

practices, promote just and equitable principles of trade, foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, protect investors and the public interest. NASDAQ believes that the proposed rule change is consistent with these requirements because exempting member firms that are entirely withdrawing as a market maker in a Qualified Security from the thirty-day written notice requirement of Rule 7018(i)(3) eliminates an inconsistency in the current rules concerning the notice a market maker is required to provide NASDAQ when it determines to withdraw from making a market in Qualified Securities. NASDAQ believes a member firm should be able to withdraw from making a market in any security under the terms of Rule 4620(a) and not be subject to an additional notice requirement that was designed to apply to member firms that would continue to participate as a registered market maker in the security. Further, NASDAQ does not believe that compelling a member firm wishing to withdraw as a market maker in a Qualified Security to participate as a market maker and DLP in that security during the thirty-day notice period is beneficial to the member firm or the quality of the market in the Qualified Security.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section

19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(6) thereunder.¹¹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

NASDAQ has asked that the Commission waive the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii).¹² NASDAQ has requested such waiver to quickly cure an unintended inconsistency in the notice requirements for withdrawing as a market maker in certain securities. Based on NASDAQ's representations that the proposed rule change is non-controversial and that no novel issues are presented in this proposed rule change, the Commission sees no reason to delay implementation of the proposed rule change. The Commission believes it is consistent with the protection of investors and the public interest to waive the 30-day operative delay, and hereby grants such waiver.¹³

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend its Schedule of Fees regarding its Competitive Market Maker ("CMM") Inactivity Fee. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

ISE proposes to amend its Schedule of Fees regarding its CMM Inactivity Fee. ISE currently charges the owner³ of a CMM membership an Inactivity Fee of \$25,000 a month per trading right if the owner does not (i) itself operate the CMM membership, (ii) lease the CMM Trading Right to another member which operates the CMM membership, or (iii) avail itself to one of the exemptions specifically authorized in the Notes to the CMM Inactivity Fee on the Schedule of Fees. Pursuant to ISE Rules, however, a CMM Member may not operate more than 10 CMM Trading Rights.⁴ A CMM that has more than 10 trading rights must lease the additional trading rights or else be subject to the CMM Inactivity Fee.

The Exchange has developed an enhanced technology trading platform and will migrate from its current trading system to the new trading system over

³ The Note to the CMM Inactivity Fee on the Schedule of Fees provides that the fee applies to the owner of the CMM membership, unless the inactive CMM membership is subject to a lease that was approved by the Exchange prior to the effective date of the fee, in which case the fee would apply to the lessee.

⁴ See ISE Rule 303(b).

time (the "Transition Period"). The Exchange believes that during the Transition Period it would be impractical for a firm to become a new market maker on the Exchange due to the level of financial and technical resources that a new market maker would be required to commit. As a result, CMMs who are actively seeking to lease their trading rights during the Transition Period are unlikely to find a firm that would be willing to commit such resources. Therefore, ISE proposes to waive its current CMM Inactivity Fee until the new trading system has been completely rolled out.⁵ This proposed fee waiver would only apply to trading rights in excess of the 10 trading rights that a CMM is permitted to operate provided that CMM Member owns more than 10 trading rights.

2. Basis

The basis under the Securities Exchange Act of 1934 (the "Exchange Act") for this proposed rule change is the requirement under Section 6(b)(4)⁶ that an exchange have an equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. In particular, the proposed fee waiver is simply a recognition of the fact that it would be impractical for a new firm to become a member of the Exchange during the Transition Period, and thus, serves to effectively maintain low fees during this time.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section

⁵ The Exchange has been working with its members to assure a smooth transition to the new trading platform and will continue to do so up to the launch of the new technology and during the Transition Period.

19(b)(3)(A)(ii) of the Act.⁷ At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63532; File No. SR-NYSE-2010-77]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change, as Modified by Amendment No. 1, by New York Stock Exchange LLC in Connection with the Proposal of NYSE Euronext to Eliminate the Requirement of an 80% Supermajority Vote to Amend or Repeal Section 3.1 of its Bylaws

December 13, 2010.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on November 30, 2010, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, and II below, which Items have been prepared by the self-regulatory organization. On December 3, 2010, the Exchange filed Amendment No. 1 to the proposed rule change. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is submitting this rule filing in connection with the proposal of its ultimate parent, NYSE Euronext (the "Corporation"),⁴ to amend its bylaws (the "Bylaws") to eliminate the

requirement that the affirmative vote of the holders of not less than 80% of the votes entitled to be cast by the holders of the outstanding capital stock of the Corporation entitled to vote generally in the election of directors is necessary for the stockholders to amend or repeal Article III, Section 3.1 of the Bylaws. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and the Exchange's website at www.nyse.com.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is submitting this rule filing in connection with the proposal of the Corporation, which is the ultimate parent company of the Exchange, to amend its Bylaws to eliminate the requirement that the affirmative vote of the holders of not less than 80% of the votes entitled to be cast by the holders of the outstanding capital stock of the Corporation entitled to vote generally in the election of directors is necessary for the stockholders to amend or repeal Article III, Section 3.1 of the Bylaws relating to the general powers of the Board of Directors of the Corporation ("Board"). Section 3.1 also provides that the number of Directors on the Board shall be fixed and changed from time to time exclusively by the Board pursuant to a resolution adopted by two-thirds of the directors then in office. Elimination of this 80% "supermajority" voting provision as it relates to Section 3.1 will have the effect that only a majority of the same number of votes entitled to be cast will be required to amend or repeal this section of the Bylaws.

Background

In connection with its 2010 Annual Meeting, the Corporation received a stockholder proposal to eliminate the

supermajority voting requirements necessary to amend certain provisions of the Corporation's certificate of incorporation ("Certificate") and Bylaws. Following receipt of that proposal, the Corporation began discussions with its regulators regarding the possibility of amending its Certificate and Bylaws to implement the proposal. While recognizing the interest of stockholders in simple majority voting to amend these basic governing documents, the Corporation was also cognizant of the fact that, at the time of the merger between Euronext and NYSE Group that created the Corporation, both European and U.S. regulators were concerned about insuring a balance of U.S. and European perspectives in the governance of the newly formed entity. The regulators and the respective boards of directors viewed the combination of Euronext and NYSE Group as a "merger of equals," and balanced representation between American and European representatives on the Board was the primary means by which the principle of equality was to be implemented. The regulatory authorities approved supermajority voting to amend the governance provisions in the Certificate and Bylaws considered to be most important in maintaining this balance.

Following further discussions between the Corporation and its regulators, the regulators have indicated that they would not oppose a change to a simple majority provision for certain of the provisions currently subject to an 80% voting requirement, including Article III, Section 3.1 of the Bylaws. Section 3.1 reads as follows:

"General Powers. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. The number of directors on the Board of Directors shall be fixed and changed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by two-thirds of the directors then in office. In addition to the powers and authorities expressly conferred upon them by these Bylaws, the Board of Directors may exercise all such powers of the Corporation and do all such lawful acts and things as are not by statute or by the Certificate of Incorporation or by these Bylaws required to be exercised or done by the stockholders. A director need not be a stockholder."

The purpose of this proposed rule change is to implement the decision of the Board to remove the 80% supermajority voting requirement with respect to the aforementioned Bylaw provision.
