SUPPLEMENTARY INFORMATION: The HIHWNMS Advisory Council was established in March 1996 to assure continued public participation in the management of the sanctuary. Since its establishment, the council has played a vital role in the decisions affecting the Sanctuary surrounding the main Hawaiian Islands.

The council's seventeen voting members represent a variety of local user groups, as well as the general public.

The council is supported by four committees: An Executive Committee chaired by the Sanctuary Advisory Council Chair, a Research Committee chaired by the Research Representative, an Education Committee chaired by the Education Representative, and a Conservation Committee chaired by the Conservation Representative, each respectively dealing with matters concerning research, education and resource protection.

The council represents the coordination link between the sanctuary and the State and Federal management agencies, user groups, researchers, educators, policy makers, and other various groups that help to focus efforts and attention on the humpback whale and its habitat around the main Hawaiian Islands.

The council functions in an advisory capacity to the sanctuary management and is instrumental in helping to develop policies and program goals, and to identify education, outreach, research, long-term monitoring, resource protection and revenue enhancement priorities. The council works in concert with the sanctuary management by keeping him or her informed about issues of concern throughout the sanctuary, offering recommendations on specific issues, and aiding in achieving the goals of the sanctuary within the context of marine programs and policies of Hawaii.

Authority: 16 U.S.C. Sections 1431, *et seq.* (Federal Domestic Assistance Catalog Number 11.429 Marine Sanctuary Program)

Dated: December 1, 2010.

Daniel J. Basta,

Director, Office of National Marine Sanctuaries, National Ocean Service, National Oceanic and Atmospheric Administration.

[File No. 14334]

Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for permit amendment.

SUMMARY: Notice is hereby given that the Alaska SeaLife Center (ASLC), 301 Railway Avenue, Seward, AK 99664 (Dr. Ian Dutton, Responsible Party), has applied for an amendment to Scientific Research Permit No. 14334.

DATES: Written, telefaxed, or e-mail comments must be received on or before January 12, 2011.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the *Features* box on the Applications and Permits for Protected Species home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 14334 from the list of available applications.

These documents are also available upon written request or by appointment in the following office(s):

Permits, Conservation and Education Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 713-2289; fax (301) 713-0376; and Alaska Region, NMFS, P.O. Box 21668, Juneau, AK 99802-1668; phone (907) 586-7221; fax (907) 586-7249.

Written comments on this application should be submitted to the Chief, Permits, Conservation and Education Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by e-mail to NMFS.Pr1Comments@noaa.gov. Please include the File No. in the subject line of the e-mail comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits, Conservation and Education Division at the address listed

above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT:

Amy Sloan or Tammy Adams, (301) 713-2289.

SUPPLEMENTARY INFORMATION: The subject amendment to Permit No. 14334 is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226).

Permit No. 14334, issued on August 17, 2009 (74 FR 44822), authorizes the permit holder to investigate reproductive physiology of adult Steller sea lions (*Eumetopias jubatus*; permanently captive, eastern stock) and survival, growth, and physiology of captive-bred offspring. They may also deploy biotelemetry instruments on the captives to develop and validate methods for monitoring wild Steller sea lions. The permit authorized two mortalities of captive animals over the duration of the permit. Two mortalities have occurred: A pregnant adult female and a near-term fetus. The permit holder is requesting the permit be amended to allow for two more mortalities of captive sea lions for the duration of the permit, which expires on August 31, 2014.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activities proposed are consistent with the Preferred Alternative in the Final Programmatic Environmental Impact Statement for Steller Sea Lion and Northern Fur Seal Research (NMFS 2007), and that issuance of the permit would not have a significant adverse impact on the human environment.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: December 7, 2010.

Tammy C. Adams,

Acting Chief, Permits, Conservation and Education Division, Office of Protected Resources, National Marine Fisheries Service.
