

terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)⁹ of the Act and Rule 19b-4(f)(6)¹⁰ thereunder. The Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing the proposed rule change.

The Exchange has requested that the Commission waive the 30-day operative delay to permit the Exchange to compete with other exchanges whose rules permit concurrent listing of \$3.50 and \$4 strikes for classes similarly participating in both a \$0.50 strike program and a \$1 strike program. The Commission finds that waiver of the operative delay is consistent with the protection of investors and the public interest because such waiver will encourage fair competition among the exchanges. Therefore, the Commission designates the proposal operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

(“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to increase liquidity and to attract order flow by increasing the number of options to be included in the Exchange's current schedule of transaction fees and rebates for adding and removing liquidity.

Specifically, the Exchange proposes to add the following options: Alcoa, Inc. ("AA"); American International Group, Inc. ("AIG"); Advanced Micro Devices, Inc. ("AMD"); AMR Corporation ("AMR"); Caterpillar, Inc. ("CAT"); Cisco Systems, Inc. ("CSCO"); Ford Motor Company ("F"); Direxion Daily Financial Bull 3X Shares ("FAS"); Direxion Daily Financial Bear 3X Shares ("FAZ"); SPDR Gold Trust ("GLD"); Intel Corporation ("INTC"); JPMorgan Chase & Co. ("JPM"); Las Vegas Sands Corp. ("LVS"); MGM Mirage ("MGM"); Micron Technology, Inc. ("MU"); Newmont Mining Corporation ("NEM"); Palm, Inc. ("PALM"); Pfizer, Inc. ("PFE"); Potash Corp./Saskatchewan, Inc. ("POT"); Sandisk Corporation ("SNDK"); AT&T, Inc. ("T"); UAL Corporation ("UAUA"); Verizon Communications, Inc. ("VZ"), and United States Steel Corporation ("X") collectively ("the options"). The options would be subject to the fees and rebates for adding and removing liquidity.

Currently, the Exchange assesses a per-contract transaction charge in multiple options⁵ on five different categories of market participants that submit orders and/or quotes that remove, or "take," liquidity from the Exchange. The per-contract transaction charge depends on the category of market participant submitting an order

⁵ The options that are currently assessed the fees and rebates for adding and removing liquidity are: Standard and Poor's Depository Receipts/SPDRs ("SPY"); the PowerShares QQQ Trust ("QQQ")®; iShares Russell 2000 ("IWM"); Citigroup, Inc. ("C"); Apple, Inc. ("AAPL"); Allstate Corp., ("ALL"); Amazon.com, Inc. ("AMZN"); Bank of America Corporation ("BAC"); Dell, Inc. ("DELL"); Diamonds Trust Series 1 ("DIA"); DryShips, Inc. ("DRYS"); Eastman Kodak, Co. ("EK"); Market Vectors Gold Miners ETF ("GDX"); General Electric Company ("GE"); Goldman Sachs Group, Inc. ("GS"); Microsoft Corporation ("MSFT"); Qualcomm, Inc. ("QCOM"); Research In Motion Ltd. ("RIMM"); Starbucks Corp. ("SBUX"); UltraShort Financials ProShares ("SKF"); iShares Silver Trust ("SLV"); Semiconductor HOLDERS ("SMH"); United States Natural Gas ("UNG"); United States Oil Fund LP Units ("USO"); Ultra Financials ProShares ("UYG"); WynnResorts Ltd. ("WYNN"); and Financial Select Sector SPDR ("XLF").

or quote to the Exchange that removes liquidity.⁶

The market participants are as follows: (i) Specialists, Registered Options Traders ("ROTs"), Streaming Quote Traders ("SQTs")⁷ and Remote Streaming Quote Traders ("RSQTs");⁸ (ii) customers;⁹ (iii) specialists, SQTs and RSQTs that receive Directed Orders ("Directed Participants"¹⁰ or "Directed Specialists, RSQTs, or SQTs"¹¹); (iv) Firms; and (v) broker-dealers.

The per-contract transaction charges are assessed on participants who submit proprietary quotes and/or orders that remove liquidity from the Exchange's market in options listed on the Fee Schedule. The Exchange also assesses a transaction charge to Firms and broker-dealers that add liquidity.

Additionally, the Exchange has in place a per-contract rebate relating to transaction charges for orders or quotations that add liquidity to the Exchange's market in options listed on the fee schedule. The amount of the rebate depends on the category of participant whose order or quote was executed as part of the Phlx disseminated Best Bid and/or Offer.

The Exchange proposes to increase the options transactions charge assessed on Registered Options Traders (on-floor) and Specialists in Sector Index Options from \$.30 to \$.35. The Exchange believes that the increases are necessary for the Exchange to continue to offset certain costs associated with maintaining the Sector Index Options.

⁶ See Securities Exchange Act Release No. 61684 (March 10, 2010), 75 FR 13189 (March 18, 2010) (SR-Phlx-2010-33).

⁷ An SQT is an Exchange Registered Options Trader ("ROT") who has received permission from the Exchange to generate and submit option quotations electronically through an electronic interface with AUTOM via an Exchange approved proprietary electronic quoting device in eligible options to which such SQT is assigned. See Exchange Rule 1014(b)(ii)(A).

⁸ An RSQT is an ROT that is a member or member organization with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically through AUTOM in eligible options to which such RSQT has been assigned. An RSQT may only submit such quotations electronically from off the floor of the Exchange. See Exchange Rule 1014(b)(ii)(B).

⁹ This applies to all customer orders, directed and non-directed.

¹⁰ For purposes of this fee, a Directed Participant is a Specialist, SQT, or RSQT that executes a customer order that is directed to them by an Order Flow Provider and is executed electronically on the Exchange's electronic trading platform for options, PHLX XL II.

¹¹ See Exchange Rule 1080(l), " * * * The term 'Directed Specialist, RSQT, or SQT' means a specialist, RSQT, or SQT that receives a Directed Order." A Directed Participant has a higher quoting requirement as compared with a specialist, SQT or RSQT who is not acting as a Directed Participant. See Exchange Rule 1014.

The Exchange also proposes to amend the Fee Schedule to make technical amendments. Specifically, the Exchange proposes to amend a reference in the Payment For Order Flow Fees.

Currently, the Payment For Order Flow Fee Schedule states that "QQQQ and other options that are trading in the Penny Pilot Program will be assessed a \$.25 per contract fee". The Exchange recently filed a proposed rule change to create transaction fees and rebates for adding and removing liquidity.¹² In that filing, the Exchange stated that Payment for Order Flow fees will not be collected on transactions for transaction fees and rebates for adding and removing liquidity in certain named symbols. The PowerShares QQQ Trust ("QQQQ")[®] is among the named symbols to which the transaction fees and rebates for adding and removing liquidity in certain named symbols are applied. Therefore, the Exchange proposes to remove the language referencing QQQQ from the Payment for Order Flow section of the Fee Schedule as that language was inadvertently not removed at the time of filing the aforementioned rule change.

Additionally, the Exchange recently filed a proposed rule change, which among other things, amended endnote 5 to create a reference to the Monthly Firm Cap.¹³ That cap is actually referred to as the Firm Related Equity Option Cap in the Equity Options Fees portion of the Fee Schedule where the amount of such cap is defined. The Exchange proposes to amend the Fee Schedule to conform the text in endnote 5 to the remainder of the Fee Schedule by removing the term "Monthly Firm Cap" in endnote 5 and replacing the text with the following corrected text "Firm Related Equity Option Cap".

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act¹⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act¹⁵ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members. The Exchange believes that the addition of the options to the fees and rebates for adding and removing liquidity is equitable in that it will apply to all categories of participants in the same

¹² See Securities Exchange Act Release No. 61684 (March 10, 2010), 75 FR 13189 (March 18, 2010) (SR-Phlx-2010-33).

manner. The Exchange also believes that increasing the sector index options fees for Registered Options Traders (on-floor) and Specialists is equitable in that it is in the range of other sector index option options transaction sector index fees.

Additionally, the Exchange believes that the clarifying technical amendments will provide further clarity to the Fee Schedule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁶ and paragraph (f)(2) of Rule 19b-4¹⁷ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61820; File No. SR-OCC-2010-05]

Self-Regulatory Organizations; the Options Clearing Corporation; Notice of Filing of Proposed Rule Change Relating to Cash-Settled Foreign Currency Options With One-Cent Exercise Prices

April 1, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ notice is hereby given that on March 16, 2010, The Options Clearing Corporation ("OCC") filed with the

Securities and Exchange Commission the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by OCC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The proposed rule change would make clear that cash-settled foreign currency options traded on national securities exchanges will be treated and cleared as securities options notwithstanding that they may have a nominal exercise price such as one cent.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, OCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. OCC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In this rule filing, OCC proposes to add a sentence to the Introduction to Article XXII of its By-Laws to make clear that cash-settled foreign currency options traded on national securities exchanges will be treated and cleared as securities options notwithstanding that they may have a nominal exercise price such as one cent.² In its capacity as a "derivatives clearing organization" registered as such with the Commodities Futures Trading Commission ("CFTC"), OCC is also filing this proposed rule change with the CFTC for prior approval pursuant to provisions of the Commodity Exchange Act ("CEA") in order to foreclose any potential argument that the clearing by OCC of such options as securities options constitutes a violation of the CEA. The products involved here are essentially the same as cash-settled foreign currency options that OCC currently clears except for the low strike price.

OCC states that the proposed interpretation of OCC's By-Laws is
