

pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 16, 2010.

The Luigi Bormioli facility (35 employees, 19 acres, \$11.5 million in annual shipments) is located at 1656 Fuldner Rd. (Joey Zorn Blvd.), Barnwell, South Carolina. The facility is used for the storage and distribution of glass fragrance containers and glass tableware products (duty rate ranges from 3 to 38%).

FTZ procedures could exempt Luigi Bormioli from customs duty payments on foreign products that are re-exported (approximately 2 percent of shipments). On its domestic sales, the company would be able to defer duty payments until merchandise is shipped from the plant and entered for consumption. FTZ designation would further allow Luigi Bormioli to realize logistical benefits through the use of weekly customs entry procedures. The request indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Maureen Hinman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 26, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 11, 2010.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

[Docket 11–2010]

Foreign-Trade Zone 59—Lincoln, NE Application for Subzone CNH America, LLC (Agricultural Machinery Manufacturing) Grand Island, NE

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Lincoln Foreign Trade Zone, Inc., grantee of FTZ 59, requesting special-purpose subzone status for the agricultural combine and hay tools manufacturing facilities of CNH America, LLC (CNH), located in Grand Island, Nebraska. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on February 16, 2010.

The CNH facilities (1,274 employees) consist of two sites in Grand Island, Nebraska on approximately 171.5 acres: *Site 1* (132.52 acres)—main plant located at 3445 W. Stolley Park Road; and *Site 2* (38.93 acres)—warehouse located at 1011 Claude Road. The facilities are used for the manufacture, testing, warehousing and distribution of combines and hay tools. The CNH facilities annually can produce up to 5,960 combines and 4,600 hay tools. Components and materials sourced from abroad (representing 10% of the value of the finished product) include: Articles of plastic (incl. tubes, hoses, fittings, stoppers and lids); articles of rubber (incl. belts, tubes, hoses, grommets, plugs, mountings, sheets, strips); tires; gaskets; washers; safety glass; iron tubes; pipes and fittings; cable; fasteners; springs; articles of steel; sign plates; internal-combustion engines and parts; pumps; filters; parts for agricultural equipment; valves; bearings; transmission shafts; electric motors; generators; clutches; brakes; ignitions; electromagnetic couplings; gears; flywheels; pulleys; electrical lighting or signaling equipment; loudspeakers; heaters; defrosters; resistors; switches; relays; lamps; wires; cables; locks and keys; thermostats and measuring instruments (duty rates range from free to 9%).

FTZ procedures could exempt CNH from customs duty payments on the foreign components used in export production. The company anticipates that some 30 percent of the plant's shipments will be exported. On its domestic sales, CNH would be able to choose the duty rates during customs entry procedures that apply to combines

and hay tools (duty-free) for the foreign inputs noted above. FTZ designation would further allow CNH to realize logistical benefits through the use of certain customs entry procedures. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 26, 2010. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 11, 2010.
