[Docket No. RM98-1-000]

Records Governing Off-the Record Communications; Public Notice

March 3, 2010.

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt

of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the

document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document. For assistance, please contact FERC, Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

[Docket No. CP10-71-000]

Questar Pipeline Company; Notice of Request Under Blanket Authorization

March 2, 2010.

Take notice that on February 22, 2010, Questar Pipeline Company (Questar),

180 East 100 South, P.O. Box 45360, Salt Lake City, Utah 84145, filed in Docket No. CP10-71-000, an application, pursuant to sections 157.205 and 157.210 of the Commission's Regulations under the Natural Gas Act (NGA) as amended, to reconfigure its facilities at the existing Fidlar compressor station in Uintah County, Utah, and uprate the maximum allowable operating pressure (MAOP) on Questar's Mainline 68 in Uintah County, Utah, and Rio Blanco County, Colorado, under Questar's blanket certificate issued in Docket No. CP82-491-000,¹ all as more fully set forth in

¹ 20 FERC ¶ 62,580 (1982).

the application which is on file with the Commission and open to the public for inspection.

Questar proposes to reconfigure its facilities at the existing Fidlar compressor station (Fidlar), located at the junction of Questar's existing Main Line (ML) 103, 80, and 40 in Uintah County, Utah, and uprate Questar's ML 68 to a MAOP of 1290 psig via gas-pressure testing. Questar states that the proposed changes would result in an incremental capacity increase of approximately 25,000 Dekatherms per day and enable a dual-stage operating mode to provide greater flexibility and increased efficiencies at Fidlar. Questar further states that the proposed
