

appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

Pipeline Safety: Control Room Management/Human Factors

AGENCY: Pipeline and Hazardous Materials Safety Administration, DOT.

ACTION: Notice of proposed rulemaking; Extension of comment period.

SUMMARY: On September 17, 2010, PHMSA published a Control Room Management/Human Factors notice of proposed rulemaking (NPRM) proposing to expedite the program implementation deadlines to August 1, 2011, for most of the requirements, except for certain

provisions regarding adequate information and alarm management, which would have a program implementation deadline of August 1, 2012. PHMSA has received a request to extend the comment period in order to have more time to evaluate the NPRM. PHMSA has concurred in part with this request and has extended the comment period from November 16, 2010, to December 3, 2010.

DATES: The closing date for filing comments is extended from November 16, 2010, until December 3, 2010.

SUPPLEMENTARY INFORMATION: On September 17, 2010 (75 FR 56972), PHMSA published a NPRM proposing to expedite the program implementation deadlines of the Control Room Management/Human Factors rule at 49 CFR 192.631 and 195.446. The NPRM proposes to expedite the program implementation deadline from February 1, 2013, to August 1, 2011, for most of the requirements, except for certain provisions regarding adequate information and alarm management, which would have a program implementation deadline of August 1, 2012.

On November 4, 2010, the Interstate Natural Gas Association of America (INGAA) requested PHMSA to extend the NPRM comment period deadline from November 16, 2010, to December 20, 2010, to give INGAA's members the opportunity to ask questions about the rule and to engage in open discussions with the agency at PHMSA's Control Room Management Implementation workshop to be held on November 17, 2010, in Houston, Texas (75 FR 67450, November 2, 2010) prior to submitting comments. PHMSA planned this workshop to review several technical elements of the new regulations and to provide opportunities for attendees to ask questions about the rule and to engage in open discussions with PHMSA and each other.

PHMSA has concurred in part with INGAA's request and has extended the comment period from November 16, 2010, to December 3, 2010. This extension will provide sufficient time for commenters to submit comments after the workshop.

Issued in Washington, DC, on November 8, 2010.

Jeffrey D. Wiese,

Associate Administrator for Pipeline Safety.
