The *Report and Order* contains potential information collection requirements with respect to the following seven requirements, all of which aims to ensure the sustainability and integrity of the TRS program and the TRS Fund. Though the *Report and Order* emphasizes VRS, many of the requirements also apply to other or all forms of TRS—which includes the adoption of the interim rule, several new information collection requirements, and all the proposed information collection requirements, except the “*Transparency and the Disclosure of Provider Financial and Call Data*” requirement.

(a) *Provider Certification Under Penalty of Perjury.* The Chief Executive Officer (CEO), Chief Financial Officer (CFO), or other senior executive of a TRS provider shall certify, under penalty of perjury, that: (1) Minutes submitted to the Interstate TRS Fund (Fund) administrator for compensation were handled in compliance with section 225 of the Act and the Commission's rules and orders, and are not the result of impermissible financial incentives, or payments or kickbacks, to generate calls, and (2) cost and demand data submitted to the Fund administrator related to the determination of compensation rates or methodologies are true and correct.

(b) *Requiring Providers To Submit Information About New and Existing Call Centers.* VRS providers shall submit a written statement to the Commission and the TRS Fund administrator containing the locations

of all of their call centers that handle VRS calls, including call centers located outside the United States, twice a year, on April 1st and October 1st. In addition to the street address of each call center, the rules require that these statements contain (1) the number of individual CAs and CA managers employed at each call center; and (2) the name and contact information (phone number and e-mail address) for the managers at each call center. (2) VRS providers shall notify the Commission and the TRS Fund administrator in writing at least 30 days prior to any change to their call centers' locations, including the opening, closing, or relocation of any center.

(c) *Data Filed With the Fund Administrator To Support Payment Claims.* VRS providers shall provide the following data associated with each VRS call for which a VRS provider seeks compensation in its filing with the Fund Administrator: (1) The call record ID sequence; (2) CA ID number; (3) session start and end times; (4) conversation start and end times; (5) incoming telephone number and IP address (if call originates with an IP-based device) at the time of call; (6) outbound telephone number and IP address (if call terminates with an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; (9) the call center (by assigned center ID number) that handles the call; and (10) the URL address through which the call was initiated. (2) All VRS and IP Relay providers shall submit speed of answer compliance data to the Fund administrator.

(d) *Automated Call Data Collection.* TRS providers shall use an automated record keeping system to capture the following data when seeking compensation from the Fund: (1) the call record ID sequence; (2) CA ID number; (3) session start and end times, at a minimum to the nearest second; (4) conversation start and end times, at a minimum to the nearest second; (5) incoming telephone number (if call originates with a telephone) and IP address (if call originates with an IP-based device) at the time of call; (6) outbound telephone number and IP address (if call terminates to an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; and (9) the call center (by assigned center ID number) that handles the call.

(e) *Record Retention.* Internet-based TRS providers shall retain the following data that is used to support payment claims submitted to the Fund administrator for a minimum of five years, in an electronic format: (1) The call record ID sequence; (2) CA ID

number; (3) session start and end times; (4) conversation start and end times; (5) incoming telephone number and IP address (if call originates with an IP-based device) at the time of call; (6) outbound telephone number and IP address (if call terminates with an IP-based device) at the time of call; (7) total conversation minutes; (8) total session minutes; and (9) the call center (by assigned center ID number) that handles the call.

(f) *Third-Party Agreements.* VRS providers shall maintain copies of all third-party contracts or agreements so that copies of these agreements will be available to the Commission and the TRS Fund administrator upon request. Such contracts or agreements shall provide detailed information about the nature of the services to be provided by the subcontractor.

(2) VRS providers shall describe all agreements in connection with marketing and outreach activities, including those involving sponsorships, financial endorsements, awards, and gifts made by the provider to any individual or entity, in the providers' annual submissions to the TRS Fund administrator.
