**ACTION:** Council to convene a public meeting.

**SUMMARY:** The Gulf of Mexico Fishery Management Council will convene a meeting of the Standing, Special Mackerel and Special Reef Fish Scientific and Statistical Committees (SSC).

**DATES:** The meeting will convene at 9 a.m. on Tuesday, May 17, 2011 and conclude by 2 p.m. on Thursday, May 19, 2011.

**ADDRESSES:** The meeting will be held at the Gulf of Mexico Fishery Management Council, 2203 North Lois Avenue, Suite 1100, Tampa, FL 33607, telephone: (813) 348-1630.

**SUPPLEMENTARY INFORMATION:** The Standing and Special Mackerel SSC will meet jointly on Tuesday, May 17, 2011 to review available biological information and reconsider its overfishing limit (OFL) and acceptable biological catch (ABC) recommendations from its March meeting for Gulf group Spanish mackerel and cobia. The remainder of the meeting will be a joint meeting of the Standing and Special Reef Fish SSC. The Standing and Special Reef Fish SSC will discuss the protocols and requirements for transcribing and recording of its meetings. The SSC will then review benchmark assessments of yellowedge grouper and tilefish, and will recommend OFL and ABC based on the assessments and the ABC control rule. The SSC will also review reruns of the projection analyses for the 2009 update assessments of gag, red grouper and red snapper, but will incorporate actual landings data for 2009 and 2010 rather than the original projected landings for those years, and will reconsider its ABC recommendations for 2011 and beyond based on the results of the reruns. Finally, the SSC will review and recommend OFL and ABC using the ABC control rule for several data-poor

stocks and stock groupings that resulted from revisions to the proposed stock grouping made at the April Council meeting, including a revised mid-water snapper complex (silk snapper, Wenchman), tilefish complex (tilefish, blueline tilefish, goldface tilefish), shallow-water grouper complex (black grouper, scamp, yellowmouth grouper), deep-water grouper complex (yellowedge grouper, warsaw grouper, snowy grouper, speckled hind), and Cubera snapper. The above actions are to assist the Council in preparing a generic amendment to set annual catch limits and accountability measures for stocks under its management.

Copies of the agenda and other related materials can be obtained by calling (813) 348-1630 or can be downloaded from the Council's ftp site, [ftp.gulfcouncil.org](http://ftp.gulfcouncil.org).
