Process and Deadline for Submitting Nominations: Any interested person or organization may nominate qualified individuals in the areas of expertise described above for possible service on this expert Panel. Nominations should be submitted in electronic format (which is preferred over hard copy) following the instructions for "Nominating Experts to Advisory Panels and Ad Hoc Committees Being Formed" provided on the SAB Web site. The instructions can be accessed through the "Nomination of Experts" link on the blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>. advisory committees or national professional organizations.

Persons having questions about the nomination procedures, or who are unable to submit nominations through the SAB Web site, should contact Dr. K. Jack Kooyoomjian, DFO, as indicated above in this notice. Nominations should be submitted in time to arrive no later than December 15, 2010. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The EPA SAB Staff Office will acknowledge receipt of nominations. The names and bio-sketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the SAB Web site at <http://www.epa.gov/sab>. Public comments on this List of Candidates will be accepted for 21 calendar days. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

For the EPA SAB Staff Office, a review panel includes candidates who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. In forming this expert panel, the SAB Staff Office will consider public comments on the List of Candidates, information provided by the candidates themselves, and background information independently gathered by the SAB Staff Office. Selection criteria to be used for Panel membership include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) availability and willingness to serve; (c) absence of financial conflicts of interest; (d) absence of an appearance of a lack of impartiality; and (e) skills working in committees, subcommittees and advisory panels; and, (f) for the Panel as a whole, diversity of expertise and viewpoints.

The SAB Staff Office's evaluation of an absence of financial conflicts of interest will include a review of the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows Government officials to determine whether there is a statutory conflict

between that person's public responsibilities (which includes membership on an EPA Federal advisory committee) and private interests and activities, or the appearance of a lack of impartiality, as defined by Federal regulation. The form may be viewed and downloaded from the following URL address <http://www.epa.gov/sab/pdf/epaform3110-48.pdf>.

The approved policy under which the EPA SAB Office selects subcommittees and review panels is described in the following document: *Overview of the Panel Formation Process at the Environmental Protection Agency Science Advisory Board* (EPA-SAB-EG-02-010), which is posted on the SAB Web site at <http://www.epa.gov/sab/pdf/ec02010.pdf>.

Dated: November 18, 2010.

SUPPLEMENTARY INFORMATION:**Proposed Information Collection Activities**

Under the PRA, 44 U.S.C. 3501-3521, Federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor. "Collection of information" means agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. 44 U.S.C. 3502(3), 5 CFR 1320.3(c). Because the number of

entities affected by the Commission's requests will exceed ten, the Commission plans to seek OMB clearance under the PRA. As required by § 3506(c)(2)(A) of the PRA, the Commission is providing this opportunity for public comment before requesting that OMB extend the existing paperwork clearance for the information collection requirements associated with the Commission's regulations under the FTC's Informal Dispute Settlement Procedures Rule (the Dispute Settlement Rule or Rule) (OMB Control Number 3084-0113), 16 CFR 703.

The Dispute Settlement Rule is one of three rules¹ that the FTC implemented pursuant to requirements of the Magnuson-Moss Warranty Act, 15 U.S.C. 2301 *et seq.* (Warranty Act or Act).² The Dispute Settlement Rule, 16 CFR 703, specifies the minimum standards which must be met by any informal dispute settlement mechanism (IDSM) that is incorporated into a written consumer product warranty and which the consumer must use before pursuing legal remedies under the Act in court. In enacting the Warranty Act, Congress recognized the potential benefits of consumer dispute mechanisms as an alternative to the judicial process. Section 110(a) of the Act sets out the Congressional policy to "encourage warrantors to establish procedures whereby consumer disputes are fairly and expeditiously settled through informal dispute settlement mechanisms" and erected a framework for their establishment.³ As an incentive to warrantors to establish IDSMs, Congress provided in Section 110(a)(3) that warrantors may incorporate into their written consumer product warranties a requirement that a consumer must resort to an IDSM before pursuing a legal remedy under the Act for breach of warranty.⁴ To ensure fairness to consumers, however, Congress also directed that, if a warrantor were to incorporate such a "prior resort requirement" into its written warranty, the warrantor must comply with the minimum standards set by the Commission for such IDSMs.⁵ Section 110(a)(2) of the Act directed the Commission to establish those minimum standards.⁶

The Dispute Settlement Rule contains standards for IDSMs, including

¹ The other two rules relate to the information that must appear in any written warranty offered on a consumer product costing more than \$15 and the pre-sale availability of warranty terms.
