

determination within one month from the filing of the appeal brief. To assist appellants in complying with 37 CFR 41.37, the BPAI has posted checklists for notices of appeal and appeal briefs and a list of eight reasons appeal briefs have been previously held to be noncompliant, on the USPTO Web site at http://www.uspto.gov/ip/boards/bpai/procedures/guidance_noncompliant_briefs.jsp. If the appeal brief is determined to be compliant with 37 CFR 41.37, the Chief Judge will accept the appeal brief and forward it to the examiner for consideration. If the Chief Judge determines that the appeal brief is not compliant with 37 CFR 41.37 and sends appellant a notice of noncompliant brief requiring a corrected brief, appellant will be required to file a corrected brief within the time period set forth in the notice to avoid the dismissal of the appeal. See 37 CFR 41.37(d). The Chief Judge will also have the sole responsibility for determining whether corrected briefs comply with 37 CFR 41.37, and will address any inquiries and petitions regarding notices of noncompliant briefs.

The Chief Judge's responsibility for determining whether appeal briefs comply with 37 CFR 41.37 is not considered a transfer of jurisdiction when an appeal brief is filed, but rather is only a transfer of the specific responsibility of notifying appellant under 37 CFR 41.37(d) of the reasons for non-compliance. The Patent Examining Corps retains the jurisdiction over the application to consider the appeal brief, conduct an appeal conference, draft an examiner's answer, and decide the entry of amendments, evidence, and information disclosure statements filed after final or after the filing of a notice of appeal. Furthermore, petitions concerning the refusal to enter amendments and/or evidence remain delegated to the Patent Examining Corps as provided in the Manual of Patent Examining Procedure (MPEP) §§ 1002.02(b) and (c).

Once the Chief Judge accepts the appeal brief as compliant, an examiner's answer will be provided in the application if the examiner determines that the appeal should be maintained after an appeal conference is conducted. See MPEP §§ 1207-1207.02. The examiner will treat all pending, rejected claims as being on appeal. If the notice of appeal or appeal brief identifies fewer than all of the rejected claims as being appealed, the issue will be addressed by the BPAI panel. The jurisdiction of the application will be transferred to the BPAI when a docketing notice is entered after the time period for filing a reply

brief expires or the examiner acknowledges the receipt and entry of the reply brief. After taking jurisdiction, the BPAI will not return or remand the application to the Patent Examining Corps for issues related to a noncompliant appeal brief.

This notice does not apply to reexamination proceedings. The Office is considering a streamlined procedure for review of briefs filed in reexamination proceedings, in which the Chief Judge will also have the sole responsibility for determining whether briefs filed in ex parte reexamination proceedings comply with 37 CFR 41.37 and briefs filed in inter partes reexamination proceedings comply with 37 CFR 41.67, 41.68, and 41.71.

SUPPLEMENTARY INFORMATION:

The Corporation is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;

Background

The President's Higher Education Community Service Honor Roll program is designed to identify and reward exemplary higher education community service programs and practices. This program helps fulfill the Corporation's strategic goals of engaging Americans, particularly millions of college students, in service, and ensuring that all higher education institutions provide, or stimulate the creation of resources to coordinate service, service-learning, and community partnerships. Beginning with the fifth year of the Honor Roll program, the application will include a special focus area that will highlight the national service priorities of the Administration and the Edward M. Kennedy Serve America Act, by encouraging higher education institutions' efforts to tackle priorities ranging from increasing high school graduation rates to fostering economic opportunity.

Current Action

The Corporation seeks to renew the current information collection. The Corporation is making the following changes to the application and guidance for two reasons. First, to better align the program with the current Administration's goals for service, (i.e., measuring the impact of service in the community, strengthening of civic infrastructures, and building the capacities of nonprofits) the focus of the application is moving away from individual project descriptions toward institutional and long-term support of community service. The Corporation is also revising the Special Focus area competition to align with the current Administration's and Edward M. Kennedy Serve America Act's national service priorities.

Second, as a result of feedback from respondents from the higher education field, we are reducing the number of project descriptions within the application and instructing applicants to align their project/program descriptions to their institution's overall support for community service. These changes will reduce the number of project/program descriptions from five to three but will include expanded opportunity for applicants to demonstrate the connection of this service to their larger institutional commitment to service, and the impact
