BILLING CODE 4165-15-P

**DEPARTMENT OF HEALTH AND
 HUMAN SERVICES**

**Health Resources and Services
 Administration**

**Agency Information Collection
 Activities: Proposed Collection:
 Comment Request**

In compliance with the requirement for opportunity for public comment on proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, e-mail paperwork@hrsa.gov or call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) The proposed collection of information for the proper performance of the functions of the agency; (b) the accuracy of the agency's estimate of the burden of the

proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

**Proposed Project Title: Evaluation of
 the text4baby Program—(OMB No.
 0915-NEW)—NEW**

Background: Text4baby is a free mobile health education service that provides pregnant women and mothers with an infant under one year of age with free, evidence-based, brief health messages. An educational program led by the National Healthy Mothers, Healthy Babies coalition (HMHB), text4baby is intended to help women in having safe and healthy pregnancies by empowering them with information they need to give their babies the best possible start in life. The text4baby service was launched nationally in February 2010. Text4baby is made possible through a broad, public-private partnership that includes government and tribal agencies, corporations, academic institutions, professional associations, and non-profit organizations.

The goal of this program evaluation is to examine the characteristics of women who utilize the text4baby mobile phone-based program, assess their experience with the program, and determine whether text4baby is associated with timely access to prenatal care and

healthy behaviors during pregnancy and through the first year of the infant's life. This information will help the Department of Health and Human Services to understand the usefulness of using mobile technology and the potential for expanding and/or adapting mobile phone messaging to additional health topics or conditions. The study may also offer insight into planning and implementing similar projects.

Purpose: The purpose of the evaluation is to assess behavior change and the usefulness of the text4baby messages on current subscribers to the program. There are four components to the evaluation:

- Mobile survey of current subscribers to the text4baby program.
- Consumer Safety Net Survey of subscribers and non-subscribers to the text4baby program in safety net settings.
- Focus Groups of current subscribers to ensure more in-depth qualitative data are collected regarding the usefulness of the messages and the program.
- Key Informant Interviews of a diverse mix of providers in safety net settings to examine any utility from the provider perspective. Providers could include case managers, outreach workers, and health educators.
- Key Stakeholder Interviews of community stakeholders that have built partnerships and coalitions around text4baby at a local, State, regional or national level to examine factors related to coalition building, sustainability and partnership.

The estimated response burden is as follows:

Instrument	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
Mobile Survey	10,000	4	40,000	.16	6,667
Consumer Safety Net Survey	2,000	2	4,000	1	4,000
Focus Groups	80	1	80	1.5	120
Key Informant Interviews	20	1	20	.75	15
Stakeholder Interviews	30	1	30	.75	22.5
Total	12,130	44,130	10,824.50

E-mail comments to paperwork@hrsa.gov or mail the HRSA Reports Clearance Officer, Room 10-33, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: November 23, 2010.

Robert Hendricks,
 Director, Division of Policy and Information
 Coordination.

BILLING CODE 4165-15-P

**DEPARTMENT OF HEALTH AND
 HUMAN SERVICES**

**Health Resources and Services
 Administration**

**Agency Information Collection
 Activities: Submission for OMB
 Review; Comment Request**

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget

(OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). To request a copy of the clearance requests submitted to OMB for review, e-mail paperwork@hrsa.gov or call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Performance Report for Grants and Cooperative Agreements (OMB No. 0915-0061)—Revision

The HRSA Bureau of Health Professions (BHP) Performance Report for Grants and Cooperative Agreements is used to report grantee activities for Title VII and VIII health professions and nursing education and training programs. The reporting system measures the grantee's success in meeting (1) the objectives of the grant project, and (2) the cross-cutting outcomes developed for the Bureau of Health Professions' Title VII and VIII health professions and nursing education and training programs. The

reporting system has two parts: Part I of the performance report is designed to collect information on activities specific to a given program and Part II, the core performance measures, collects data on overall project performance related to BHP's strategic goals, objectives, outcomes, and legislative requirements. Progress will be measured based on the objectives of the grant project, and outcome measures and indicators developed by the Bureau to meet requirements of the Government Performance and Results Act (GPRA) and other statutory authorities.

BHP is revising the grantee burden reported on the previous information

collection request. As a result of eliminating multiple race combinations for two or more races, the hours per response has decreased. In addition, measures will be added to collect outcome data on a new program as a result of the Affordable Care Act (*i.e.*, State Workforce Development Grants). New measures will also be added to collect outcome data on the State Primary Care Offices (PCOs) program and the Oral Health Program. Based on a more accurate estimation of BHP grantees reporting, the hours per response is approximately 8.5 hours.

The estimated annual burden is as follows:

Report	Number of respondents	Responses per respondent	Total responses	Hours per response	Total burden hours
BHP Performance Report	1,100	1	1,100	8.5	9,350
Total	1,100	1,100	9,350

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to the desk officer for HRSA, either by e-mail to OIRA_submission@omb.eop.gov or by fax to 202-395-6974. Please direct all correspondence to the "attention of the desk officer for HRSA."

Dated: November 23, 2010.

Robert Hendricks,

Director, Division of Policy and Information Coordination.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute Of Biomedical Imaging And Bioengineering; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which

would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Biomedical Imaging and Bioengineering Special Emphasis Panel; Biomed-ISS 2011/01.

Date: January 28, 2011.

Time: 8 a.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, 7400 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Ruth Grossman, DDS, Scientific Review Officer, National Institute of Biomedical Imaging and Bioengineering, National Institutes of Health, 6707 Democracy Boulevard, Room 960, Bethesda, MD 20892. 301-496-8775. grossmans@mail.nih.gov.

Dated: November 23, 2010.

Jennifer Spaeth,

Director, Office of Federal Advisory Committee Policy.
