SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61854; File No. SR-NASDAQ-2010-044]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify Fees for Members Using the NASDAQ Market Center

April 6, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 30, 2010, The NASDAQ Stock Market LLC ("NASDAQ") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by NASDAQ. Pursuant to Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ NASDAQ has designated this proposal as establishing or changing a due, fee, or other charge, which renders the proposed rule change effective upon filing. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

NASDAQ proposes to modify pricing for NASDAQ members using the NASDAQ Market Center. NASDAQ will implement the proposed change on April 1, 2010. The text of the proposed rule change is available at <http://nasdaqomx.cchwallstreet.com/>, at NASDAQ's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASDAQ included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NASDAQ has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is making modifications to its pricing schedule for execution of orders in securities priced at \$1 or more through the NASDAQ Market Center.⁵ First, NASDAQ is eliminating volume-based pricing tiers that currently apply to executions of orders in the NASDAQ Market Center for securities listed on NASDAQ or the New York Stock Exchange ("NYSE"). As a result of this change, the fee to access liquidity in the NASDAQ Market Center will be \$0.0030 per share executed, regardless of whether the security being traded is listed on NASDAQ, NYSE, NYSE Amex, or any other listing venue. The change is designed to ensure that NASDAQ does not lose money on trade executions, as is currently the case when the order of a member in the most favorable "take" tier (fee of \$0.0028 per share executed for members with an average daily volume of more than 145 million share of liquidity routed, removed, and/or provided, and more than 35 million shares of liquidity provided) is matched with the order of a member in the two most favorable liquidity provider rebate tiers (credit of \$0.00295 per share executed for members providing an average of more than 95 million share of liquidity per day, or \$0.0029 per share executed for members providing an average of more than 35 million share of liquidity per day).

Second, NASDAQ is increasing the liquidity provider rebate for securities listed on exchanges other than NASDAQ and NYSE. Currently, with respect to displayed quotes/orders, NASDAQ pays a liquidity provider rebate of \$0.0025 per share executed to members providing an average of between 20,000,001 and 35 million shares of liquidity per day, and a rebate of \$0.0020 per share executed to members providing 20 million or fewer shares of liquidity per day. As a result of the change, NASDAQ will provide a rebate of \$0.0026 per share executed to members providing 35 million or fewer shares of liquidity per day. Rebates to members that provide more than 35 million shares of liquidity per day remain unchanged.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the

provisions of Section 6 of the Act,⁶ in general, and with Section 6(b)(4) of the Act,⁷ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls. The impact of the price changes upon the net fees paid by a particular market participant will depend upon a number of variables, including the relative availability of liquidity on NASDAQ and other venues, the prices of the market participant's quotes and orders relative to the national best bid and offer (*i.e.*, its propensity to add or remove liquidity), the types of securities that it trades, and the member's trading volumes. NASDAQ notes that the proposed elimination of "take" tiers will result in a fee schedule with less variability and will eliminate circumstances in which NASDAQ loses money on order executions by paying a rebate that is higher than the take fee it charges. The increase in the rebate for securities listed on exchanges other than NASDAQ and NYSE is intended to increase the attractiveness of NASDAQ as a venue for trading these securities.

NASDAQ notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. Accordingly, if particular market participants object to the proposed fee changes, they can avoid paying the fees by directing orders to other venues. NASDAQ believes that its fees continue to be reasonable and equitably allocated to members on the basis of whether they opt to direct orders to NASDAQ.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution and routing is extremely competitive, members may readily direct orders to NASDAQ's competitors if they object to the proposed rule change.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and subparagraph (f)(2) of Rule 19b-4 thereunder.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61852; File No. SR-CBOE-2010-034]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Temporary Membership Status and Interim Trading Permit Access Fees

April 6, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ notice is hereby given that on March 29, 2010, the Chicago Board Options Exchange, Incorporated (“CBOE” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the CBOE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested parties.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

CBOE proposes to adjust (i) the monthly access fee for persons granted temporary CBOE membership status (“Temporary Members”) pursuant to Interpretation and Policy .02 under CBOE Rule 3.19 (“Rule 3.19.02”) and (ii) the monthly access fee for Interim Trading Permit (“ITP”) holders under CBOE Rule 3.27. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.cboe.org/Legal/>), at the Exchange’s

Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The CBOE has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The current access fee for Temporary Members under Rule 3.19.02² and the current access fee for ITP holders under Rule 3.27³ are both \$4,875 per month. Both access fees are currently set at the indicative lease rate⁴ for March 2010. The Exchange proposes to adjust both access fees effective at the beginning of April 2010. Specifically, instead of setting these access fees at the indicative lease rate, the Exchange proposes to revise both the Temporary Member access fee and the ITP access fee to be \$7,500 per month commencing on April 1, 2010.

Because Temporary Members and ITP holders possess a feature that does not exist in the typical lease arrangement for a CBOE transferable membership, the Exchange believes that it is equitable to assess Temporary Members and ITP holders an access fee that is higher than

² See Securities Exchange Act Release No. 56458 (September 18, 2007), 72 FR 54309 (September 24, 2007) (SR-CBOE-2007-107) for a description of the Temporary Membership status under Rule 3.19.02.

³ See Securities Exchange Act Release No. 58178 (July 17, 2008), 73 FR 42634 (July 22, 2008) (SR-CBOE-2008-40) for a description of the Interim Trading Permits under Rule 3.27.

⁴ The indicative lease rate is defined under Rule 3.27(b) as the highest clearing firm floating monthly rate of the CBOE Clearing Members that assist in facilitating at least 10% of the CBOE transferable membership leases. Rule 3.27(b) defines the clearing firm floating monthly rate as the floating monthly rate that a Clearing Member designates, in connection with transferable membership leases that the Clearing Member assisted in facilitating, for leases that utilize that monthly rate. The concepts of an indicative lease rate and of a clearing firm floating month rate were previously utilized in the CBOE rule filings that set and adjusted the Temporary Member access fee. Both concepts are also codified in Rule 3.27(b) in relation to ITPs.

the indicative lease rate.⁵ Specifically, under CBOE Rules 3.19 and 3.27, access to the Exchange by Temporary Members and ITP holders may only be terminated at their own direction except in the following limited circumstances: (i) As a result of regulatory action against the Temporary Member or ITP holder, (ii) in the event of a demutualization, or (iii) through a rule change approved by the Commission. On the other hand, the typical lease arrangement for a transferable membership can be terminated by the lessor without cause upon a month’s notice to the lessee. As a result, Temporary Members and ITP holders enjoy more certainty than lessees with respect to their trading access to the Exchange.

CBOE also believes that the proposed access fees are reasonable when compared to the average indicative lease rate over the last six months and to indicative lease rate levels during the past year. Specifically, the average indicative lease rate between October 2009 and March 2010 was \$8,493, which is in excess of the proposed \$7,500 rate. Additionally, the indicative lease rate was above \$10,000 between June 2009 and November 2009, peaking at \$11,900 in October 2010. Also, in as recently as January 2010, the indicative lease rate exceeded the proposed \$7,500 when the indicative lease rate was \$7,928. Accordingly, the Exchange considers \$7,500 to be a reasonable rate for monthly access to the Exchange.

Each of the proposed access fees will remain in effect until such time either that the Exchange submits a further rule filing pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ to modify the applicable access fee or the applicable status (*i.e.*, the Temporary Membership status or the ITP status) is terminated. Accordingly, the Exchange may further adjust the proposed access fees in the future if the Exchange determines that it would be appropriate to do so.

The procedural provisions of the CBOE Fee Schedule related to the assessment of each proposed access fee are not proposed to be changed and will remain the same as the current procedural provisions relating to the assessment of that access fee.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(4)
