

frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 97

Air traffic control, Airports, Incorporation by reference, and Navigation (air).

Issued in Washington, DC on March 19, 2010.

John M. Allen,

Director, Flight Standards Service.

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me, Title 14, Code of Federal Regulations, Part 97 (14 CFR part 97) is amended by establishing, amending, suspending, or revoking Standard Instrument Approach Procedures and/or Takeoff Minimums and/or Obstacle Departure Procedures effective at 0902 UTC on the dates specified, as follows:

PART 97—STANDARD INSTRUMENT APPROACH PROCEDURES

■ 1. The authority citation for part 97 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44701, 44719, 44721–44722.

■ 2. Part 97 is amended to read as follows:

BILLING CODE 4910-13-P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Part 4022

Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: Pension Benefit Guaranty Corporation's regulation on Benefits Payable in Terminated Single-Employer Plans prescribes interest assumptions for valuing and paying certain benefits under terminating single-employer plans. This final rule amends the benefit payments regulation to adopt interest assumptions for plans with valuation dates in May 2010. Interest assumptions are also published on PBGC's Web site (<http://www.pbgc.gov>).

DATES: Effective May 1, 2010.

FOR FURTHER INFORMATION CONTACT: Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal relay service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: PBGC's regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

These interest assumptions are found in two PBGC regulations: The regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) and the regulation on Allocation of Assets in Single-Employer Plans (29 CFR part 4044). Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates only the assumptions under the benefit payments regulation.

Two sets of interest assumptions are prescribed under the benefit payments regulation: (1) A set for PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by PBGC (found in Appendix B to part 4022), and (2) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology (found in Appendix C to part 4022).

This amendment (1) adds to Appendix B to part 4022 the interest assumptions for PBGC to use for its own lump-sum payments in plans with valuation dates during May 2010, and (2) adds to Appendix C to part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology for valuation dates during May 2010.

The interest assumptions that PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 3.00 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for April 2010, these interest assumptions represent an increase of 0.25 percent in the immediate annuity rate and are otherwise unchanged. For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new

interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during May 2010, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 83

[Docket No. USCG-2009-0948]

RIN 1625-AB43

Inland Navigation Rules

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: By this final rule, the Coast Guard is placing the Inland Navigation Rules into the Code of Federal Regulations. This move is in accordance with the Coast Guard and Maritime Transportation Act of 2004, which repeals the Inland Navigation Rules as of the effective date of these regulations. Future updates of the Inland Navigation Rules will be accomplished through rulemaking rather than legislation.

DATES: This final rule is effective May 17, 2010.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG-2009-0948 and are available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the

Internet by going to <http://www.regulations.gov>, inserting USCG-2009-0948 in the “Keyword” box, and then clicking “Search.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or e-mail Lieutenant Scott Medeiros, Office of Vessel Activities (CG-54133), telephone (202) 372-1565, e-mail Scott.R.Medeiros@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone (202) 366-9826.

II. Basis and Purpose

In section 303 of the Coast Guard and Maritime Transportation Authorization Act of 2004 (Pub. L. 108-293), Congress repealed Section 2 of the Inland Navigation Rules Act of 1980, found in sections 2001-2038 of Title 33 of the United States Code. These sections

contain requirements for all vessels navigating on U.S. inland waters and include rules for:

- Navigation lights;
- Day shapes;
- Whistle signals;
- Conduct of vessels in restricted visibility; and
- Conduct of vessels in sight of each other.

These regulations are commonly known as the “inland rules of the road.”

Congress also amended Section 3 of the Inland Navigation Rules Act of 1980 to grant the Secretary of Homeland Security authority to issue inland navigation regulations. In doing so, Congress specified that repeal of Section 2 (the inland navigation rules then in effect) would not be effective until the effective date of regulations for the inland navigation rules. This guaranteed there would be no gap in application of the inland navigation rules between being removed from the United States Code and being added to the Code of Federal Regulations (CFR).

The Secretary of Homeland Security has delegated authority to develop and enforce navigation safety regulations to the Commandant of the Coast Guard through Department of Homeland Security Delegation 0170.1, Delegation to the Commandant of the Coast Guard. The Coast Guard has decided to use the authority granted by Congress and delegated by the Secretary to move the inland navigation rules to a new Part 83 of Title 33, Code of Federal Regulations. This is the most logical place for the inland navigation rules, as 33 CFR parts 84 through 90 also contain requirements for inland navigation rules as shown in table 1. Moving the main body of the inland navigation rules to a new part 83 is consistent with the intent of Congress and puts all of the inland navigation rules in one place in the Code of Federal Regulations.
