Any questions concerning this application may be directed to John E. Griffin, Counsel, Tennessee Gas Pipeline Company, 569 Brookwood Village, Suite 501, Birmingham, Alabama 35209, by telephone at (205) 425-7412, by facsimile at (205) 327-2253, or by e-mail at john.e.griffin@elpaso.com; or Thomas Joyce, Manager, Rates and Regulatory Affairs, Tennessee Gas Pipeline Company, 1001 Louisiana Street, Houston, Texas 77002, by telephone at (713) 420-3299, by facsimile at (713) 420-1605, or by e-mail at tom.joyce@elpaso.com.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the

Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Docket Nos. CP11-31-000; PF10-16-000]

Transcontinental Gas Pipeline Company, LLC; Notice of Application

November 23, 2010.

Take notice that on November 12, 2010, Transcontinental Gas Pipeline Company, LLC (Transco), 2800 Post Oak Boulevard, Houston, Texas 77056-6106, filed an application in Docket No. CP11-31-000 pursuant to sections 7(b) and 7(c) of the Natural Gas Act (NGA), and Part 157(A) of the Commission's

regulations for a certificate of public convenience and necessity authorizing Transco to construct and operate its Mid-Atlantic Connector Expansion Project. This expansion project will provide 142,000 dekatherms per day (Dth/d) of incremental firm transportation service to Virginia Power Services Energy Corp. Inc., and Baltimore Gas and Electric Company (MAC Shippers). Specifically, Transco proposes to construct approximately 2.78 miles of new pipeline looping facilities and replacement pipeline facilities on Transco's existing mainline, 18,950 horsepower of additional compression at two existing compressor stations, and construction or modification of above-ground facilities. The project will also involve the retirement of four compressor units at Transco's existing Compressor Station 175 in Fluvanna County, Virginia and abandonment in place of approximately 0.12 miles of Mainline B pipeline in Fairfax County, Virginia. Transco seeks authorization under NGA section 7(b) and Part 157 of the Commission's regulations for the abandonment of these facilities. The application is on file with the Commission and open to public inspection. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Any questions regarding this application should be directed to Bela Patel, Regulatory Analyst, Transcontinental Gas Pipe Line Company, P.O. Box 1396, Houston, TX, 77251-1396, or by calling (713) 215-2659 (telephone).

Transco states that by letter dated April 23, 2010, in Docket No. PF10-16-000, the Commission's Office of Energy Projects granted Transco's April 15, 2010, request to utilize the National Environmental Policy Act (NEPA) Pre-Filing Process for the Projects. Transco has also submitted an applicant-prepared Draft Environmental Assessment that was prepared during the Pre-Filing Process that was included with this application. Now, as of the filing of this application on November 12, 2010, the NEPA Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP11-31-000, as noted in the caption of this notice.

Pursuant to Section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.
