GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000-0168; Docket 2010-0083; Sequence 20]

Submission for OMB Review; American Recovery and Reinvestment Act—One-Time Reporting, Compensation Requirements

AGENCY: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for comments regarding an extension to an existing OMB clearance (9000-0168).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Federal Acquisition Regulation, Regulatory Secretariat, will be submitting to the

Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning the one-time reporting, compensation requirements. A request for public comments was published in the **Federal Register** at 74 FR 14639, on March 31, 2009.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before May 13, 2010.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the Regulatory Secretariat (MVCB), General Services Administration, 1800 F Street, NW., Room 4041, Washington, DC 20405. SUPPLEMENTARY INFORMATION:

A. Purpose

A one-time reporting elements for prime contractors and first-tier subcontractors to publicly disclose the names and total compensation of each of the contractor's or first-tier subcontractor's five most highly compensated officers, for the calendar year in which the award was made ((i)(2) and (i)(4)(ix)) (see applicability requirements in (i)(2) and (i)(4)(ix)). The parenthetical reference after each reporting element description refers to the FAR clause.

While Section 1512(c)(4) requires reporting on all FFATA data elements, including the compensation information, it limits the prime's

reporting responsibility to first-tier subcontractors that meet the applicability requirements. The FAR clause requires this compensation disclosure for prime contractors as well because to exclude prime contractors while requiring disclosure for first-tier subcontractors would be unsupported given the transparency goals of both FFATA and the Recovery Act.

There are likely to be some prime contractors that already provide public access to the compensation of senior executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 or section 6104 of the Internal Revenue Code of 1986. For purposes of this analysis, the Government estimates 15% of prime contractors already provide such public access. There are also likely to be some first-tier subcontractors that do not meet either of the revenue thresholds for applicability. For purposes of this analysis, the Government estimates 25 percent of first-tier subcontractors will not have to disclose compensation information because they do not meet the revenue thresholds.

The hours estimated per response include the time for reviewing instructions, searching existing data sources, gathering the data, and completing the collection of information.

B. Annual Reporting Burden

Respondents: 82,198.

Responses per Respondent: 1.25.

Total Annual Responses: 102,747.

Hours per Response: 3.

Total Burden Hours: 308,242.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1800 F Street, NW., Room 4041, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0168, American Recovery and Reinvestment Act—One-time Reporting, Compensation Requirements, in all correspondence.

Dated: April 1, 2010.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Findings of Research Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) and the Assistant Secretary for Health have taken final action in the following case:

Emily M. Horvath, Indiana University: Based on the Respondent's own admissions in sworn testimony and as set forth below, Indiana University (IU) and the U.S. Public Health Service (PHS) found that Ms. Emily M. Horvath, former graduate student, IU, engaged in research misconduct in research supported by National Center for Complementary and Alternative Medicine (NCCAM), National Institutes of Health (NIH), grant R01 AT001846 and Predoctoral Fellowship Award F31 AT003977-01, and National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), NIH, grant R01 DK082773-01.

Specifically, the Respondent admitted to falsifying the original research data when entering values into computer programs for statistical analysis with the goal of reducing the magnitude of errors within groups, thereby gaining greater statistical power. The Respondent, IU, and ORI agree that the figures identified below in specific grant applications and published papers are false and that these falsifications rise to the level of research misconduct:

- Respondent admitted to falsifying Figures 6B, 18, 22, 23B, and 24 in NCCAM, NIH, grant application R01 AT001846-06, "Chromium Enhanced Insulin & GLUT4 Action via Lipid Rafts," Jeffery S. Elmendorf, P.I. (07/01/04-05/31/20) (application was withdrawn in May 2009).

- Respondent admitted to falsifying Figures 6B, 8, 9D, 16D, and 21 in NIDDK, NIH, grant application R01 DK082773-01, "Mechanisms of Membrane-Based Insulin Resistance & Therapeutic Reversal Strategies," Jeffrey S. Elmendorf, P.I. (3/15/09-01/31/13).

- Respondent admitted to falsifying Figures 2C, 5, 6D, and 11 in the publication: Horvath, E.M., Tacket, L., McCarthy, A.M., Raman, P., Brozinick, J.T., & Elmendorf, J.S. "Antidiabetogenic Effects of Chromium Mitigate Hyperinsulinemia-induced Cellular Insulin Resistance via Correction of Plasma Membrane Cholesterol Imbalance." *Molecular Endocrinology* 22:937-950, 2008.

- Respondent admitted to falsifying Figure 2C in the publication: Bhonagiri, P., Patter, G.R., Horvath, E.M., Habegger, K.M., McCarthy, A.M., Elmendorf, J.S. "Hexosamine biosynthesis pathway flux contributes to insulin resistance via altering membrane PIP₂ and cortical F-actin." *Endocrinology* 150(4):1636-1645, 2009.

Respondent also admitted to falsifying Figures 2C, 5, 6D, 11, 13C, 15A, 16A, 17A, 18, 19C, and 20A, which are included in her thesis, "Cholesterol-dependent mechanism(s) of insulin-sensitizing therapeutics." The Ph.D. was awarded to the Respondent on December 31, 2008. Respondent was supported by a Predoctoral Fellowship Award F31 AT003977 from 09/30/2006 to 09/29/2009.

Ms. Horvath has entered into a Voluntary Settlement Agreement in which she has voluntarily agreed, for a period of three (3) years, beginning on March 22, 2010:

(1) To exclude herself from serving in any advisory capacity to PHS, including but not limited to service on any PHS advisory committee, board, and/or peer review committee, or as a consultant;

(2) That any institution that submits an application for PHS support for a research project on which the Respondent's participation is proposed or that uses her in any capacity on PHS-supported research, or that submits a report of PHS-funded research in which she is involved, must concurrently submit a plan for supervision of her duties to the funding agency for approval; the supervisory plan must be designed to ensure the scientific integrity of her research contribution; respondent agreed that she will not participate in any PHS-supported research until such a supervisory plan is submitted to ORI;

(3) That any institution employing her submits, in conjunction with each application for PHS funds or report, manuscript, or abstract of PHS-funded research in which the Respondent is involved, a certification that the data provided by the Respondent are based on actual experiments or are otherwise legitimately derived and that the data, procedures, analyses, and methodology are accurately reported in the application, report, manuscript, or abstract; the Respondent must ensure that the institution sends a copy of the certification to ORI; and

(4) That she will write letters, approved by ORI, to relevant journal editors of the published papers cited above to state what she falsified/fabricated and to provide corrections if she has not already done so. These letters should state that her
