

shows changed circumstances sufficient to warrant a review of the order. In accordance with 19 CFR 351.216(d), the Department has determined that the information submitted by Srikanth International includes evidence sufficient to warrant initiating a changed circumstances review. In antidumping duty changed circumstances reviews involving a successor-in-interest determination, the Department typically examines several factors including, but not limited to, changes in the following: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base. *See, e.g., Brake Rotors From the People's Republic of China: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 70 FR 69941 (Nov. 18, 2005); and *Notice of Final Results of Changed-Circumstances Antidumping Duty Administrative Review: Polychloroprene Rubber from Japan*, 67 FR 58 (Jan. 2, 2002). While no single factor or combination of factors will necessarily provide a dispositive indication of a successor-in-interest relationship, the Department will generally consider the new company to be the successor to the previous company if the new company's resulting operation is not materially dissimilar to that of its predecessor. *See, e.g., Fresh and Chilled Atlantic Salmon from Norway: Final Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 9979 (Mar. 1, 1999). Thus, if the record evidence demonstrates that, with respect to the production and sale of subject merchandise, the new company operates as the same business entity as the predecessor company, the Department will accord the new company the same antidumping treatment as its predecessor. *Id.* at 9980.

Based on the information provided in its submission, Srikanth International has provided sufficient evidence to warrant a review to determine if it is the successor-in-interest to NGR. Therefore, pursuant to section 751(b)(1) of the Act and 19 CFR 351.216(d), we are initiating a changed circumstances review.

However, although Srikanth International has provided information regarding the transfer of facilities from NGR to Srikanth International, we require additional time to solicit further information related to the four successor-in-interest factors listed above. Accordingly, we have determined that it would be inappropriate for the Department to expedite this action by combining the preliminary results of review with this notice of initiation, as permitted under 19 CFR 351.221(c)(3)(ii). As a result, the Department is not issuing preliminary results for this changed circumstances review at this time.

The Department expects to issue questionnaires requesting additional information for the review and will publish in the **Federal Register** a notice of preliminary results of changed circumstances review in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i). That notice will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results. The Department will issue its final results of review in accordance with the time limits set forth in 19 CFR 351.216(e).

This notice is in accordance with section 751(b)(1) of the Act.

Dated: March 26, 2010.

John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
