SUPPLEMENTARY INFORMATION:

Proposed Action

The proposed action is to reintroduce spring-run Chinook salmon into the mainstem of the San Joaquin River which will include collection of founding stock, propagation, and release under authorities of section 10(j) of the Endangered Species Act (ESA), *Natural Resource Defense Council, et al. v. Rodgers et al.* (Settlement), the Omnibus Public Land Management Act of 2009 Public Law 111-11, Title X. (Restoration Act), and section 10(a)(1)(A) of the ESA. This proposed reintroduction includes designating an experimental population for spring-run Chinook salmon within the San Joaquin River from below the confluence with the Stanislaus River to Friant Dam. The proposed action will include promulgation of a 4(d) rule.

Geographic Scope

The proposed planning area for the proposed reintroduction will consist of the aquatic ecosystems and natural communities, and potentially adjacent riparian and floodplain natural communities, within and along the San Joaquin River and from the confluence of the Stanislaus River (approximately 3 miles northeast of Vernalis, California) upstream to Friant Dam and its associated tributaries including: the Stanislaus River below Goodwin Dam, the Tuolumne River below La Grange Dam, and the Merced River below Crocker-Huffman Dam.

Covered Species

The species that is intended to be the initial focus of the reintroduction is the spring-run Central Valley Chinook salmon (*Oncorhynchus tshawytscha*).

Request for Comments

The primary purpose of the scoping process is to identify important issues raised by the public related to the issuance of an ESA 10(j) rule and promulgation of an ESA 4(d) rule associated with the reintroduction of spring-run Chinook salmon to the San Joaquin River. Written comments from interested parties are invited to ensure that the full range of issues related to the proposed development of the 4(d) rule and the proposed reintroduction. All comments received, including names and addresses, will become part of the official administrative record and may be made available to the public. Information regarding this proposed action is available in alternative formats upon request.

Certain Cased Pencils From the People's Republic of China: Extension of Time Limit for the Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 21, 2010.

FOR FURTHER INFORMATION CONTACT: Alexander Montoro or Joseph Shuler, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-0238 and (202) 482-1293, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 22, 2009, the Department of Commerce

(“Department”) published the preliminary results of the administrative review of the antidumping duty order on certain cased pencils from the People’s Republic of China (“PRC”), covering the period December 1, 2007 through November 30, 2008. *See Certain Cased Pencils from the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review*, 74 FR 68047 (December 22, 2009). The final results of this administrative review were originally due no later than April 21, 2010. As explained in the memorandum from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5, through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. The revised deadline for the final results of this review is currently April 28, 2010. See Memorandum to the Record from Ronald Lorentzen, DAS for Import Administration, regarding “Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Snowstorm,” dated February 12, 2010.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the “Act”), requires that the Department issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the deadline for the final results to a maximum of 180 days after the date on which the preliminary results are published.

The Department finds that it is not practicable to complete the final results of this review by April 28, 2010, because the Department needs additional time to consider complex issues the parties have raised related to surrogate valuation. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for completion of the final results by 30 days to May 28, 2010.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: April 15, 2010.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
