Request for Comments: OTS may not
conduct or sponsor an information
collection, and respondents are not
required to respond to an information
collection, unless the information
collection displays a currently valid
OMB control number.

In this notice, OTS is soliciting
comments concerning the following
information collection.

Statutory Requirement: 12 U.S.C.
1464(v) imposes reporting requirements
for savings associations.

OMB Control Number: 1550-0023.

Form Number: 1313.

Type of Review: Revision of currently
approved collections.

Frequency of Response: Quarterly;
annually.

Affected Public: Business or other for-
profit.

Estimated Number of Respondents:
753 savings associations.

*Estimated Burden Hours per
Respondent:* 60.0 hours average for
quarterly schedules and 2.0 hours
average for schedules required only
annually plus recordkeeping of an
average of one hour per quarter.

Estimated Total Annual Burden:
188,712 burden hours.

OTS is proposing to revise the TFR,
which is currently an approved
collection of information, in March
2011. The effect on reporting burden of
the proposed revisions to the TFR
requirements will vary from institution
to institution depending on the
institution's asset size and its
involvement with the types of activities
or transactions to which the proposed
changes apply.

The proposed TFR changes that
would take effect as of March 31, 2011
would change the reporting frequency
for the number and market value of
collective investment funds and
common trust funds data reported in
Memorandum Item 3 of Schedule FS,
revise several existing lines, add new
lines to the TFR, and add a new
Schedule VI, Variable Interest Entities.

OTS estimates that the
implementation of these reporting
revisions will result in an increase in
the current reporting burden imposed
by the TFR on all savings associations.

As part of the approval process, we
invite comments addressing one or more
of the following points:

a. Whether the proposed revisions to
the TFR collections of information are
necessary for the proper performance of
the agency's functions, including
whether the information has practical
utility;

b. The accuracy of the agency's
estimate of the burden of the collection
of information;

c. Ways to enhance the quality,
utility, and clarity of the information to
be collected;

d. Ways to minimize the burden of
information collections on respondents,
including through the use of automated
collection techniques, the Internet, or
other forms of information technology;
and

e. Estimates of capital or start-up costs
and costs of operation, maintenance,
and purchase of services to provide
information.

OTS will summarize the comments
received and include them in the
request for OMB approval. All
comments will become a matter of
public record.

Dated: November 10, 2010.
