#### Nomans Land Island National Wildlife Refuge, Town of Chilmark, Martha’s Vineyard, MA

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability of final comprehensive conservation plan and finding of no significant impact for environmental assessment.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce the availability of our final comprehensive conservation plan (CCP) and finding of no significant impact (FONSI) for the environmental assessment (EA) for Nomans Land Island National Wildlife Refuge (NWR). In this final CCP, we describe how we will manage this refuge for the next 15 years.

**ADDRESSES:** You may view or obtain copies of the final CCP and FONSI by any of the following methods. You may request a hard copy or CD-ROM.

*Agency Web site:* Download a copy of the document(s) at <http://www.fws.gov/northeast/planning/NomansLand/ccphome.html>.

*Electronic mail:* [northeastplanning@fws.gov](mailto:northeastplanning@fws.gov). Include “Nomans Land Island final CCP” in the subject line of the message.

*U.S. Postal Service:* Eastern Massachusetts NWR Complex, 73 Weir Hill Road, Sudbury, MA 01776.

*In-Person Viewing or Pickup:* Call 978-443-4661 to make an appointment during regular business hours at the above address.

*Facsimile:* 978-443-2898.

#### SUPPLEMENTARY INFORMATION:

##### Introduction

With this notice, we finalize the CCP process for Nomans Land Island NWR,

which we started with the notice of intent we published in the **Federal Register** (69 FR 72210) on December 13, 2008. We prepared the EA/draft CCP in compliance with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 et seq.) and the National Wildlife Refuge System Administration Act of 1966 (Administration Act) (16 U.S.C. 668dd-668ee), as amended by the National Wildlife Refuge System Improvement Act of 1997 (Improvement Act). We released the EA/draft CCP to the public, announcing and requesting comments in a notice of availability in the **Federal Register** (75 FR 30052) on May 28, 2010.

Nomans Land Island is a 628-acre roadless island located approximately 3 miles south of Martha’s Vineyard, Massachusetts. The refuge was established in 1998 for the conservation and management of migratory birds. We first began managing a portion of the eastern side of the island in 1970 as an “overlay” refuge under a joint management agreement between the U.S. Department of the Interior and the U.S. Department of the Navy (Navy), while it was still under Navy management. In 1998, management of the island was transferred to the Service, and all 628 acres became Nomans Land Island NWR.

This island has a unique history, from its use by Native Americans as a summer camp, to sheep grazing when the island was privately owned in the 1800s, to use as a bombing range by the Navy during World War II. Because Nomans Land Island provides diverse habitats including intertidal, freshwater wetland, grassland, and shrubland habitats, it serves an important role for nesting landbirds and colonial waterbirds, and is a stopover for migratory birds and raptors, including the peregrine falcon.

We announce our decision and the availability of the FONSI for the final CCP for Nomans Land Island NWR in accordance with NEPA requirements. The FONSI is included as Appendix K in the final CCP. We completed a thorough analysis of impacts on the human environment, which we included in the EA/draft CCP.

Alternative C, as we described in the EA/draft CCP, is the foundation for the final CCP.

#### Background

The Administration Act, as amended by the Improvement Act, requires us to develop a CCP for each national wildlife refuge. The purpose for developing a CCP is to provide refuge managers with a 15-year plan for achieving refuge purposes and contributing toward the
