

Field Office, 1661 S. 4th Street, El Centro, California 92243.

FOR FURTHER INFORMATION CONTACT: For further information and/or to have your name added to our mailing list, contact Greg Thomsen, telephone: (951) 697-5237; address: BLM California Desert District Office, 22835 Calle San Juan de Los Lagos, Moreno Valley, California 92553-9046; or via e-mail to catulewind@blm.gov.

SUPPLEMENTARY INFORMATION: The BLM has received applications for rights-of-way (ROW) for two separate, but related, proposed projects in eastern San Diego County. Pacific Wind Development (Iberdrola) has submitted an application to construct, operate, maintain and decommission a 200 megawatt (MW) wind energy generation facility known as the Tule Wind Project. The proposed project site is located on approximately 15,390 acres of land under multiple jurisdictions summarized as follows: Private land—1,040 acres, California State Lands Commission land—619 acres, BLM land—12,133 acres and Tribal land belonging to the Campo/Cuyapaipe/Manzanita Tribes—1,598 acres. The project site is located in the In-Ko-Pah Mountains near the McCain Valley in San Diego County, north of the unincorporated community of Boulevard. The project will consist of approximately 134 wind turbines (1.5 to 3.0 MW each), an overhead and underground 34.5 kilovolt (kV) collector system leading to a collector substation, an operations and maintenance facility, and a 138 kV transmission line as the generation tie-in to the existing Boulevard Substation.

The SDG&E has submitted an application to construct the ECO Project, including a 138 kV transmission line that would traverse approximately 1.5 miles of public land managed by the BLM. The ECO Project includes the construction of a 500/230/138 kV substation on private land near the community of Jacumba, a short loop-in to the Southwest Power Link, the 138 kV transmission line mentioned above, a rebuild of the existing Boulevard Substation, and a rebuild of the existing White Star Communication Facility.

The BLM's purpose and need for the Tule and ECO Projects is to respond to Iberdrola Renewable/Pacific Wind Development and SDG&E applications for a ROW grant to construct, operate, and decommission an energy generation project and a 138 kV transmission line on public lands in compliance with Title V of FLPMA (43 U.S.C. 1761), BLM ROW regulations, and other applicable Federal laws and regulations. The BLM will decide whether to approve, approve

with modification, or deny issuance of a ROW grant to Iberdrola Renewable/Pacific Wind Development and SDG&E for the proposed Tule and ECO Projects, respectively. The BLM will take into consideration the provisions of the Energy Policy Act of 2005 and Secretarial Orders 3283 *Enhancing Renewable Energy Development on the Public Lands* and 3285 *Renewable Energy Development by the Department of the Interior* in responding to the Iberdrola and SDG&E applications.

The BLM's proposed action in the EIS/EIR is to authorize the Tule Project and the ECO Project in response to the applications received from Iberdrola Renewable/Pacific Wind Development and SDG&E, respectively. The BLM will analyze the following alternatives: for the ECO project; the Proposed Action and No Action alternatives; for the Tule Wind Project; the Proposed Action, authorization of the proposed project with a relocation of the 138 kV generation tie-in line, authorization of the proposed project with a reduction in the number of wind turbines, authorization of the 113 wind turbines, but moving them away from critical habitat and areas having wilderness characteristics, and a No Action alternative.

The BLM will use the NEPA process to satisfy the public involvement requirement for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided in 36 CFR 800.2(d)(3). Native American Tribal consultations are being conducted in accordance with BLM and Department of the Interior policy, and Tribal concerns will be given due consideration, including impacts on Indian trust assets.

The BLM has entered into a Memorandum of Understanding (MOU) with the CPUC to conduct a joint environmental review of the Tule/ECO Projects on Federal land managed by the BLM. The CPUC is the CEQA lead agency preparing the EIR and the BLM is the lead agency preparing the EIS. The BLM and CPUC have agreed through the MOU to conduct joint environmental review of the project in a single combined NEPA/CEQA process and document. The Draft EIS/EIR evaluates the potential impacts of the proposed Tule and ECO Projects' impacts on air quality, biological resources, cultural resources, water resources, geological resources and hazards, land use, noise, paleontological resources, public health, socioeconomic, soils, traffic and transportation, visual resources, wilderness characteristics, and other resources. A Notice of Intent to Prepare

an EIS/EIR for the Tule and ECO Projects in San Diego County, California was published in the **Federal Register** on December 29, 2009 (74 FR 68860). The BLM held two public scoping meetings in Jacumba and Boulevard, California, on January 27 and 28, 2010, respectively. The formal scoping period ended on February 15, 2010. Please note that public comments will be available for public review and disclosure at the above address during regular business hours (8 a.m. to 4 p.m.), Monday through Friday, except holidays.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 40 CFR 1506.6 and 1506.10 and 43 CFR 1610.2.

Thomas Pogacnik,

Deputy State Director, Natural Resources.

National Register of Historic Places; Notification of Pending Nominations and Related Actions

Nominations for the following properties being considered for listing or related actions in the National Register were received by the National Park Service before December 4, 2010. Pursuant to sections 60.13 or 60.15 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation. Comments may be forwarded by United States Postal Service, to the National Register of Historic Places, National Park Service, 1849 C St., NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St., NW., 8th floor, Washington DC 20005; or by fax, 202-371-6447. Written or faxed comments should be submitted by January 19, 2011.

Before including your address, phone number, e-mail address, or other personal identifying information in your

comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE 4312–51–P

**INTERNATIONAL TRADE
COMMISSION**

**Notice of Receipt of Complaint;
Solicitation of Comments Relating to
the Public Interest**

AGENCY: U.S. International Trade
Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *In Re Certain Mobile Telephones and Modems*, DN 2777; the Commission is soliciting comments on any public interest issues raised by the complaint.

FOR FURTHER INFORMATION CONTACT:

Marilyn R. Abbott, Secretary to the Commission, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205–2000. The public version of the complaint can be accessed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>, and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205–2000.

General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint filed on behalf of Sony Corporation on December 28, 2010. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain mobile telephones and modems. The complaint names as respondents LG Electronics, Inc. of Seoul, Korea; LG Electronics U.S.A., Inc. of Englewood Cliffs, NJ; and LG Electronics Mobilecomm U.S.A., Inc. of San Diego, CA.

The complainant, proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five pages in length, on any public interest issues raised by the complaint. Comments should address whether issuance of an exclusion order and/or a cease and desist order in this investigation would negatively affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) Explain how the articles potentially subject to the orders are used in the United States;
- (ii) Identify any public health, safety, or welfare concerns in the United States relating to the potential orders;
- (iii) Indicate the extent to which like or directly competitive articles are
