

Permit No. 13544 authorizes the permit holder to characterize the aggregations of Kemp's ridley, loggerhead, green, and hawksbill sea turtles in the nearshore waters of Lee County in southwest Florida by annually performing capture, weighing, passive integrated transponder (PIT) tagging, biopsy sampling; and for subsets of animals, fecal sampling and external tagging). The modified permit authorizes researchers to additionally satellite tag a subset of Kemp's ridley and loggerhead sea turtles to determine their seasonal distribution and possible migrations in the southeastern Gulf of Mexico. The permit modification is valid until the permit expires on April 30, 2014.

Permit No. 13307-01 authorizes the permit holder to address fine-scale temporal and spatial patterns of sea turtle habitat use, ecology, and genetic origin within the Dry Tortugas National Park by annually capturing, weighing, flipper tagging, PIT tagging, and sampling (blood, tissue, feces, and lavage) green, hawksbill, and loggerhead sea turtles, a subset of which may be externally tagged with satellite and acoustic transmitters. The permit modification increases the number of green sea turtles that may be captured to 80 per year due to the high rate of recent capture success. The modification is valid until the permit expires on June 30, 2013.

Issuance of these permits, as required by the ESA, was based on a finding that such permits (1) Were applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) are consistent with the purposes and policies set forth in section 2 of the ESA.

Acceptance of Public Submissions on a Study Mandated by the Dodd-Frank Wall Street Reform and Consumer Protection Act, Section 719(b)

AGENCY: Commodity Futures Trading Commission; Securities and Exchange Commission.

ACTION: Request for Comments.

SUMMARY: The Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act") was enacted on July 21, 2010. The Dodd-Frank Act, among other things, mandates that the Commodity Futures Trading Commission ("CFTC") and the Securities and Exchange Commission ("SEC") conduct a study on "the feasibility of requiring the derivatives industry to adopt standardized computer-readable algorithmic descriptions which may be used to describe complex and standardized financial derivatives." These algorithmic descriptions should be designed to "facilitate computerized analysis of individual derivative contracts and to calculate net exposures to complex derivatives." The study also must consider the extent to which the algorithmic description, "together with standardized and extensible legal definitions, may serve as the binding legal definition of derivative contracts." In connection with this study, the staff of the CFTC and SEC seek responses of interested parties to the questions set forth below.

DATES: The CFTC will accept submissions on behalf of both agencies in response to the questions through December 31, 2010.

ADDRESSES: You may submit responses to the CFTC, identified in the subject

line with "algorithmic study" by any of the following methods:

- *CFTC Agency Web site:* <http://www.cftc.gov>, via its Comments Online process at <http://comments.cftc.gov>. Follow the instructions for submitting comments through the Web site.

- *Mail:* David A. Stawick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581.

Please submit your comments using only one method.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov> and <http://www.sec.gov>. You should submit only information that you wish to make available publicly. If you wish the CFTC to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in CFTC Regulation 145.9, 17 CFR 145.9.

The CFTC and the SEC reserve the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> and <http://www.sec.gov> that they may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments may be accessible under the Freedom of Information Act.

SUPPLEMENTARY INFORMATION: On July 21, 2010, The Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"), Public Law 111-203, was enacted.

Pursuant to Title VII, Sec. 719(b) of Dodd-Frank, the Commodity Futures Trading Commission with the Securities and Exchange Commission, jointly, must report to Congress by March of 2011 on "the feasibility of requiring the derivatives industry to adopt standardized computer-readable algorithmic descriptions which may be
