

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Advance Notification of Sunset Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

Background

Every five years, pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”), the Department of Commerce (“the Department”) and the International Trade Commission automatically initiate and conduct a review to determine whether revocation of a countervailing or antidumping duty order or termination of an investigation suspended under section 704 or 734 of

the Act would be likely to lead to continuation or recurrence of dumping or a countervailable subsidy (as the case may be) and of material injury.

Upcoming Sunset Reviews for May 2010

The following Sunset Reviews are scheduled for initiation in May 2010 and will appear in that month’s Notice of Initiation of Five-Year Sunset Reviews.

	Department contact
Antidumping Duty Proceedings	
Chlorinated Isocyanurates from the PRC (A–570–898)	Jennifer Moats, (202) 482–5047.
Chlorinated Isocyanurates from Spain (A–469–814)	Jennifer Moats, (202) 482–5047.
Greige Polyester Cotton Printcloth from the PRC (A–570–101) (3rd Review)	Jennifer Moats, (202) 482–5047.
Iron Construction Castings from Brazil (A–351–503) (3rd Review)	Dana Mermelstein, (202) 482–1391.
Iron Construction Castings from Canada (A–122–503) (3rd Review)	Dana Mermelstein, (202) 482–1391.
Iron Construction Castings from the PRC (A–570–502) (3rd Review)	Dana Mermelstein, (202) 482–1391.
Potassium Permanganate from the PRC (A–570–001) (3rd Review)	Jennifer Moats, (202) 482–5047.
Countervailing Duty Proceedings	
Heavy Iron Construction Castings from Brazil (C–351–504) (3rd Review)	Brandon Farlander, (202) 482–0182.
Suspended Investigations	
No Sunset Review of suspended investigations is scheduled for initiation in May 2010.	

The Department’s procedures for the conduct of Sunset Reviews are set forth in 19 CFR 351.218. Guidance on methodological or analytical issues relevant to the Department’s conduct of Sunset Reviews is set forth in the Department’s Policy Bulletin 98.3—*Policies Regarding the Conduct of Five-year (“Sunset”) Reviews of Antidumping and Countervailing Duty Orders; Policy Bulletin*, 63 FR 18871 (April 16, 1998). The Notice of Initiation of Five-Year (“Sunset”) Reviews provides further information regarding what is required of all parties to participate in Sunset Reviews.

Pursuant to 19 CFR 351.103(c), the Department will maintain and make available a service list for these proceedings. To facilitate the timely preparation of the service list(s), it is requested that those seeking recognition as interested parties to a proceeding contact the Department in writing within 10 days of the publication of the Notice of Initiation.

Please note that if the Department receives a Notice of Intent to Participate from a member of the domestic industry within 15 days of the date of initiation, the review will continue. Thereafter, any interested party wishing to participate in the Sunset Review must

provide substantive comments in response to the notice of initiation no later than 30 days after the date of initiation.

This notice is not required by statute but is published as a service to the international trading community.

Dated: March 17, 2010.

John M. Andersen,
Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XV37

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; availability of fishery plan and request for comment.

SUMMARY: Notice is hereby given that the Washington Department of Fish and Wildlife (WDFW) has submitted a Fishery Management and Evaluation Plan (FMEP) pursuant to the protective regulations promulgated for Snake River steelhead, Snake River spring/summer Chinook, and Snake River fall Chinook salmon under the Endangered Species Act (ESA). The FMEP specifies the future management of freshwater inland recreational fisheries potentially affecting basin steelhead and Chinook salmon in portions of the Snake River basin within the State of Washington. This document serves to notify the public of the availability of the FMEP and associated draft environmental assessment (EA) for comment prior to a decision by NMFS whether to approve the proposed fisheries. All comments received will become part of the public record and will be available for review pursuant to the ESA.

DATES: Comments must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific time on May 3, 2010.

ADDRESSES: Written comments on the application should be addressed to the NMFS Salmon Recovery Division, 1201 NE Lloyd Boulevard, Suite 1100,

Portland, OR 97232, or faxed to 503-872-2737. Comments may be submitted by e-mail. The mailbox address for providing e-mail comments is: WDFWFisheries.nwr@noaa.gov. Include in the subject line of the e-mail comment the following identifier: Comments on Washington's fishery plan.

FOR FURTHER INFORMATION CONTACT: Enrique Patiño, at phone number: (206) 526-4655, or e-mail: Enrique.Patino@noaa.gov.

SUPPLEMENTARY INFORMATION:

Species Covered in This Notice

This notice is relevant to the Snake River Steelhead (*Oncorhynchus mykiss*) Distinct Population Segment (DPS), the Snake River Spring/summer-run Chinook Salmon (*Oncorhynchus tshawytscha*) Evolutionarily Significant Unit (ESU), and the Snake River Fall-run Chinook (*Oncorhynchus tshawytscha*) ESU.

WDFW has submitted to NMFS an FMEP entitled "WDFW Recreational fisheries for summer steelhead, warmwater fish, sturgeon, carp, and other species." The FMEP describes the management of recreational fisheries in the State of Washington, Snake River basin, for adipose-clipped, hatchery-origin summer steelhead, warmwater fish, sturgeon, carp, and other game fish species in a manner that is intended to comply with requirements of the ESA under limit 4 of the 4(d) Rule. The FMEP includes adaptive management measures to limit ESA impacts and proposes conservative incidental harvest regimes on natural-origin members of the affected listed species. As described in the FMEP, the proposed fisheries are expected to result in the mortality of no more than 5%, 1.5%, and 0.2% of any population of listed, natural-origin Snake River steelhead, fall Chinook salmon, and spring/summer Chinook salmon, respectively. The FMEP presents evidence that the abundance of natural-origin fish has trended upwards over the past five years. In addition, the FMEP includes monitoring programs that are intended to ensure that the proposed fisheries and associated incidental take would not reduce the chances of survival and recovery of the affected listed species.

The FMEP includes a provision that directs WDFW to conduct an annual review to determine if completed fisheries were conducted in manner that complied with the guidance provided in the FMEP. Further, WDFW will provide a pre-season planning letter each year to NMFS for concurrence that demonstrates the fisheries intended for

the upcoming season shall be consistent with the fisheries management protocols described in the FMEP.

As specified in the July 10, 2000, ESA 4(d) rule for salmon and steelhead (65 FR 42422) and updated June 28, 2005 (70 FR 37160), NMFS may approve an FMEP if it meets criteria set forth in 50 CFR 223.203(b)(4)(i)(A) through (I). Prior to final approval of an FMEP, NMFS must publish notification announcing its availability for public review and comment.

Authority

Under section 4 of the ESA, the Secretary of Commerce is required to adopt such regulations as he deems necessary and advisable for the conservation of species listed as threatened. The ESA salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005) specifies categories of activities that contribute to the conservation of listed salmonids and sets out the criteria for such activities. Limit 4 of the updated 4(d) rule (50 CFR 223.203(b)(4)) further provides that the prohibitions of paragraph (a) of the updated 4(d) rule (50 CFR 223.203(a)) do not apply to activities associated with fishery harvest provided that an FMEP has been approved by NMFS to be in accordance with the salmon and steelhead 4(d) rule (65 FR 42422, July 10, 2000, as updated in 70 FR 37160, June 28, 2005).

Dated: March 29, 2010.

Therese Conant,

Acting Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

Economic Development Administration

[Docket No.: 100323164-0164-01]

EDA Participation in the Energy Efficient Building Systems Regional Innovation Cluster Initiative

AGENCY: Economic Development Administration (EDA), Department of Commerce.

ACTION: Notice and request for applications.

SUMMARY: EDA announces its participation in the Energy Efficient Building Systems Regional Innovation Cluster Initiative (Initiative), the first pilot project of the Interagency Regional Innovation Clusters Taskforce (Taskforce). The Taskforce has been

charged with developing a replicable and sustainable model for coordinated Federal and regional efforts that foster and use regional innovation clusters to: Develop and demonstrate sustainable and efficient models for attaining national strategic objectives; create and retain Good Jobs (defined below); eliminate gaps between the supply and demand for workers in specialized fields through training and education; increase regional gross domestic product (GDP); promote innovation in science and technology; and enhance the economic, technological, and commercial competitiveness of the United States on the global stage. The Taskforce has selected Energy Efficient Building Systems Design as the topical focus for its first pilot project. The pilot project will be anchored around a Department of Energy (DOE)-funded Energy Innovation Hub and will incorporate elements funded by each of EDA, SBA, and NIST/MEP. Capitalized terms used in this notice and request for applications have the meanings ascribed to them under the heading

SUPPLEMENTARY INFORMATION below.

DATES: Consortia must submit their completed application package pursuant to the instructions set out in this notice and in Section IV of the Joint Federal Funding Opportunity Announcement of the Fiscal Year (FY) 2010 Energy Efficient building Systems Regional Innovation Cluster Initiative (FOA) no later than May 6, 2010, at 5 p.m. (Eastern time).

ADDRESSES: All application forms are available online and may not be requested in hardcopy format. Therefore, unless otherwise specified in the FOA, all forms must be downloaded from <http://www.grants.gov>. As specified in Section IV.I of the FOA, the Consortium must submit six (6) copies of a compact disc (CD), labeled as specified in the FOA, with each CD containing all required forms and narratives from all Co-applicants. Proposals should not be submitted via Grants.gov, but should be delivered no later than 5 p.m. (Eastern time) on May 6, 2010, at the following address: Maureen Klovers; Economic Development Administration; U.S. Department of Commerce; Rm. 7019; 1401 Constitution Avenue, NW.; Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: For additional information please submit questions via e-mail at eric@eda.doc.gov. The FOA, additional information about the funding opportunity, updates, and questions and answers are available at <http://www.energy.gov/hubs/eric.htm>.
