

format developed and maintained by the State or Tribal child welfare agency.

Respondents: State and Tribe title IV–B and title IV–E agencies.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Case Plan	603,453	1	3.98	2,401,74, 2.94

Estimated Total Annual Burden Hours: 2,401,74, 2.94.

In compliance with the requirements of Section 506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L’Enfant Promenade, SW., Washington, DC 20447, *Attn:* ACF Reports Clearance Officer. *E-mail address:* infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Dated: April 13, 2010.

Robert Sargis,

Reports Clearance Officer.

Proposed Collection; Comment Request; Web Based Training for Pain Management Providers

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institute on Drug Abuse, the National Institutes of Health has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the **Federal Register** in Vol. 75, No. 25 on Monday, February 8 and allowed 60 days for public comment. No public comments were received on the planned study or any of the specific topics outlined in the 60 day notice. Three comments were received requesting information on the educational program rather than the study. We responded to requests for additional information from interested parties. The purpose of this notice is to allow an additional 30 days for public comment.

5 CFR 1320.5 (General requirements) Reporting and Recordkeeping Requirements: Final Rule requires that the agency inform the potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Proposed Collection

Title: Web Based Training for Pain Management Providers.

Type of Information Collection

Request: New.

Need and Use of Information

Collection: This research will evaluate the effectiveness of the Web Based

Training for Pain Management Providers, via the Web site PainAndAddictionTreatment.com, to positively impact the knowledge, attitudes, intended behaviors and clinical skills of health care providers in the U.S. who treat pain. The Web Based Training for Pain Management Providers is a new program developed with funding from the National Institute on Drug Abuse. The primary goal is to assess the impact of the training program on knowledge, attitude, intended behavior, and clinical skills. A secondary goal is to assess learner satisfaction with the program. If the program is a success, there will be a new, proven resource available to health care providers to improve their ability to treat pain and addiction co-occurring in the provider’s patients. In order to evaluate the effectiveness of the program, information will be collected from health care providers before exposure to the Web based materials (pre-test), after exposure to the web based materials (post-test), and 4–6 weeks after the program has been completed (follow-up).

Frequency of Response: On occasion.

Affected Public: Volunteer health care providers who treat patients with pain.

Type of Respondents: Physicians, nurse practitioners, and physician assistants.

The annual reporting burden is as follows:

Estimated Number of Respondents: 80.

Estimated Number of Responses per Respondent: 3.

Average Burden Hours per Response: 0.75.

Estimated Total Annual Burden Hours Requested: 180.

The annualized cost to respondents is estimated at: \$11,925. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated annual burden hours requested
Physicians	60	3	0.75	135

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated annual burden hours requested
Other primary care providers (e.g., nurse practitioners, physician assistants)	20	3	0.75	45

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Scudder Quandra, Project Officer, NIH/NIDA/ CCTN, Room 3105, MSC 9557, 6001 Executive Boulevard, Bethesda, MD 20892-9557 or e-mail your request, including your address to scudderq@nida.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication.

Dated: April 8, 2010.

Mary Affeldt,

Executive Officer (OM Director), NIDA,
National Institutes of Health.

National Center for Complementary and Alternative Medicine Announcement of Workshop on the Deconstruction of Back Pain

ACTION: Notice.

SUMMARY: The National Center for Complementary and Alternative Medicine (NCCAM) invites the public to observe at a Workshop on the Deconstruction of Back Pain. The purpose of this workshop is to identify what types of studies are needed to better understand chronic back pain, to assess new interventions and management strategies for back pain as a chronic condition, to evaluate the utility of existing datasets and ongoing cohort studies for future studies of chronic back pain, and to determine what study designs should be utilized to look at the natural history of back pain. This information will help inform future research directions for NIH and the biomedical scientific field. This workshop will be divided into five sessions that will feature presentations and discussions focusing on the current understanding and complexity of chronic back pain, characterization of research, and the epidemiology and psychological components of chronic back pain.

The Workshop will take place on May 10-11, 2010. Those interested are encouraged to participate via Videocast.

Background: The National Center for Complementary and Alternative Medicine (NCCAM) was established in 1999 with the mission of exploring complementary and alternative healing practices in the context of rigorous science, training CAM researchers, and disseminating authoritative information to the public and professionals. NCCAM funds research grants that explore the science of CAM. For more information, see <http://nccam.nih.gov/research/nccamfunds.htm>.

Participating: The Workshop will be broadcast on the Internet and archived on <http://www.videocast.nih.gov/>. Viewers may submit questions for the presenters and panelists by e-mailing

nccambkpnwshp@mail.nih.gov with questions or comments.

FOR FURTHER INFORMATION CONTACT: To request more information, call Edward Culhane at 301-594-3391 or e-mail culhane@mail.nih.gov.

Dated: April 7, 2010.

Partap S. Khalsa,

Program Officer, Division of Extramural Research, National Center for Complementary and Alternative Medicine, National Institutes of Health.

National Institute of Neurological Disorders and Stroke; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable materials, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Neurological Disorders and Stroke Special Emphasis Panel; Loan Repayment Program.

Date: April 30, 2010.

Time: 2 p.m. to 4 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, Neuroscience Center, 6001 Executive Boulevard, Rockville, MD 20852 (Telephone Conference Call).

Contact Person: JoAnn McConnell, PhD, Scientific Review Administrator, Scientific Review Branch, NIH/NINDS/Neuroscience Center, 6001 Executive Blvd., Suite 3208, MSC 9529, Bethesda, MD 20892-9529, 301-496-5324, mconnef@ninds.nih.gov.
