13, 2010, the FHWA published a "Notice of Final Federal Agency Actions on Proposed Highway in Indiana" in the **Federal Register** at (75 FR 49547) for the Section 3, 25.73 mile I–69 project in Daviess and Greene Counties. Notice is hereby given that, subsequent to the earlier FHWA notice, the USACE has taken final agency actions within the meaning of 23 U.S.C. 139(l)(1) by issuing permits and approvals for the highway project. The actions by the USACE, related final actions by other Federal agencies, and the laws under which such actions were taken, are described in the USACE decisions and its project records, referenced as Section 404 Water Quality Permit, Number LRL-2010-39-djd. That information is available by contacting the USACE at the address provided above.

As part of the Section 3 project, which begins at the terminus of the Section 2 project, there are six crossings of water resources requiring individual permits from the USACE, including streams, open water and emergent, scrub-shrub and forested wetlands. Subject to the permit conditions, INDOT is permitted to discharge fill material below the Ordinary Highway Water mark of 8,925 linear feet of Doan's Creek and intermittent and ephemeral tributaries of Eagan Ditch and Doan's Creek, and to discharge fill material into 4.64 acres of open water and emergent, scrub-shrub and forested wetlands adjacent to First Creek and Doan's Creek in constructing these crossings. In addition, in two letters dated January 20, 2010 and May 4, 2010, the USACE has authorized impacts at 32 other sites under their jurisdiction within Section 3 of the I-69 project in Daviess and Greene Counties via the Regional General Permit No. 1 issued jointly by the Louisville and Chicago Districts on December 15, 2009.

On January 7, 2010, INDOT filed an application with the USACE for authorization under Section 404 of the Clean Water Act, 33 U.S.C. 1344, to construct the 25.73 mile Section 3 I-69 project. On July 14, 2010, the USACE took final action in issuing the Section 404 Water Quality Permit for the Section 3 I-69 project, Number LRL-2010-39-djd, as described in the USACE decision and its administrative record for the project. A Notice of Limitation on Claims for Judicial Review of Actions by FHWA, United States Fish and Wildlife Service (USFWS), DOI, and USACE was published in the Federal Register on August 13, 2010 (75 FR 49547). On September 7, 2010, the USACE suspended the Section 404 Water Quality Permit, Number LRL-2010–39-djd, after a review of the permit file revealed that the procedural requirements of 33 CFR 327.4, the USACE regulation regarding public hearing determinations, had not been followed prior to issuance of the permit. On September 15, 2010, after ensuring

that all necessary procedural requirements had been complied with, the USACE reinstated the Section 404 Water Quality Permit, Number LRL– 2010–39-djd.

The actions by the Federal agencies on the project, and the laws under which such actions were taken, are described in the Section 404 Water Quality Permit and Regional General Permit letters, and in other documents in the FHWA administrative record for the project. The ROD and other documents from the FHWA administrative record files for the Section 3 project are available by contacting FHWA, USACE or INDOT at the addresses provided above. Project information may also be available through the INDOT I-69 Project Web site at http://www.i69indvevn.org/.

This notice applies to all USACE and other Federal agency final actions taken after the issuance date of the FHWA **Federal Register** notice described above. The laws under which actions were taken include, but are not limited to: 1. 1. National Environmental Policy Act (NEPA) [42 U.S.C. 4321–4351]. 2. Federal-Aid Highway Act [23 U.S.C. 109 and 23 U.S.C. 128]. 3. Clean Water Act, 33 U.S.C. 1251–1377 (Section 404, Section 402, Section 401, Section 319).

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Authority: 23 U.S.C. 139(l)(1).

Issued on: November 19, 2010.

The section defines an officer as "an owner, director, chief executive officer, chief financial officer, safety director, vehicle maintenance supervisor, and driver supervisor of a motor carrier, regardless of title attached to these functions, and any person, however designated, exercising
