCI to examine patterns and trends in cancer screening and follow-up, as well as to study other cancer-related topics such as tobacco control, diet, physical activity, obesity, and human papillomavirus. Additionally, CHIS is designed to be comparable to the National Health Interview Survey (NHIS) data in order to conduct comparative analyses. CHIS provides enhanced estimates for cancer risk factors and screening among racial/ethnic minority populations. *Frequency of Response:* Once. *Affected public:* Individuals. *Types of Respondents:* U.S. adults and adolescents (persons 12 years of age and older). The total annual burden hours requested are 2,177 (see Table 1). There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

TABLE 1—ESTIMATES OF ANNUALIZED HOUR BURDEN

Type of respondent	Form type	Number of respondents	Frequency of response	Average time per response—minutes/hours	Annual hour burden
Adults	Adult Pilot	50	1	8/60 (0.133)	6.67

Submission for OMB Review; Comment Request

Title: Income Withholding for Support (IWO).
OMB No.: 0970-0154.

Description

Use of the OMB-approved Income Withholding for Support form falls under the authority of section 466 of the Act, 42 U.S.C. 666. Section 466(b)(6)(A)(ii) of the Act requires that the notice given to the employer for income withholding in IV-D cases shall be in a standard format prescribed by the Secretary, and contain only such information as may be necessary for the employer to comply with the withholding order for all IV-D cases. Section 466(a)(8)(B)(iii) of the Act requires that section 466(b)(6)(A)(ii) of the Act be applicable also to non-IV-D income withholding orders. These provisions clearly require all individuals and entities to use a form developed by the Secretary of HHS to notify employers of the income withholding order for child support in all IV-D and non-IV-D cases.

OCSE requires States' automated systems to be able to automatically generate and download data to the OMB approved income withholding form. If

child support orders are established by the child support agency, necessary information is already contained within the automated system for downloading into income withholding orders. If a court or other tribunal has issued a child support order, then agency staff enter the terms of the order into the automated system for use in issuing income withholding orders. Copies of the income withholding order are made for all necessary parties, and copies are transmitted to the employer/income withholder by mail or through the OCSE electronic income withholding order (e-IWO) portal.

The Income Withholding for Support form and instructions were updated for consistency and clarity in light of numerous comments suggesting changes, based on comments received during the 60-day comment period of the 1st **Federal Register** Notice publication.

Respondents: State Child Support Agencies and Tribes.
