

evaluating the adequacy of all water conservation plans developed by project contractors, including those plans required by section 210 of the Reclamation Reform Act of 1982.” Also, according to Section 3405(e)(1), these criteria must be developed “* * * with the purpose of promoting the highest level of water use efficiency reasonably achievable by project contractors using best available cost-effective technology and best management practices.” These criteria state that all parties (Contractors) that contract with Reclamation for water supplies (municipal and industrial contracts over 2,000 acre-feet and agricultural contracts over 2,000 irrigable acres) must prepare Plans that contain the following information:

1. Description of the District
 2. Inventory of Water Resources
 3. Best Management Practices (BMPs) for Agricultural Contractors
 4. BMPs for Urban Contractors
 5. Plan Implementation
 6. Exemption Process
 7. Regional Criteria
 8. Five-Year Revisions
- Reclamation will evaluate Plans based on these criteria. A copy of these Plans will be available for review at Reclamation’s Mid-Pacific (MP) Regional Office located in Sacramento, California, and the local area office. Our practice is to make comments, including names and home addresses of respondents, available for public review.

Public Disclosure

Before including your name, address, phone number, e-mail address, or other personal identifying information in your

comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

If you wish to review a copy of these Plans, please contact Ms. Christy Ritenour to find the office nearest you.

Dated: September 22, 2010.

Richard J. Woodley,
Regional Resources Manager, Mid-Pacific
Region, Bureau of Reclamation.

BILLING CODE 4310-MN-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management, Regulation and Enforcement

Environmental Documents Prepared in Support of Oil and Gas Activities on the Alaska Outer Continental Shelf

AGENCY: Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE), Interior.

ACTION: Notice of Availability of Recent Environmental Assessments and Findings of No Significant Impact Prepared by the BOEMRE.

SUMMARY: Pursuant to Section 102(2)(C) of the National Environmental Policy Act (NEPA), the Council on Environmental Quality regulations (40 CFR parts 1500–1508), and the Department of the Interior regulations on NEPA (43 CFR part 46), BOEMRE

announces the availability of Environmental Assessments (EA) and Findings of No Significant Impact (FONSI) prepared for two oil and gas activities proposed on the Alaska Outer Continental Shelf (OCS) and described in more detail below.

FOR FURTHER INFORMATION CONTACT:

Jeffery Loman, Deputy Regional Director, BOEMRE, Alaska OCS Region, 3801 Centerpoint Drive, Suite 500, Anchorage, Alaska 99503-5823; telephone 1-800-764-2627; e-mail AKwebmaster@boemre.gov. *EA Availability:* To obtain a copy of an EA and/or FONSI, you may contact BOEMRE or visit the BOEMRE Web site at <http://alaska.boemre.gov/>.

SUPPLEMENTARY INFORMATION: BOEMRE prepares EAs that examine the potential environmental effects of proposals for activities to evaluate oil and gas resource potential on the Alaska OCS. Each EA examines the potential environmental effects of activities described in the proposals and presents BOEMRE conclusions regarding the level and significance of those effects. The EAs are used as the basis for determining whether or not approvals of the proposals would significantly affect the quality of the human environment in the sense of NEPA Section 102(2)(C). A FONSI is prepared in those instances where BOEMRE finds that approval of the proposals will not result in significant effects on the quality of the human environment.

This notice constitutes the notice of availability to the public of the following environmental documents:

Project name	Location	Project purpose	FONSI
Shell Exploration & Production, Ancillary Activities, Marine Surveys OCS EIS/EA MMS 2010-022.	Beaufort Sea, Alaska	Conduct Ancillary activities	7/12/2010
Statoil USA E&P Inc. 2010 Seismic Survey OCS EIS/EA BOEMRE 2010-020.	Chukchi Sea, Alaska	Conduct 2D/3D Seismic Surveys ..	7/23/2010

BOEMRE has concluded that the respective proposed actions will not significantly affect the quality of the human environment and that the preparation of EISs is not required. Mitigation measures identified during the NEPA process will be applied for each proposal to ensure environmental protection and safety.

Dated: October 20, 2010.

John Goll,
Regional Director, Alaska OCS Region.

[FWS-R6-R-2010-N257; 60138-1265-6CCP-S3]

South Dakota Prairie Winds Project; Partial Term Relinquishment and Release of Easement for Wind Energy Development; Record of Decision for the Final Environmental Impact Statement

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability: Record of decision.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the availability of a record of decision (ROD) for the final environmental impact statement (FEIS) on the South Dakota Prairie Winds Project issued by the Department of Energy’s Western Area Power Administration (Western), and the Department of Agriculture’s Rural Utilities Service (RUS). Under the National Environmental Policy Act of 1969 (NEPA), as amended, and its implementing regulations, the Service participated as a cooperating agency in
