

Connection service type	Annual fee per physical port
1 Gb Copper	\$5,000
1 Gb Fiber	7,500
10 Gb Fiber	10,000

Beginning January 1, 2011, the Exchange proposes to amend these physical port fees to offer Members and non-members the option of being charged month to month. The fees will be 20% higher on a monthly basis to offset increased administrative costs associated with processing monthly payments. The proposed monthly fees based on connectivity service type are as follows:

Connection service type	Annual fee per physical port
1 Gb Copper	\$500
1 Gb Fiber	750
10 Gb Fiber	1,000

The Exchange will implement the proposed rule change on January 1, 2011.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of the Act,⁷ in general, and furthers the objectives of Section 6(b)(4),⁸ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange believes that its proposed logical and physical port fees are reasonable in light of the benefits to members and non-members. In addition, the Exchange believes that its fees are equitably allocated among its constituents based upon the number of access ports that they require to submit orders to the Exchange. Furthermore, the fees associated with logical and physical ports will be equitably allocated to all constituents as the fees will be uniform in application to all Members and non-members. Finally, the Exchange believes that the fees obtained will enable it to cover its infrastructure costs associated with allowing Members and non-members to establish logical and physical ports to connect to the Exchange's systems and continue to maintain and improve its infrastructure, market technology, and services.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that

is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act⁹ and Rule 19b-4(f)(2)¹⁰ thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; The NASDAQ OMX BX Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Change Implementation Date for Direct Access Fees

December 10, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 9, 2010, The NASDAQ BX OMX, Inc. LLC ("BX" or "The Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a rule change to assess "direct access" fees on customers receiving Exchange data within the Exchange's co-location facility beginning on January 1, 2011, rather than December 1, 2010. Direct access fees applicable to such customers were Noticed [sic] in SR-BX-2010-081,³ immediately effective as of the filing on November 24, 2010, with an implementation date of December 1, 2010. In order to assure complete and clear prior notification to all affected customers, the Exchange is changing the implementation date of the fee schedule change to January 1, 2011.

This change does not require a change in the language of the rule itself.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, BX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. BX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In SR-BX-2010-081,⁴ the Exchange amended its fee schedule to correct an anomaly that effectively exempted certain customers residing within the Exchange's co-location facility from paying a monthly fee for direct access to Exchange data, while customers that receive data from an extranet and reside outside the co-location facility are assessed the fee. The inequity was a result of the definition of "direct access" in the fee schedule, which did not by its terms clearly apply to data feeds provided to customers through distributors located within the co-located facility. That rule filing expanded the definition of "direct access" and operated to assess the same direct access fee on all firms that have

access to the Exchange's raw data feeds, whether co-located or not.

The Notice of Filing and Immediate Effectiveness for this fee contained an implementation date of December 1, 2010. The effort to identify and notify all customers potentially affected by this rule change, however, has proven more time-consuming than expected. To assure that all customers that will be assessed the direct access fee have adequate prior notification, the Exchange is delaying implementation of the fee until January 1, 2011. None of the co-located customers that would have been newly subject to the direct access fee during December 2010 as a result of the fee amendment in SR-BX-2010-081 will be charged this fee during December 2010.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and with Sections 6(b)(5) of the Act,⁶ in particular. The proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The filing ensures clear and complete prior notification to customers affected by a fee change that permits transparent, uniform fees for direct access to Exchange data for all customers, whether co-located or not.

In addition, the Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general, and with Section 6(b)(4) of the Act,⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which The [sic] Exchange operates or controls. The Exchange notes that delayed implementation of the amendment will best serve the interests of customers affected by the fee change.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
