

SUMMARY: This document corrects the **DATES** section of an interim final rule published on Friday, April 23, 2010. In the interim rule, the Bureau of Prisons (Bureau) revised its regulations regarding inmate contact with the community to remove two current Bureau regulations that prohibit inmates from publishing under a byline, due to a recent court ruling invalidating Bureau regulation language containing this prohibition. The April 23, 2010, publication inadvertently omitted an effective date.

DATES: The interim final rule published April 23, 2010, at 75 FR 21163, is effective May 7, 2010. Comments are due by June 22nd, 2010.

ADDRESSES: Rules Unit, Office of General Counsel, Bureau of Prisons, 320 First Street, NW., Washington, DC 20534.

FOR FURTHER INFORMATION CONTACT: Sarah Qureshi, Office of General Counsel, Bureau of Prisons, phone (202) 307-2105.

SUPPLEMENTARY INFORMATION: This document corrects the **DATES** section of the publication on Friday, April 23, 2010 (75 FR 21163). The **DATES** section of that document should read as follows: "This rule is effective on [insert date of publication]. Comments are due by June 22nd, 2010." However, because that document did not include an effective date, this document announces the effective date of those provisions.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists, as publishing a notice of proposed rulemaking (NPRM) with respect to this rule would be impracticable because the event would occur before the rulemaking process would be completed. Because of the dangers posed by the pyrotechnics used in these fireworks displays, the safety zones are necessary to provide for the safety of event participants, spectators, spectator craft, and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay in the effective date of this rule would expose mariners to the dangers posed by the pyrotechnics used in the fireworks display.

Basis and Purpose

The radio station KFOG will sponsor the KFOG Kaboom Fireworks Display on May 22, 2010, on the navigable waters of San Francisco Bay, CA. The fireworks display is meant for entertainment purposes. This safety zone establishes a temporary restricted area on the waters surrounding the fireworks launch site during loading of the pyrotechnics, and during the fireworks displays. This restricted area around the launch site is necessary to protect spectators, vessels, and other property from the hazards associated with the pyrotechnics on the fireworks barges. The Coast Guard has granted the event sponsor a marine event permit for the fireworks displays.

Discussion of Rule

From 7:45 a.m. on May 20, 2010, during the set up of the fireworks and until the start of the fireworks displays, the temporary safety zone applies to the navigable waters around the fireworks sites within a radius of 100 feet. From 9 p.m. until 9:30 p.m., the area to which the temporary safety zone applies will increase in size to encompass the
